City of Long Beach Case Number NC053533.	Cynthia Trotter	hollystar@aol.com						I've lived in Long Beach for many years and sat on several juries. I am appalled that LB City Council wants to spend an estimated 1/2 million of our tax money to overturn a legitimate verdict for an "alternative reality." Who profits? Certainly not the average citizen looking for justice here.	10/9/2018

City of Long Beach Case Number NC053533.	Jane Hull	jane@superhull.com						I am Jane Hull, 329 Termino, Belmont Heights and sat on this jury 12 days listening intently to the attorneys argue this case. I am angry that the City Attorney wants to ask the Council for more money to fight our decision! We were not slackers. To think that you would ignore our verdict and go back to see if you could revise our decision is just wrong. The evidence was overwhelming that Mr. Gonzales' deserved this verdict. Do not waste my taxpayer dollars with further legal action.	10/7/2018

City of Long Beach Case Number NC053533.	Stephen Downing	stephen.downingfx@gmail.com						The jury in the case of Thomas Gonzales delivered a strong, clear message to our community - that police misconduct cannot continue and must be properly addressed. The jury vindicated Thomas Gonzales, who was terminated after complaining that egregious acts of police misconduct were being swept under the rug. He was doing his job then and has fought a 12 year legal battle to clear his name. Now, the City Attorney wants more taxpayer dollars to defend the indefensible. Just say NO.	10/6/2018
15. (18-0899) Recommendation to request City Manager to work with Crime Prevention Through Environmental Design certified members of the LBPD and report back with specific recommendations on how individual public spaces such as parks can discourage crime through environmental design.	Genevieve Hulbrock	ghulbrock@aol.com						I strongly support this recommendation. Sadly, too many of our public spaces are being used for loitering, camping and criminal activities. Let's do everything we can to get these spaces cleaned up all of us can enjoy them.	10/9/2018
