HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Adopt Plans and Specifications No. R-6657 for the Citywide Local Street Program – Area 1; and authorize the City Manager to award the contract to Sully-Miller Contracting Company, in an estimated amount of \$677,044, and execute all necessary documents related to the contract. (Districts 3, 4, 5, 6, 7, 8, and 9)

DISCUSSION

The streets included in this project (see attached map) have been in the City's backlog of residential streets to be repaired since 1984. This is the second in a series of projects to be completed this year in an effort to reduce the backlog of residential street repairs citywide. The rehabilitation project consists of cold milling, resurfacing and reconstructing the pavement, constructing curbs, gutters and curb ramps, tree pruning, and installing root barriers and new pavement markings. The contract for Area 2, approved by the City Council on March 15, 2005, included streets in Districts 1 and 2.

City Council adoption of the plans and specifications and award of contract to the lowest responsible bidder are being recommended concurrently to expedite the project implementation. The project was advertised for bids on February 4, 2005, and bids were opened on March 2, 2005. Information regarding the Bid and Sully-Miller Contracting Company is available on the attached contract awards document.

This matter was reviewed by Senior Deputy City Attorney Donna F. Gwin on March 17, 2005, and Budget Management Officer David Wodynski on March 22, 2005. In accordance with the California Environmental Quality Act, Categorical Exemption Numbers CEP 329-04 and CEP 331-04 have been issued for this project.

TIMING CONSIDERATIONS

City Council action on this matter is requested on April 5, 2005, to authorize commencement of this Public Works project. Construction is anticipated to begin in June 2005 and should take approximately 60 working days to complete.
