CHAIR AND PLANNING COMMISSIONERS
City of Long Beach
California

RECOMMENDATION:

Accept Categorical Exemption CE-17-020 and find the proposed vacation of a segment of Pasadena Avenue, south of 33rd Street and north of the San Diego Freeway (I-405), in conformance with goals and policies of the City's General Plan. (District 7)

APPLICANT: SA Properties – William Russell
116A Main Street
Tiburon, California 94920
(Application 1701-36)

DISCUSSION

The request is for a General Plan conformity determination associated with a vacation of a 150-foot segment of Pasadena Avenue located between East 33rd Street and the I-405 Freeway (Exhibit A – Location Map and Exhibit B – Street Plan).

Pasadena Avenue generally extends north and south through the City and the General Plan Mobility Element classifies it as a local street. This segment of Pasadena Avenue is improved as a cul-de-sac which terminates at the I-405 Freeway. This segment of Pasadena Avenue provides access only to the adjacent commercial properties, directly west and east. The property directly west is improved as a surface parking lot and the property directly east is developed with a commercial building which is currently vacant. The street vacation will facilitate a lot merger of the two commercial properties for a potential future development.

This portion of Pasadena Avenue is located in the Community Automobile-Oriented (CCA) zoning district and the Land Use District - Moderate Density Residential District (LUD 3B) on the General Plan Land Use Map.

General Plan Consistency Findings

Before an application for street vacation can be considered by the City Council, a finding of conformity with the maps and policies of the Long Beach General Plan must be made by the Planning Commission. The General Plan consists of 11 elements and each element carries the same authority concerning land use issues. All elements of
