3 AN ORDINANCE OF THE CITY COUNCIL OF THE  
4 CITY OF LONG BEACH APPROVING RESOLUTION NO.  
5 WD-1257, A RESOLUTION OF THE BOARD OF WATER  
6 COMMISSIONERS OF THE CITY ESTABLISHING THE  
7 RATES AND CHARGES TO BE CHARGED FOR WATER  
8 AND SEWER SERVICE AND DECLARING THE URGENCY  
9 THEREOF, AND PROVIDING THAT THIS ORDINANCE  
10 SHALL TAKE EFFECT AT 12:01 A.M. ON OCTOBER 1,  
11 2009

12  
13 The City Council of the City of Long Beach ordains as follows:

14 Section 1. That Resolution No. WD-1257 of the Board of Water  
15 Commissioners of the City of Long Beach, entitled "A RESOLUTION OF THE BOARD  
16 OF WATER COMMISSIONERS FIXING RATES AND CHARGES FOR WATER AND  
17 SEWER SERVICE TO ALL CUSTOMERS, SUBJECT TO THE APPROVAL OF THE  
18 CITY COUNCIL BY ORDINANCE," adopted by said Board on June 4, 2009, and the  
19 rates fixed in the Resolution to be charged for water and sewer service be and the same  
20 are hereby approved subject to a public hearing to be held on August 27, 2009 to  
21 consider any public protest of the proposed increases to the City's water and sewer rates  
22 for Fiscal Year 2010.

23 Section 2. This is an emergency measure and is urgently required for the  
24 reason that in order to carry on the affairs, functions and business of Long Beach Water  
25 Department during the fiscal year which begins on October 1, 2009, it is necessary to  
26 authorize the rates and charges for water and sewer service and that this ordinance be  
27 passed as an emergency measure, to take effect at 12:01 a.m. on October 1, 2009.

28 Section 3. If any section, subsection, subdivision, sentence, sum,

RESOLUTION NO. WD-1257

A RESOLUTION OF THE BOARD OF WATER COMMISSIONERS AMENDING RESOLUTION NO. WD-1230 FIXING RATES AND CHARGES FOR WATER AND SEWER SERVICE TO ALL CUSTOMERS, SUBJECT TO THE APPROVAL OF THE CITY COUNCIL BY ORDINANCE

The Board of Water Commissioners of the City of Long Beach resolves as follows:

Section 1. That the following rates and charges for potable and reclaimed water service and for sewer service are hereby established, and the Long Beach Water Department ("Water Department") of the City of Long Beach ("City") is hereby authorized and directed to charge and collect the same in accordance with the provisions of this resolution, subject to a Public Hearing on August 27, 2009.

Section 2. For all metered services the charge for potable and reclaimed water shall consist of both a service charge based on the size of the service and a quantitative charge for water delivered.

A. On October 1, 2009, the service charge shall be in accordance with the following table:

<u>Size of Service</u>	<u>Daily Service Charge</u>
5/8 or 3/4 inch	\$0.418
1 inch	\$0.630
1-1/2 inch	\$1.175
2 inch	\$1.742
3 inch	\$3.608
4 inch	\$5.708

8 inch	\$16.511
10 inch	\$27.041
12 inch	\$33.048
16 inch	\$54.696

B. On October 1, 2009, the quantitative charge for all water delivered shall be as follows, based on monthly meter readings:

1. For single family residential customers of potable water who have been granted an exemption from the City's Utility Users Tax in accordance with Chapter 3.68 of the Long Beach Municipal Code:

Tier IA	First 5 Billing Units (or fraction thereof)	\$1.220
Tier II	Next 10 Billing Units (or fraction thereof)	\$2.439
Tier III	Over 15 Billing Units (or fraction thereof)	\$3.659

2. For single family residential customers of potable water who have not been granted an exemption from the City's Utility Users Tax:

Tier IB	First 5 Billing Units (or fraction thereof)	\$2.196
Tier II	Next 10 Billing Units (or fraction thereof)	\$2.439
Tier III	Over 15 Billing Units (or fraction thereof)	\$3.659

3. For duplex residential customers of potable water who have been granted an exemption from the City's Utility Users Tax in accordance with Chapter 3.68 of the Long Beach Municipal Code:

Tier IB	First 2.5 Billing Units (or fraction thereof per dwelling unit)	\$2.196
Tier II	Next 6.5 Billing Units (or fraction thereof per dwelling unit)	\$2.439
Tier III	Over 9 Billing Units (or fraction thereof per dwelling unit)	\$3.659

7. For commercial customers of potable water, \$2.439 per billing unit, or fraction thereof.

8. For industrial customers of potable water, \$2.439 per billing unit, or fraction thereof.

9. For irrigation customers of potable water, \$2.439 per billing unit, or fraction thereof.

10. For City of Long Beach Departments using potable water, \$2.439 per billing unit, or fraction thereof.

11. For reclaimed water users whose use is "peaking" as defined herein, \$1.708 per billing unit, or fraction thereof.

12. For reclaimed water users whose use is "non-peaking" as defined herein, \$1.220 per billing unit, or fraction thereof.

