- Santa Monica
- Seal Beach
- Newport Beach
- Costa Mesa
- Fountain Valley
- Westminster
- Santa Barbara
- Los Angeles

3

Ordinance Includes the Following LBMC Changes

- Change the minimum length of an oversized vehicle from 20 feet to 22 feet to exclude pick-up trucks and sport utility vehicles. Boats and trailers would be subject to these limits.
- Parking of oversized vehicles within the City right of way in residential neighborhoods is prohibited.
 - Allow for parking over oversized vehicle by permit only, up to 72 hours per occurrence.
 - Permits will be available online, at no cost. Maximum number of permits per household, per year is 20.
 - City Traffic Engineer has the authority to issue additional permits and/or extend permit hours.
- Oversized vehicles parked on residential private property must be behind a gate, as required by current zoning requirements. (City can consider amending this requirement through separate action of the Planning Commission)

4

Ordinance Includes the Following LBMC Changes

- Consolidate oversight of all oversized vehicles restrictions and permit issuances to the City Traffic Engineer.
- Require parking prohibition signs to be posted at all City entrances.
- City Traffic Engineer is authorized to issue permits for disabled persons to park Oversized Vehicles needed as a result of their disability.
- Allow parking to continue within certain commercial/industrial areas of the City with limitations, as determined by the City Traffic Engineer.

5
