Subject: Predatory Lending Ordinance

To the Honorable City Council and Other Elected Officials of Long Beach:

My name is David Waller and I live in the 8th District. My family moved to Long Beach in 1937 when I was 2 years old, moving into the house at 3223 E. Broadway which is still there, directly across the street from Cafe Piccolo. On September 28, I will be attending the 60th Reunion of my Wilson High Class of 1953 at the Long Beach Yacht Club. As you can see, I have a long history with this great City.

I strongly support the Predatory Lending Ordinance which is on the City Council Agenda for this Tuesday, September 17. I also urge the City Council to approve and support (1) as large as possible buffer zones between such businesses; (2) capping the number of such businesses at the current level; and (3) including the CCA zone into the not allowed list. I believe that stringent controls are appropriate for these businesses.

Thank you.

David Waller
