2. (20-0255) Recommendation to declare ordinance amending the Long Beach Municipal Code by adding Chapter 8.100, relating to a temporary prohibition on evictions due to COVID-19 and declaring the urgency thereof, read the first time and laid over to the next regular meeting of the City Council for final reading. (Citywide)	Kevin Joerger	kevinjoerger@gmail.com						My name is Kevin Joerger, and I am a resident of District 4. In the midst of this national emergency, city council needs to suspend all evictions, regardless of whether they are so-called "COVID-19-related". It is a threat to public health to allow any long beach residents to be evicted right now.	3/24/2020

(Citywide)	Cynthia Macias	cyezez01@gmail.com						Evicting families during a time like this is just INHUMANE! I urge you all to pass this moratorium and avoid more chaos and death in our city. Corona has taken enough lives, don't let landlords take more lives by putting whole families in street leaving them defenseless against Corona virus. Thank you	3/24/2020

(Citywide)	Katie Cox	katie.coxshrauder@gmail.com						As a renter and Long Beach resident, I urge the City Council to take leadership on stopping evictions during this urgent public health crisis. The coming months present enormous challenges and uncertainties for renters, families, and the public, and displacing people in an emergency will have dire health and economic effects on our city. The council should (1) support the eviction moratorium immediately, and (2) move ahead with the additional measure of a temporary rent suspension to protect our most vulnerable neighbors. Thank you.	3/24/2020

(Citywide)	De Abuyounes	d.abuyounes@gmail.com						We are entering into a dire economic crisis. Support is needed to keep people housed and healthy. An eviction moratorium is a great start to this process. Please support this ordinance to keep people in their homes. Rent suspension should be the next step. Intense care is needed to understand the long term ramifications of this crisis and to support communities through it. Suspending evictions without canceling or extending the timeline to pay the rent will just divert this economic crisis to a later date.	3/24/2020

(Citywide)	Taylor Thomas	taylorbiancatomas@yahoo.com						My name is Taylor, I'm a current resident of the 1st District but have called Long Beach my home for my entire life. The times we are currently facing are scary and uncertain. We now see that when there is a crisis, government can act swiftly to protect people. With scores of people finding themselves suddenly without work, it is unreasonable to expect them to be able to pay their rent, mortgage, and other bills. Now is the time for City Council to step up and do what you are meant to do, and protect the most vulnerable people in the city. (Citywide)	Steve Askin	askinsteve@gmail.com						<p>My name is Steve Askin and I'm a landlord and homeowner in District 2. I'm speaking up to make sure the Council knows that small landlords like me support the proposal to protect COVID-19 affected neighbors from eviction. it would be a very hard day for my family if a tenant in crisis can't pay the rent. We depend on that rent to pay our mortgage which is why we also need federal action to postpone foreclosures.</p> <p>But it would be even worse for the tenant who has no place to go. This is why I support action by the City Council to protect our neighbors affected by COVID-19.
