DEPARTMENT OF PUBLIC WORKS

333 WEST OCEAN BOULEVARD • LONG BEACH, CA 90802 • (562) 570-6383 • FAX (562) 570-6012

December 18, 2007

HONORABLE MAYOR AND CITY COUNCIL
City of Long Beach
California

RECOMMENDATION:

Adopt the attached list of projects for potential funding with Proposition 1B bond proceeds, authorize staff to apply to the State Department of Finance for release of Prop 1B funds for these projects, increase appropriations in the Transportation Fund (SR 182) of the Department of Public Works (PW), and amend the approved FY 08 Adopted Capital Improvement Program to reflect the addition of \$7,947,949 in Proposition 1B funds into the Citywide Residential Street Repair Program. (Citywide)

DISCUSSION

In 2006, California voters approved Proposition 1B (Transportation Bond) authorizing the sale of over \$1 billion in bonds for infrastructure improvements. Proposition 1B specified that a portion of the bond proceeds be allocated directly to cities for infrastructure repairs. The City of Long Beach's share of this allocation will amount to \$15,425,294. Under Assembly Bills 193 and 196 recently signed by the Governor, cities are entitled to apply for the release of a portion of these funds in 2007 and the remainder in 2009. The amount available for release to the City of Long Beach in this first allocation is \$7,947,949. In order to apply for the funds, the City Council must adopt a list of projects (see attached list), and amend the adopted Capital Improvement Program to reflect the inclusion of Proposition 1B funding.

Staff is anticipating that the State Department of Finance (DOF) will be accepting applications for release of this funding in January 2008. Once the applications have been accepted and the funding is released, and with further guidance regarding Council District priorities, City staff will proceed with the design and construction of the projects listed in the attachment. The funding will be equally split among the six Council Districts that do not receive compensating Redevelopment funds. The attached list reflects projects in all Council Districts, allowing for future allocation modifications if deemed appropriate. The number of projects that will actually be constructed with this initial allocation will be dependent upon the final project costs. Projects not funded in this initial allocation will be carried over and funded with the next allocation in 2009. Moreover, no contracts will be awarded until the actual funding is received from the DOF.

---	--	--	--	---	---	---

This matter was reviewed by Deputy City Attorney Lori A. Conway on December 10 2007, and by Budget Management Officer Victoria Bell on December 5, 2007.

TIMING CONSIDERATIONS

City Council action on this matter is requested on December 18, 2007, to authorize staff to apply for the initial allocation of Proposition 1B funds as soon as the State Department of Finance begins accepting applications.

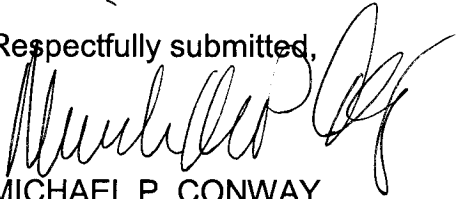

FISCAL IMPACT

The action requested will amend the approved FY 08 Adopted Capital Improvement Program and increase appropriations for residential street repair by \$7,947,949 in the Transportation Fund (SR 182) in the Department of Public Works (PW). No contracts will be awarded until the actual funding is received from the DOF.

SUGGESTED ACTION:

Approve recommendation.

Respectfully submitted,

MICHAEL P. CONWAY
DIRECTOR OF PUBLIC WORKS
