concession operations. The City has further found that the City can only protect its investment by requiring its concessionaires to sign "labor peace agreements" with the labor organizations that represent or are seeking to represent employees in the concession industry. These agreements will prohibit the labor organizations and their members from engaging in picketing, work stoppages, boycotts or other economic interference with the business of the concession operators, for the duration of their concession agreements with the City.

B. This Chapter is not intended to conflict with federal or State law. It is the intention of the City Council that this Chapter be interpreted to be compatible with federal and State enactments and in furtherance of the public purposes which those enactments encompass.
