Bidder shall also attach specifications and furnish other data to establish the suitability of the substitute. Bidder shall quote separately on each item. Bidder shall quote his lowest price and best delivery date as no changes are permitted after the bid opening. Cash discounts offered for payment within fourteen (14) days or less will not be considered when evaluating bids. No telephonic, telegraphic or fax Bids are acceptable.

**NOTE: ALL PAGES OF THE INVITATION TO BID MUST BE RETURNED.**

**2. EXAMINATION OF BID:**

Bidder is responsible for examining the Invitation to Bid and submitting its Bid complete and in conformance with these Instructions.

**3. CONDITIONS OF WORK:**

Bidder shall carefully examine the Site to become fully informed regarding all existing and expected conditions and matters, which could affect performance, cost or time of the Work.

**4. DISCREPANCIES IN BID DOCUMENTS:**

If Bidder finds discrepancies in or omissions from the Invitation to Bid, if the intent of the Invitation is not clear, or if provisions of the Specifications restrict Bidder from bidding, he may request in writing that the deficiency(s) be modified. Such request must be received by the City Purchasing Agent at least five (5) working days before bid opening date. Bidders will be notified by Addendum of any approved changes in the Invitation to Bid.

**5. ORAL STATEMENTS:**

The City of Long Beach shall not be bound by oral statements made by any employee or agent concerning this Invitation to Bid. If Bidder requires specific information, Bidder must request it in writing and obtain a reply in writing from the City.

**6. BRAND NAMES AND SPECIFICATIONS:**

The detailed specifications and/or brand names stated are descriptive only and indicate quality, design and construction of items required. Offers will be considered to supply articles substantially the same as those described herein but with minor variations. Bidders must describe variations in the Bid. Substitute items must be equal in quality, utility and performance. The phrase "or approved equal" throughout the specifications means that the City in its sole and absolute discretion shall make the final determination whether or not the substitute items are equal.

**7. AWARD:**

Bid shall be subject to acceptance by the City for a period of three (3) months unless a lesser period is prescribed in the quotation by Bidder. Bidder may submit alternate prices or name a lump sum or discount conditional on two or more items being awarded to him.

The City's purchases of goods and services are based on the City's actual needs and requirements. The City is obligated under this contract/purchase order to purchase and pay for only those goods and services that the City needs and requires, and that the City actually orders and receives. Any dollar amount identified as a "not to exceed:" amount in any City document is not a guaranteed payment amount to any contractor or service provider. Furthermore, the City may determine that its needs and requirements may be met by City labor or by a second contractor or service provider, even after an award is made to one contractor or service provider. An award is not a promise or guarantee of exclusivity.

Bidders are cautioned that comments and statements, whether oral or written, made by City employees regarding the validity of Bids, the waiver of deviations from Specifications, the possibility or probability of an award being made to a particular Bidder, and other similar matters are NOT binding on the City. Bidders should not order materials, obtain financing or take other actions based on such comments and statements. Only authorization of a Contract by the City Council or issuance of a Purchase Order is conclusive and binding on the City with respect to this Bid and its resulting Contract or Purchase Order. However, prior to authorization by the City Council or issuance of the Purchase Order, Bidders may rely on: (1) approval of an "equal" or "substitute" item which will be issued in writing, and (2) written notice of intent to award by the City Council, which is often issued prior to the authorization by the City Council so that a Bidder can order materials that have a long lead time.

**8. PAYMENT:**

Payment terms are NET/30 unless Bidder otherwise quotes. All Cash Discounts shall be taken and computed from the date of delivery or completion and acceptance of the material, or from date of receipt of invoice, whichever occurs last. Invoices must be submitted as specified at the time of shipping authorization. Partial payments may be made by the City on delivery & acceptance of goods and on receipt of goods and on receipt of Contractor's invoice.

In the event the Contract to be awarded hereunder, including specifications and other documents incorporated therein by reference, provides for the withholding of moneys by the City to ensure performance of such Contract, Contractor may deposit with the City, as a substitute for said withheld moneys, securities listed in Section 16430 of the California Government Code or bank or savings and loan certificates of deposit, or both, equivalent to the amount withheld, provided Contractor requests permission to make such substitution and bears all expenses in connection therewith.

Failure to so comply will be cause to reject Bid. Also, any equipment must conform with the Safety Orders of the California Division of Industrial Safety and OSHA regulations.

