

**Date:** July 11, 2023

**To:** Honorable Mayor and City Council

**From:** Mario Cordero, Executive Director, Harbor Department *MC*

**Subject:** **Update to Harbor Patrol Authorities**

**RECOMMENDED ACTION**

Approve the first reading of the ordinance and authorize the Board of Harbor Commissioners to consolidate existing ordinances and authorize enforcement of additional statutes and municipal codes on the Mark Bixby Memorial Bicycle and Pedestrian Path.

**DISCUSSION**

The Harbor Department Security Division provides security and patrol services to the Harbor Department throughout the Harbor District, within the Port Administration Building (located at 415 W. Ocean Boulevard), and within the underground parking structure associated with the Port Administration Building. On February 27, 2023, the Board of Harbor Commissioners adopted Resolution No. HD-3123 requesting an ordinance from the Long Beach City Council to delegate authority to the Board of Harbor Commissioners to amend and restate existing ordinances, enforce specific statutes, make arrests, and prepare, issue, and deliver written notices within the Harbor District, the Port Administration, the underground parking structure, and on the Mark Bixby Memorial Bicycle and Pedestrian Path.

The Board of Harbor Commissioners had previously adopted Ordinance No. HD-1903, amending and restating the authority of the Harbor Department Director of Security, the Chief Port Security Officer, and Harbor Patrol Officers to enforce statutes and ordinances, to arrest and to prepare, issue and deliver written Notices to Appear within the Harbor District of the City of Long Beach, and Ordinance No. HD-2305, which conveys certain authorities outside of the Harbor District at the Port Administration Building. Ordinance No. HD-2397 added authorities and authorized additional jurisdiction to include the parking garage below the Port Administration Building. The attached ordinance would combine these three previous ordinances and add specific authorities related to the Mark Bixby Memorial Bicycle and Pedestrian Path and Civic Chambers and shared spaces within City Hall, when Harbor business is underway. The Long Beach Police Department remains the primary law enforcement agency and maintains jurisdiction over the Civic Chambers and shared spaces within City Hall at all times.

The Harbor Department has worked with the California Highway Patrol, City Attorney's Office, Public Works and the Long Beach Police Department to design a comprehensive approach to safety and security for the Mark Memorial Bixby Bicycle and Pedestrian Path and the Long Beach International Gateway Bridge. The Mark Bixby Memorial Bicycle and Pedestrian Path and Long Beach International Gateway are secured through a deliberate deployment of cameras, gates, environmental designs, and active patrols.

**FISCAL IMPACT**

This action has no fiscal impact. The resources to meet the security responsibilities reflected in the updated ordinance are included in the existing Harbor Department operating budget.

**SUGGESTED ACTION**

Approve recommendation.