13. These quantitative charges shall be subject to adjustment as provided in Subsection C of this Section.

14. There shall be no charge for water used through fire hydrants for extinguishing fires.

C. The quantitative charges for Tier IB were adjusted on October 1, 1999 to reflect the action of the Board approving incremental increases to Tier IB.

Section 3. A. Unmetered water service may be rendered to unoccupied or occupied property where it is not practical to meter the

1 water, and on October 1, 2009, the rate for unmetered water service shall  
2 be:

<u>Size of Service</u>	<u>Daily Rate</u>
3 5/8 or 3/4 inch	\$2.039
4 1 inch	\$3.450
5 1-1/2 inch	\$8.498
6 2 inch	\$13.369

7  
8 B. The rates for unmetered water service shall begin on the date  
9 of use of water by the customer, as determined by the General Manager of  
10 the Water Department ("General Manager").

11 Section 4. By Resolution WD-1232 the Board of Water  
12 Commissioners established a Water Conservation and Water Supply  
13 Shortage Plan (the Plan). As stipulated in the Plan, the Board may  
14 declare that a Stage 1, Stage 2 or Stage 3 Water Supply Shortage exists,  
15 in its sole discretion. Upon such declaration, the Board may increase  
16 water rates, other than Tier 1 or life-line rates and reclaimed water rates,  
17 by an amount necessary, as determined by the Board but not to exceed  
18 the following percentages:

19 Stage 1 Water Supply Shortage Rate. Water rates may be increased by an amount not  
20 to exceed 10% above the pre-shortage rate.

21 Stage 2 Water Supply Shortage Rate. Water rates may be increased by an amount not  
22 to exceed 25% above the pre-shortage rate.

23 Stage 3 Water Supply Shortage Rate. Water rates may be increased by an amount not  
24 to exceed 50% above the pre-shortage rate.

25 Section 5. Charges for water service through meters at  
26 temporary service connections from fire hydrants or otherwise shall be at  
27 the applicable quantitative charge plus the service charge, together with a  
28

1 charge for installing, changing, and removing the meter and fittings in  
2 accordance with the "Rules, Regulations and Charges Governing Potable  
3 Water, Reclaimed Water, Sewer Service and the Emergency Water  
4 Conservation Plan" of the Water Department.

5 Section 6. A. On October 1, 2009, the service charge for  
6 private fire protection service shall be in accordance with the following table:

7 <u>Size of Service</u>	<u>Daily Rate</u>
8 2 inch	\$0.872
9 3 inch	\$1.491
10 4 inch	\$2.203
11 6 inch	\$3.754
12 8 inch	\$5.503
13 10 inch	\$7.444
14 12 inch	\$9.383
15 16 inch	\$13.758

16 The service charges in this Section shall only include water used for  
17 fire extinguishing purposes and a reasonable amount of water used for  
18 testing the fire line.

19 B. Whenever the Water Department finds that water through a  
20 private fire protection service is being used for purposes other than fire  
21 extinguishing or testing the fire line, the General Manager may make a  
22 determination of the quantity of water used, the quantitative charges for that  
23 water, and the service charges to be applied. His determination shall be  
24 final. In addition, if water through a private fire protection service is used for  
25 purposes other than fire extinguishing or testing the fire line, the Water  
26 Department may discontinue the private fire protection service or may install  
27 a domestic or fire flow meter, at either the customer's or its expense as the  
28 General Manager may determine, and thereafter the service shall be

1 classified as regular service and billed at the rates applicable thereto.

2 Section 7. The primary purpose of fire hydrants is  
3 extinguishing fires and they shall be opened and used only by the Water  
4 Department or the Long Beach Fire Department, or such other persons as  
5 may be authorized to do so by the General Manager or the Chief of the  
6 Fire Department. Where fire hydrants are installed and maintained by the  
7 Water Department, there shall be no standby charge made to the Fire  
8 Department.

9 Section 8. A. For all sewer service where the sewer  
10 lateral connects to a main line maintained by the Water Department, or the  
11 sewer lateral is located in the public right-of-way, the charge for sewer  
12 service shall consist of both a daily sewer rate and a volumetric sewer rate.