**EQUAL BENEFITS ORDINANCE (EBO) FORM**

## EQUAL BENEFITS ORDINANCE DISCLOSURE FORM

Benefits include but are not limited to, health benefits, bereavement leave, family medical leave, membership and membership discounts, moving expenses, retirement benefits and travel benefits. A cash equivalent payment is permitted if an employer has made all reasonable efforts to provide domestic partners with access to benefits but is unable to do so. - For-profit entities that generate \$350,000 or more in annual gross receipts leasing City property pursuant to a written agreement for a term exceeding 29 days in any calendar year

Contractors who are subject to the EBO must certify to the City before execution of the contract that they are in compliance with the EBO by completing the EBO Certification Form, attached, or that they have been issued a waiver by the City. Contractors must also allow authorized City representatives access to records so the City can verify compliance with the EBO.

- 2) At such time that the administrative steps can be taken to incorporate nondiscrimination in benefits in the Contractor/vendor's infrastructure, not to exceed three months; or
- 3) Upon expiration of the contractor's current collective bargaining agreement(s).

NOTICE TO BIDDERS

ADDENDUM NO. 3

ITB FS 16-126  
Multi-Year Vehicle Purchase

**This addendum changes and supersedes the language in the original Invitation to Bid.** Please acknowledge receipt of this addendum by signing and submitting with your bid. Any bidder who fails to submit this addendum may be disqualified.

The questions and answers are as follows:

1. **Question:** We still have one discrepancy to get sorted out that the addendum 2 didn't provide clarity on.

Question 8 for item XX was answered as follows:

- Please bid the Crew Cab with appropriate wheel base with an 84" cab to axle

Further down in the addendum at the revised specifications portion it states the following:

**ITEM XX – Specifications**

1 TON FORD CREW CAB SERVICE BED TRUCK CNG

**General:** Current model, one (1) ton, crew cab, CNG powered, dual rear wheel, with service bed as specified.

**Cab Axle:** Shall be 60 inches.

**Acceptable Cab and Chassis Make** Ford F-350 Bed Delete

**Service Body Specific:**

3. Body to be 108" in length, 40" high, and 90" wide.
4. C.S. #1 to be 38" wide, and have (3) adjustable shelves. Vertical double doors.
5. C.S. #2 to be 24" wide, and have (3) adjustable shelf. Vertical single door.
6. C.S. #3 to be 40", and have (1) adjustable shelf. Horizontal door over wheel span.
7. C.S. #4 to be 30", and have (3) adjustable shelves. Vertical single door
8. S.S. #1 to be 38" wide and have (3) adjustable shelves. Vertical double doors.
9. S.S. #2 to be 24" wide, and have (3) adjustable shelf. Vertical single door.
10. S.S. #3 to be 40", and have (1) adjustable shelf. Horizontal door over wheel span.
11. S.S. #4 to be 30", and have (3) adjustable shelves. Vertical single door.

Now my questions and comments to the city are as follows:

- Ford doesn't make a one ton F-350 chassis with an 84" CA in a crew cab configuration. You'd have to move into an F-450 (1-1/4 ton) if you want a crew cab 84"CA with an 11 ft body. Is this what the city wants?
- Cab to axle in the revised specs stated 60"CA while in the Q & A portion of addendum question 8 was answered as 84" CA. What CA does the city actually need for either a 1 ton or 1-1/4 ton chassis crew cab?
- The body will be 108" if 60"CA and 132" if 84"CA. Which does the city want?
- If the city indeed wants an F-450 (1-1/4 ton) crew cab with 84" there will be 4 compartments per side. If the city is looking for an F-350 (1 ton) with 60" CA there will only be 3 compartments on each side. Ford doesn't make a 1 ton F-350 with 84" CA. Title of spec says 1 ton. The way the Q & A was answered looks like 1-1/4 ton. What is the city looking for?

I just want to make sure we quote this bid accurately. Kindly let me know if the city is sticking with an F-350 or F-450.

**Answer:** Please bid spec XX as a Ford F-450 to retain the cab to axle, and body with 4 compartments.

The bid due date has been extended to Thursday, October 13, 2016 by 11:00 AM, PST.

Since the bid has posted, there have been various questions. The questions and answers are as follows:

1. Q: Can you have end user clarify whether they want the vans/wagons to come with either a sliding side door or a hinged side door. The door difference makes an impact on the total cost of the vehicles.  
  
