Subject: 1/20/15 RDA Successor Agency - Agenda item 2 - Proposed Changes to the Long Range Property Management Plan

Mr. Herrera,

Please include these comments with the agenda item.

Mike,

I noticed this item regarding revisions to the LRPMP. The 2 page staff report is light on information and the 170 pages of attachments is not really summarized.

Is there an executive summary of the changes that have been incorporated? Also, the agenda item mentions CDs with additional information. Could those please be mailed to me at:

██████████
Long Beach, CA 90805

Also saw mention of taking any property sale proceeds and applying them to maintenance on city retained properties which is contrary to what the city council already voted to do.

Have compensation agreements been initiated regarding compensating affected taxing entities for retaining properties?

Laurie Angel