13 B. The daily sewer rate shall be in accordance with the following  
14 table:

15	<u>Size of Service</u>	<u>Daily Sewer Rate</u>
16	5/8 or 3/4 inch	\$0.218
17	1 inch	\$0.346
18	1-1/2 inch	\$0.630
19	2 inch	\$0.914
20	3 inch	\$1.891
21	4 inch	\$2.995
22	6 inch	\$5.517
23	8 inch	\$8.668
24	10 inch	\$14.180
25	12 inch	\$17.333
26	16 inch	\$28.363

27 C. The volumetric sewer rate shall be \$0.303 per 100 cubic feet  
28 of water furnished where water service size is 5/8 inches or larger. The

1 volumetric sewer rate shall not be applicable to fire services.

2 D. For volumetric sewer rates, there are the following customer  
3 classifications: single family residential; duplex residential; multi-family  
4 residential; City Departments; commercial; and industrial.

5 Volumetric sewer rates for single family residential, duplex residential  
6 and multi-family residential shall be computed based on the average of  
7 actual potable water use for two winter billing periods. The winter billing  
8 periods used will be determined by the meter reading schedule for the  
9 account. The actual winter usage is divided by the number of winter days to  
10 obtain an average volume. The average volume will be the base volume on  
11 which the volumetric sewer rate is charged for the next twelve month period  
12 beginning with May's billing periods. Each year, the average volume will be  
13 recalculated for the succeeding twelve-month period. Exceptions to the  
14 above calculation methodology will use the average volume for the  
15 classification in which the customer falls as the average volume or a  
16 calculation using available usage information for the account. For those  
17 residential customers with no previous history of use for two winter billing  
18 periods, the average volume for the classification in which the customer falls  
19 will be used.

20 E. For all users of the sewer system that do not receive a water  
21 bill from the City but where the user's sewer lateral connects to a main line  
22 maintained by the Water Department, or where the sewer lateral is located  
23 in the public right-of-way, the charge for sewer service shall consist of both  
24 a daily sewer rate and a volumetric sewer rate. The daily sewer rate shall  
25 be as provided in Subsection 8(B) of this Resolution. For these customers,  
26 the volumetric sewer rate shall be based on the average volume for the  
27 customer's classification.

28 F. The City shall collect from all developments and all

1 developments shall be required to pay a capacity charge of Eighty Four  
2 Dollars and Seventy-One Cents (\$84.71) per equivalent fixture unit at the  
3 time application for sewer service is made, but in no event later than the  
4 time that the City issues a sewer permit for connection to the City sewerage  
5 system, as set forth in the Long Beach Municipal Code and the "Rules,  
6 Regulations and Charges Governing Potable Water, Reclaimed Water,  
7 Sewer Service and the Emergency Water Conservation Plan" of the Water  
8 Department.

9 G. Upon receipt of an application for sewer service, the City's  
10 Department of Planning and Building (through the Plan Checker for  
11 Plumbing) shall calculate the amount of the capacity charge by: 1)  
12 determining if this resolution applies to the development; and 2) if this  
13 resolution does not apply, indicating same on the application for sewer  
14 service and the reason this resolution does not apply, and processing the  
15 application in accordance with ordinances, resolutions, and regulations; or  
16 3) if this resolution does apply, determining the number of equivalent fixture  
17 units in the development and multiplying that number by the capacity charge  
18 per equivalent fixture unit.

19 H. The sewer capacity charge shall be subject to annual  
20 adjustment, effective October 1 of each year, to reflect the increase of the  
21 Construction Cost Index ("CCI") for Los Angeles as published in the  
22 "Engineering News-Record". The increase shall be calculated each  
23 September by dividing the CCI published in August of the current calendar  
24 year by the CCI published in August of the preceding calendar year; that  
25 figure multiplied by the sewer capacity charge in effect in October shall be  
26 the new sewer capacity charge. No adjustment shall be made to reflect a  
27 decrease in the CCI.

28 I. Funds derived from capacity charges shall be placed in the

1 Sewer Fund and shall be used only for the operation, construction,  
2 reconstruction, acquisition, or maintenance of the City sewerage system.

3 J. Anyone who has paid a capacity charge may apply for a full or  
4 partial refund if within one year after payment: 1) the applicant has not been  
5 permitted to connect to the City sewerage system; or 2) the development on  
6 which the capacity charge was calculated has been modified pursuant to  
7 applicable City ordinances, resolutions, or regulations, resulting from a  
8 reduction in the number of equivalent fixture units. Refund applications  
9 shall be made on forms provided by the City and shall contain a declaration  
10 under oath of those facts, along with relevant documentary evidence, which  
11 qualify the applicant for the refund. In no event shall a refund exceed ninety  
12 percent (90%) of the amount of the capacity charge actually paid.

