3. (19-0877) Recommendation to receive and file update on funding needs for an emergency temporary shelter to house Fire Station 9 in order to ensure the public continuum of care.	Anne Proffit	anne@highpowermedia.com						Mold doesn't happen overnight. This city's NEGLIGENCE in maintenance is legendary. Time to suck it up, repair the current station - which is less costly and less time-consuming than building a new fire station - and do your jobs properly. You have been hired to be caretakers for the city, not for your own personal gain. Sad to say you've neglected to do your jobs.	9/3/2019
