8. (14-1067) Recommendation to authorize City Manager to accept a donation of video surveillance cameras in the downtown area from the Downtown Long Beach Associates and the Long Beach Area Convention and Visitors Bureau; and execute any and all documents necessary to effectuate the donation. (Districts 1,2)	Chris Rmisteard	carmistead.ca@gmail.com	Wrigley	Long Beach	CA	90806	Excellent idea, having a CCTV system in the DTLB area will improve the safety and security of the residents and our guests to the city.	12/16/14
10. (14-0993) Recommendation to adopt resolution allowing for the initiation of a Consolidated Coastal Development Permit process pursuant to Section 30601.3 of the Public Resources Code (Coastal Act) in connection with the rebuild of the Leeway Sailing Center, Pier and Dock located at 5437 East Ocean Boulevard. (District 3)	Thuy Vu	ttvu888@yahoo.com		Lakewood	CA	90713	We are the group of windsurfers very concern about the new Leeway sailing project after review the drawings would affect / take away almost 1/2 to 2/3 of the current sailing available space. Please review the floor plan and elevations plan and modify them so not only our group but others group as sailing (US sailing, kids sailing group..., CSULB in learning, ...) could get benefits from it Sincerely and thanks on advanced, Dong Le Duong Le Thuy Vu Henry Joseph Denis Cuc Nguyen Anton Xu Don	12/16/14

16. (14-0812) Recommendation to name the park site located at the Pacific Electric Right-of-Way between Martin Luther King, Jr. Avenue and Lemon Avenue "National Association for the Advancement of Colored People (NAACP) Freedom Park."	Chris Rmisteard	carmistead.ca@gmail.com	Wrigley	Long Beach	CA	90806	Why is the city wasting time and energy with this matter when there are more important details to attend to, it appears the city council has an issue with prioritizing it's commitments to the residents.	12/16/14
17. (14-0829) Recommendation to name the park site located on Walnut Avenue at 20th Street "Jenni Rivera Memorial Park."	Chris Rmisteard	carmistead.ca@gmail.com	Wrigley	Long Beach	CA	90806	Why is the city wasting time and energy with this matter when there are more important details to attend to, it appears the city council has an issue with prioritizing it's commitments to the residents.	12/16/14
19. (14-1054) Recommendation to receive report and provide direction to staff on the options addressing biotechnical and various other alternatives for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 Project. (District 3)	Dennis Trombley	blt1@earthlink.net	Naples-Marina Area	Long Beach	CA	90814	Please stop the costly delay and take all actions necessary to get the project back on track and complete the Bluff Project as planned using the Shotcrete engineering solution. I don't make this recommendation easily since I am against the idea of "armoring the coast" but circumstances here are unique and I agree with the experts this is the best option. Plus the heavy rains could create additional nasty consequences beyond just the additional costs incurred from the delay of construction.	12/16/14

19. (14-1054) Recommendation to receive report and provide direction to staff on the options addressing biotechnical and various other alternatives for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 Project. (District 3)	Barbara Sinclair	toodianic@hotmail.com	Wrigley	Long Beach	CA	90806	Please! no more shotcrete! Not only is it an aesthetic disaster, the plant pockets have ben proven to fail I Santa Cruz. Let's think long lasting and attractive over saving a few pennies. Please choose option 4, Regrade, or option 2, Biotechnical A.	12/15/14
19. (14-1054) Recommendation to receive report and provide direction to staff on the options addressing biotechnical and various other alternatives for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 Project. (District 3)	Lee Fukui	leefukui@yahoo.com	Wrigley	Long Beach	CA	90806	Please do not continue with the Shotcrete Option 1! Choose instead to vote for any of the other more natural alternatives. While they do cost more, I feel we need to to be good stewards and make the necessary investment into our coastline. Not only for tourism, but for our local and civic pride. It doesn't make sense to go cheaper in this instance. I prefer the better options to propel Long Beach forward and make this a destination don't go backwards with shotcrete. Thank you.	12/15/14
19. (14-1054) Recommendation to receive report and provide direction to staff on the options addressing biotechnical and various other alternatives for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 Project. (District 3)	Mauna Eichner	melf@charter.net	Wrigley	Long Beach	CA	90806	I am firmly opposed to continuing with the Shotcrete option! I would prefer any of the other 2 Biotechnical options or the Regrade option. I realize cost is an issue as is timing, but please do not continue with Shotcrete. It's unnatural, it will look more like the Sepulveda pass, which is out of place here and will ruin the beach experience for locals and tourists alike. Please support any proposed option other than Shotcrete. Thank you.	12/15/14

19. (14-1054) Recommendation to receive report and provide direction to staff on the options addressing biotechnical and various other alternatives for the Ocean Boulevard (Bluff) Erosion and Enhancement Phase 2 Project. (District 3)	Kelly Olauson	kelly@kellyolauson.com	Belmont Heights	Long Beach	CA	90803	I want to express my support for the original plan to stabilize the bluff using Shotcrete. In my opinion, this is the right choice for the cost effective (short and long term) bluff retention we the community desire. And, I would like to add that I am very happy with the bluff work that has been completed thus far and I am in full support of the remainder of the restoration to be completed in a similar fashion. After all, this is what the experts have recommended from the beginning.	12/15/14
30. (14-1064) Recommendation to adopt Plans and Specifications No. R-6931 for the Improvements on Spring Street between Magnolia Avenue and Pacific Avenue; award the contract to Hardy & Harper, Inc., of Santa Ana, CA, in the amount of \$399,016, and authorize a 10 percent contingency in the amount of \$39,902, for a total contract amount not to exceed \$438,918; authorize City Manager or designee to execute all documents necessary to enter into the contract, including any necessary amendments thereto; and...	Sean Parham	seanyp67@gmail.com	Wrigley	Long Beach	CA	90806	As resident of North Wrigley, I travel almost daily on Spring between Pacific and Magnolia. The road surface is rough to say the least and with the recent rains has developed even more severe potholes and ruptures. The patch jobs are not helping and only serve to make the pavement more uneven. I urge the council to spend the money to repair this short stretch of high traffic road. Thank you!	12/16/14

Mauna Eichner	melf@charter.net	Wrigley	Long Beach	CA	90806	Please approve the recommendation. I've been promising my neighbors the City will be fixing Spring Street between Magnolia and Pacific for the last couple of years. I am very excited that the time has come. Thank you.	12/16/14
