3. (22-0265) Recommendation to conduct, receive, and file a Study Session and receive input from Economic Development and Finance Committee Members and members of the public regarding the development of the Blueprint 2.0, the proposed 10-year plan to create equitable economic opportunities for workers, investors, and entrepreneurs in the City of Long Beach through the year 2030.	Dave Shukla	dave.shukla@gmail.com						Funny how quickly one's metrics can change, huh?  I would like to propose an additional "New Focus Area" for the 2.0 version:  "Manufacturing and Industrial Policy" (--> p.7 of the Slide Deck)  Because whether or not this body, or the Council, wants to make it explicit in the report or not, each and every meeting reflects, and in some cases promotes or advances, priorities in this City in these areas, and their opportunities are changing.
