35043

This Agreement is made and entered into on July 1, 2017 by and between the City of Long Beach (hereafter referred to as City) and the Los Angeles Community College District (hereafter referred to as the District) on behalf of East Los Angeles College (hereafter referred to as the College), to provide a District approved educational course by East Los Angeles College through the Long Beach Police Department Training program.

Witnesseth:

WHEREAS, The City of Long Beach conducts training programs designed for entry level and advanced law enforcement personnel; and

WHEREAS, the continuing educational training courses are approved for college credits through the District;

WHEREAS, the College is an accredited, educational institution empowered to grant college credits for approved educational training courses;

NOW THEREFORE, the parties hereto, for the mutual covenants set forth below, agree as follows:

A. RESPONSIBILITIES OF THE COLLEGE

1. The College is responsible for the educational program conducted under the terms of this Agreement. This course of instruction to be taught under this Agreement is listed in Addendum A. The City and the District may agree to provide additional courses pursuant to terms of this Agreement as the need arises.
2. The College shall offer, at the location specified by the City and consistent with the terms of this Agreement, mutually agreed upon and approved educational courses to meet the needs of the Long Beach Police Department Training Program. These locations shall be open to the public while the courses being offered by the District are in session.
3. College degree and certificate programs have been approved by the State Chancellor's Office and the courses that make up the program are part of the approved curriculum of the College. The courses of College credit shall have been approved by the College Curriculum Committee and have been approved by the District's Board of Trustees.

4. The College shall assist the City in student registration procedures, associated paperwork, and other support services to adequately manage and control its course curriculum. All students shall be processed and registered in accordance with District procedures as outlined in the College catalog to conform to State/ District guidelines. The City shall be required to pay student registration fees at the rate established by the State for each enrolled student. Class hours, supervision, evaluation of course content and curriculum, and withdrawal of students shall be consistent with District approved policies regarding all courses.
5. The District shall employ all instructors consistent with requirements of the California Code of Regulations on a non-compensated basis (refer to Addendum B). The District retains the primary right to select, assign, and direct the instructional activities of any instructor employed by the District under the terms of this Agreement so long as such direction is consistent with Police Officer Standard and Training (POST) for both the Basic Academy and continued professional and perishable skills training.
6. Instruction to be claimed for State apportionment will be under the immediate supervision and control of an employee of the District who has met the minimum qualifications for instruction in the subjects to be taught under the terms of this Agreement in accordance with Title 5 of the California Code of Regulation. The minimum qualifications shall be those designated by the District. Minimum qualifications are within the purview of the Academic Senate and may be subject to change. The Current minimum qualifications are listed in Addendum B.
7. Where the instructor is not a paid employee of the District, the District shall have a written agreement with each instructor conducting instruction for which State apportionment is to be collected. The agreement between the District and each instructor shall state that the District has the primary right to control and direct the instructional activities of the instructor so long as such direction is consistent with Police Officer Standard and Training (POST) for both the Basic Academy and continued professional and perishable skills training.
8. The College shall approve the selection of course instructors, professional experts, and facilitators and evaluate the quality of instruction to ensure the needs of the students are met and the accreditation requirements of the College are satisfied.
9. The College reserves the right to inspect any School records maintained by the City concerning the implementation of the terms of this Agreement.
10. If any course under the terms of this Agreement is held outside District boundaries, the District shall comply with the requirements of Section 55230-55232 of Title 5 of the California Code of Regulations regarding approval by adjoining high schools or community college districts and use of non-District facilities.

B. RESPONSIBILITIES OF THE CITY

1. In exchange for the services and payment provided by the District to the City under the terms of this Agreement, the City shall provide classroom space at the Police Department's Training Center and/or other City facilities to be determined solely by the City for use as off-campus sites by the College for conducting the courses pursuant to this Agreement.

2. In exchange for the services and payment provided by the District to the City under the terms of this Agreement, the City shall provide to the College services and equipment which includes, but is not limited to, instructors, professional experts, facilitators, support staff, educational and specialized equipment, materials, day to day management support, and all other related services and overhead necessary to implement to terms of this Agreement.
3. The City will maintain records of attendance and achievement. Records will be open at all times to officials of the College and submitted on a developed schedule.
4. The City shall provide a line-of-sight instructor of record who shall be a non-compensated employee of the District and who shall meet all the District minimum qualifications for faculty teaching in a law enforcement capacity.
5. All instructional materials provided by the City to students will be at no additional cost to students enrolled in the course in connection with this Agreement. To the extent that charges will be made for student instructional materials, the charges must be in compliance with Education Code section 76365, 5 California Code of Regulations sections 59400 et seq., LACCD Board Rule 6415 and LACCD Administrative Regulation E-80.