A: Please bid with sliding door.
2. There are quite a few discrepancies on the truck section of this bid – Appendix A, as follows:
  - a. Item DD – Specifications – Ford ½ Ton 4WD, 4 Door Short Bed Pick Up CNG – Vehicle classification (line one of the specs) calls for a 2WD
  - b. Item EE – Specifications – Ford ½ ton 4WD, 4 door Long Bed Pick UP CNG - - Vehicle classification (line one the specs) calls for a 2WD
  - c. Item FF – Specifications – Ford ½ ton 2WD Regular Cab Long Bed Pick Up CNG – Under the GVWR 8600 lbs. Minimum it indicates this is a ¾ ton pickup (3/4 is annotated in price sheet)
  - d. Item GG – Specifications – Ford ¾ Ton 2WD Extended Cab, short Bed Pick Up CNG – Under classification (line one of the specs) calls for a ¾ ton 2WD Regular Cab
  - e. Item HH – Specifications - Ford ¾ Ton 2WD Crew Cab Long Bed CNG – Vehicle Classification is for a 2WD Regular Cab
  - f. Item II – Specifications – Ford ¾ ton 4WD Regular Cab, Long Bed CNG – Vehicle Classification is f a 2WD Regular Cab

- g. Item JJ – Specifications - Ford ¾ Ton 4WD Extended Cab, Short Bed CNG - Vehicle Classification is for a 2WD Regular Cab
- h. Item KK – Specifications – Ford ¾ Ton 4WD Crew Cab, Long Bed CNG – Vehicle Classification is for a 2WD Regular Cab
- i. Item NN – Specifications – Ford 1 Ton 2WD Extended Cab, Short Bed CNG – Vehicle Classification is for a 2WD Regular Cab Pick Up LONG WHEEL BASE
- j. Item OO – Specifications – Ford 1 ton 4WD Regular Cab, Long bed CNG – Vehicle Classification is for a 2WD Regular Cab
- k. Item PP – Specifications – Ford 1 ton 4WD Extended Cab, Short Bed CNG – Vehicle Classification is for a 2WD Regular Cab Pick-up LONG WHEEL BASE
- l. Item XX – Specifications – 1 Ton Ford Crew Cab Service Bed Truck CNG – Under General it calls for an Extended Cab

Can we get corrections on all above? In addition, can the City extend the bid for another 10 days? Do to the massive amount of vehicles and the bid requirements, it would allow the Dealer to properly complete all of the requested items.

A: Various corrections to specifications have been made and provided attached. Changes and/or new information in red fonts.

3. Q: On the full size Ford passenger wagon– ¾ ton and 1 ton passenger van – 10 passenger capacity – regular length – 130" - CNG prep package is not available due to the limited space to install CNG tanks. If we go to a 1 ton Van extended length 148" wheelbase, the minimum seating capacity is a 12 passenger however, we can install the CNG prep package. Please refer to Item R, T, V, and W. Can you let us know what the City will accept?

A: Please bid a gasoline powered model of the requested size.

4. Q: On line item# 21 Go Rhino # 5036 CV should be a # 5039, Item # 22 Trunk Fan I don't think this is an option but we can put one in, Item # 23 I don't think they come with tie down put we can put some on, skid plate Setina sk0503its12, I looks like they are using Crown Vic. Spec. Can you clarify if these options are necessary for the Ford Taurus Police Interceptor Sedan.

A: This specification is for the Ford Interceptor sedan. Please bid accordingly.

5. Q: SS, TT, UU, VV, WW, & XX all call for floor to be 3/16" galvanized tread plate. The thickest we can get for galvanized coated floors such as these is 1/8" or 11 ga. Please let me know if this is acceptable.

A: The City will accept the 11ga flooring.

6. Q: WW spec calls for 60" CA but specification is contradicting because it is asking for a 4th compartment which a 60" cannot receive.

A: Please bid an 84" CA.

7. Q: VV, WW, & XX the specifications are asking for tailgates and lift gates which are not compatible with one another

- a. Does the city want a liftgate or a tailgate?
- b. If the city requires a liftgate what is the capacity?

A: Please bid the tailgate, and bid the lift-gate as an option. Lift-gate capacity shall be 1,200#. Additional line items have been added for the additional option.

8. Q: XX wheel base, cab to axle, and cab configuration is in question

- a. Spec calls for 60" CA but specification is contradicting because it is asking for a 4th compartment which a 60" cannot receive.
- b. Spec is calling for 162" wheel base, a Ford Crew Cab with 60" CA actually has a 176". However, if the agency really wants an extended cab instead of Crew Cab the wheel base is 162"

A: Please bid the Crew Cab with the appropriate wheel base, with an 84" cab to axle.

9. Q: Item MM – Specifications – 1 Ton 2WD Regular Cab Long Bed, gasoline – Pricing Sheet calls for CNG.

A: Item MM is a gasoline spec. Line item has been updated on PlanetBids.

10. Q: Item VV – specifications for 1 Ton Regular Cab Service Truck CNG with 13,700 lbs. GVWR minimum – (implies Ford F350 DRW Chassis Cab 84" ca) –on last page of the specs it states Acceptable cab & chassis make – Ford F250 Bed Delete – Note Ford F250 does not meet gvwr or cab to axle dimensions

A: Corrections to specifications have been made and provided attached. Changes and/or new information in red fonts.
