

Date: May 3, 2005

To: Honorable Mayor O'Neill and Members of the City Council
Frank Colonna, Council Member, Third District

From: Rae Gabelich, Council Member, Eighth District
Tonia Reyes Uranga, Council Member, Seventh District

Subject: **AGENDA ITEM: Airport Improvement Update**

Background:

On February 1 and February 8, 2005, the City Council considered the recommendations of the Airport Advisory Commission relative to the proposed Airport terminal improvements and the scope of the Environmental Impact report that will be prepared in connection with the project.

As a result of the action taken by the Council, the project proposed for study in the EIR will consist of improvements for a terminal totaling approximately 102,850 square feet including improvements to the holding rooms, passenger screening areas, concessions, baggage areas, restrooms, and office space.

In order to fully apprise the Council and the public as to the progress of the EIR and the proposed project, we are requesting a report outlining the timetable for completion and circulation of the EIR, including a projected timetable outlining the dates when it is expected that the Planning Commission and City Council will be considering the certification of the EIR and approval of the project.

Recommended Council Action

Move to request the City Manager to present a report outlining the timetable for completion and circulation of the EIR at the May 3, 2005, City Council meeting.