13 K. Anyone subject to a capacity charge who constructs, deposits  
14 money into escrow with the City for the construction of, participates in an  
15 assessment district for the construction of, or otherwise contributes money  
16 or improvements to the City for the operation, construction, reconstruction,  
17 acquisition, or maintenance of the City sewerage system shall be eligible for  
18 a credit for such contribution against the capacity charge otherwise due.  
19 The amount of the credit shall be the value of the contribution as determined  
20 by the City provided, however, that the credit shall not exceed ninety  
21 percent (90%) of the amount of the capacity charge. Applications for said  
22 credit shall be made on forms provided by the City and shall be submitted at  
23 or before the time of application for sewer service. The application shall  
24 contain a declaration under oath of those facts, along with relevant  
25 documentary evidence, which qualify the applicant for the credit.

26 L. The capacity charge and requirements pertaining thereto shall  
27 not affect in any way the permissible use of property, density of  
28 development, design and improvement standards, public improvement

1 requirements, or any other aspect of the development of land or  
2 construction of buildings which may be imposed by the City pursuant to the  
3 Long Beach Municipal Code, Subdivision Regulations, or other state or local  
4 laws, ordinances or regulations which shall be in effect with respect to all  
5 developments.

6 M. The capacity charge is a charge on development that reflects  
7 a development's proportionate share of the present depreciated value of the  
8 existing City sewerage system. As such the capacity charge is additional to  
9 and not in substitution of the following: 1) on-site sewer facility  
10 requirements imposed by the City pursuant to the Long Beach Municipal  
11 Code, Subdivision Regulations, and other state or local laws, ordinances or  
12 regulations; 2) sewer permit fees; 3) connection charges; 4) sewer rates;  
13 and 5) other fees, rates, and charges including but not limited to sewer  
14 standby or immediate availability charges and capital facilities charges for  
15 services or facilities other than as a proportionate share of the present  
16 depreciated value of the existing City sewer system. In no event shall an  
17 applicant for sewer service be obligated to pay fees, rates, or charges in  
18 excess of those calculated pursuant to applicable City ordinances, which  
19 shall not individually or collectively exceed the reasonable cost of providing  
20 sewer service to the development.

21 Section 9. Any term not defined herein which is defined in  
22 the Long Beach Municipal Code or in the "Rules, Regulations and  
23 Charges Governing Potable Water, Reclaimed Water, Sewer Service, and  
24 the Emergency Water Conservation Plan" of the Water Department shall  
25 have the meaning stated therein.

26 Section 10. A. Regular bills for water service and sewer  
27 service shall be issued at intervals of approximately one month (commonly  
28 called "monthly") except in those cases where the General Manager or the

1 Board of Water Commissioners shall prescribe another billing interval.  
2 Insofar as practical, meters shall be read at regular intervals for the  
3 preparation of regular bills, and meters shall be read as required for the  
4 preparation of opening, closing, and special bills.

5 B. Every water customer and every sewer customer shall be  
6 liable for payment of bills for water service and sewer service. Charges for  
7 water service and sewer service shall be included in municipal utility bills.

8 C. Anyone who has been granted an exemption under Chapter  
9 3.68 of the Long Beach Municipal Code as of the date of this resolution  
10 does not need to file a separate application for exemption hereunder.

11 Section 11. Whenever the correctness of any bill for water or  
12 sewer service is questioned by a customer, the procedures established in  
13 the "Rules, Regulations and Charges Governing Potable Water,  
14 Reclaimed Water, Sewer Service, and the Emergency Water  
15 Conservation Plan" of the Water Department shall be followed.

16 Section 12. The following words shall have the meanings  
17 defined as follows:

18 A. "Billing unit" means one hundred (100) cubic feet of water and  
19 equals 748 gallons;

20 B. "Commercial" refers to activities devoted primarily to business,  
21 property management, or a profession;

22 C. "Industrial" refers to activities devoted primarily to  
23 manufacturing or processing;

24 D. "Non-peaking" means total average daily demand occurring at  
25 a continuous, constant level over a twenty-four (24) hour period;

26 E. "Peaking" means total average daily demand occurring  
27 between the hours of 9:00 p.m. and 6:00 a.m.

28 F. "Winter billing period" means the time period used for sewer

OFFICE OF THE CITY ATTORNEY

Long Beach, CA 90802-4664

1 volumetric calculation purposes, which includes bills with a bill prepared  
2 date in December, January, and/or February.

3 Section 13. All other resolutions of the Board of Water  
4 Commissioners, or provisions thereof, which conflict with this resolution  
5 are hereby rescinded. The charges, conditions, and provisions  
6 established in this Resolution shall supersede all others previously  
7 established.

8 Section 14. The Secretary of the Board of Water  
9 Commissioners shall certify to the passage of this resolution and it shall  
10 take effect by operation of law following its approval by the City Council by  
11 ordinance.

12 I hereby certify that the foregoing resolution was adopted by the Board of  
13 Water Commissioners of the City of Long Beach at its meeting held on June 4, 2009, by