C. JOINT RESPONSIBILITIES OF THE CITY AND THE COLLEGE

1. The City and the College shall each work in good faith to implement this Agreement, and shall use their best efforts to resolve any disputes informally.
2. The City shall coordinate with the College to ensure that all personal, equipment and materials used in carrying out its responsibilities under this Agreement conform to State of California mandated standards governing instructional programs.
3. The City will inform the college of opportunities to support all Long Beach Police Department Training programs within College's geographical boundaries including "In-Service Training" or continuing education, which the County deems suitable for College affiliation and College certificates. The College agrees that the City may affiliate with other community colleges for courses for which the College declines affiliation.
4. College courses conducted under the terms of this Agreement must be identified as being open to the general public. The college shall allow any person who has been admitted to the College and who has met the applicable prerequisites to enroll in courses taught under the terms of this Agreement in accordance with State law. The District policy on open enrollment is published in the College catalogue and schedule of classes, along with a description of the courses offered under the terms of this Agreement and information about whether the courses are offered for credit and are transferable.

A student requesting registration in Long Beach Police Department's Training Program courses would first need to complete the prerequisites of Long Beach Police Department Training Program courses. In order for the District to claim apportionment for a student in a particular course and in order for the student's

attendance to qualify for payment under the terms of this Agreement, the student must be enrolled in the course through the College.

5. The College and the City will ensure that ancillary and support services, such as counseling and job placement, are provided for the students enrolled in courses under the Agreement.

D. PAYMENT FOR SERVICES

The District will pay the City based on Student instructional hours (weekly student contact hours-WSCH or full-time equivalent students-FTES) in accordance with State guidelines. In consideration for the services provided here under the District shall pay the City \$4.25 per student instructional hour that is eligible for State general apportionment. If the State-established registration fee is other than \$46.00 per unit, payments will reflect a pro rata adjustment per student instructional hour for student registration fees based on the change to the rate established by the State. If no compensation is paid by the State to the District, the District will not be obligated to pay the City. If the District is paid apportionment on a pro rata basis by the State, this apportionment shall be applied directly to the City.

E. PAYMENT

All payments by the District under this Agreement shall be subject to verification by the City of Long Beach and other appropriate State of California agencies. Classes offered under this Agreement which do not meet State requirements or District policy shall not be considered when computing the payment under this Agreement.

The District shall pay the City upon submission of a valid invoice as follows:

1. An initial payment will be made on February 15th of each year based on the number of courses taught during the preceding six-month period.
2. Final payment shall be made approximately 45 days after the receipt of funds from the State. Source data and associated developmental documentation that support the number of students taught will be presented to the City.

F. CERTIFICATIONS

1. The District certifies that it does not receive full compensation for the direct educational costs from these courses from any public or private agency, individual or group.
2. The City certifies that the instructional activity to be conducted under the terms of this Agreement will not be fully funded by other sources in accordance with Education Code section 84752.

G. INDEMNIFICATION

1. The City agrees to defend, indemnify and hold harmless the District, its Board of Trustees, officers, employees, representatives and agents from every action, claim or demand which may be made in connection with the City's breach or

failure to comply with any of its obligations contained in this Agreement and/or by reason of negligent or willful acts, errors, misrepresentations, or omissions of the City, its Boards, officers, employees, representatives and agents.

The certificate shall state a limit of liability not less than \$1,000,000 per occurrence for bodily injury and property damage liability combined. The City shall provide the District with a certificate of insurance as evidence of coverage prior to the execution of this Agreement. The City shall provide thirty (30) days written notice to the District of any material change in coverage. Further, the City shall maintain a program of worker's compensation insurance throughout the terms of this Agreement.
2. The District agrees to maintain a program of general liability insurance or self-insurance coverage throughout the term of this Agreement. This Agreement is for the period of one year, terminating on June 30, 2018. This Agreement may be extended for additional period of one (1) year upon amendment in writing, signed by both parties. The District's Board of Trustees would need to approve any extension of this Agreement. Notwithstanding the foregoing, this Agreement may be terminated at any time, with or without cause, upon written notice given to the other party at least sixty (60) days prior to the date specified for such termination.

In the event of such termination, each party shall fully pay and discharge all obligations in favor of the other party accruing prior to the date of such termination. Each party shall be released from all obligations or performance that
