

## Letters Regarding Check Cashing and Other Financial Services

City of Long Beach, Mayor, Bob Foster  
City of Long Beach, Council Member Dr. Robert Garcia  
City of Long Beach, Council Member Suja Lowenthal  
City of Long Beach, Council Member Gary DeLong  
City of Long Beach, Council Member Patrick O'Donnell  
City of Long Beach, Council Member Gerrie Schipske  
City of Long Beach, Council Member Dee Andrews  
City of Long Beach, Council Member James Johnson  
City of Long Beach, Council Member Al Austin  
City of Long Beach, Council Member Steven Neal

City of Long Beach, City Manager – Suzanne Frick  
City of Long Beach, City Attorney – Charles Parkin  
City of Long Beach, City Clerk – Larry Herrera  
City of Long Beach, Director of Development Services – Amy Bodek  
City of Long Beach, Planning Administrator – Derek Burnham  
City of Long Beach, Planner – Steven Valdez

Fecha 9/7

**POSICIÓN: ME OPONGO A LAS MODIFICACIONES PROPUESTAS A LA ORDENANZA DE ZONIFICACIÓN RELACIONADA CON LOS USOS DE SERVICIOS FINANCIEROS**

El motivo de mi carta es manifestar mi oposición a las medidas propuestas por la Ciudad de Long Beach en relación con la modificación de los requerimientos para los negocios de cambio de cheques y adelantos de dinero (préstamos de día de pago), incluido aumentar la zona de restricción a 1320 pies (400 km).

Como consumidor que utiliza los servicios de cambio de cheques y adelantos de dinero (préstamos de día de pago), creo que imponer más restricciones a estos servicios sería perjudicial para mí y para los residentes de Long Beach. En el pasado, he solicitado pequeños préstamos de corto plazo por considerarlos la mejor opción. Me opongo a cualquier ordenanza que pudiera quitarme esta opción o restringir mi acceso a los créditos de corto plazo.

Los establecimientos que ofrecen los servicios de cambios de cheques y adelantos de dinero están regulados por el Departamento de Justicia de California (*California Department of Justice*) y el Departamento de Supervisión de Empresas de California (*California Department of Business Oversight*) respectivamente. Ambos servicios suelen ser la mejor opción, la más conveniente y la menos costosa para aquellos a quienes nos cuesta llegar a fin de mes.

En realidad, en el mercado existen muy pocas alternativas de corto plazo legítimas y reguladas para pedir pequeños préstamos en efectivo como éstas. El hecho de limitar mis opciones de crédito sin dudas me ocasionará problemas ya que ningún banco ofrece préstamos a corto plazo, en especial cuando la necesidad es urgente.

Espero que se escuche mi oposición a la ordenanza propuesta.

Atentamente,

*R. Zapata*

**POSITION: OPPOSE THE PROPOSED AMENDMENTS TO THE ZONING ORDINANCE RELATED TO FINANCIAL SERVICE USES**

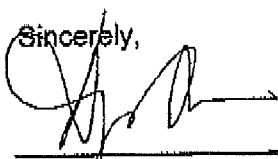

I am writing to express my opposition to the City of Long Beach's proposed actions regarding the change in requirements for check cashing and payday lending businesses, including increasing the buffer to 1,320 feet.

As a consumer who uses check cashing and payday lending services, I believe that future limitations of these services would harm me and the residents of Long Beach. I have used small, short-term loans in the past because it was the right choice for me. I oppose any ordinances that would take this choice away from me or limit my access to short-term credit.

Check cashing and payday loan facilities are regulated by the California Department of Justice and the California Department of Business Oversight respectively. Both are often the best, most convenient and least expensive option for those of us who fall short of cash in between paychecks.

In reality, there are few other legitimate, regulated short-term options for borrowing small amounts of cash like this in the marketplace. Limiting my credit options will definitely cause more problems for me because no banks offer short-term loans, especially when it's an immediate need.

I hope you will listen to my opposition to this proposed ordinance.

Sincerely,

**POSITION: OPPOSE THE PROPOSED AMENDMENTS TO THE ZONING ORDINANCE RELATED TO FINANCIAL SERVICE USES**

I am writing to express my opposition to the City of Long Beach's proposed actions regarding the change in requirements for check cashing and payday lending businesses, including increasing the buffer to 1,320 feet.

As a consumer who uses check cashing and payday lending services, I believe that future limitations of these services would harm me and the residents of Long Beach. I have used small, short-term loans in the past because it was the right choice for me. I oppose any ordinances that would take this choice away from me or limit my access to short-term credit.

Check cashing and payday loan facilities are regulated by the California Department of Justice and the California Department of Business Oversight respectively. Both are often the best, most convenient and least expensive option for those of us who fall short of cash in between paychecks.

In reality, there are few other legitimate, regulated short-term options for borrowing small amounts of cash like this in the marketplace. Limiting my credit options will definitely cause more problems for me because no banks offer short-term loans, especially when it's an immediate need.

I hope you will listen to my opposition to this proposed ordinance.

Sincerely,

Signature

**POSICIÓN: ME OPONGO A LAS MODIFICACIONES PROPUESTAS A LA ORDENANZA DE ZONIFICACIÓN RELACIONADA CON LOS USOS DE SERVICIOS FINANCIEROS**

El motivo de mi carta es manifestar mi oposición a las medidas propuestas por la Ciudad de Long Beach en relación con la modificación de los requerimientos para los negocios de cambio de cheques y adelantos de dinero (préstamos de día de pago), incluido aumentar la zona de restricción a 1320 pies (400 km).

Como consumidor que utiliza los servicios de cambio de cheques y adelantos de dinero (préstamos de día de pago), creo que imponer más restricciones a estos servicios sería perjudicial para mí y para los residentes de Long Beach. En el pasado, he solicitado pequeños préstamos de corto plazo por considerarlos la mejor opción. Me opongo a cualquier ordenanza que pudiera quitarme esta opción o restringir mi acceso a los créditos de corto plazo.

Los establecimientos que ofrecen los servicios de cambios de cheques y adelantos de dinero están regulados por el Departamento de Justicia de California (*California Department of Justice*) y el Departamento de Supervisión de Empresas de California (*California Department of Business Oversight*) respectivamente. Ambos servicios suelen ser la mejor opción, la más conveniente y la menos costosa para aquellos a quienes nos cuesta llegar a fin de mes.

En realidad, en el mercado existen muy pocas alternativas de corto plazo legítimas y reguladas para pedir pequeños préstamos en efectivo como éstas. El hecho de limitar mis opciones de crédito sin dudas me ocasionará problemas ya que ningún banco ofrece préstamos a corto plazo, en especial cuando la necesidad es urgente.

Espero que se escuche mi oposición a la ordenanza propuesta.

Atentamente,

Firma

**POSITION: OPPOSE THE PROPOSED AMENDMENTS TO THE ZONING ORDINANCE RELATED TO FINANCIAL SERVICE USES**

I am writing to express my opposition to the City of Long Beach's proposed actions regarding the change in requirements for check cashing and payday lending businesses, including increasing the buffer to 1,320 feet.

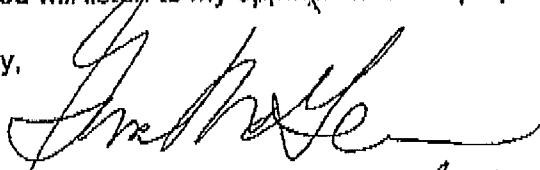

As a consumer who uses check cashing and payday lending services, I believe that future limitations of these services would harm me and the residents of Long Beach. I have used small, short-term loans in the past because it was the right choice for me. I oppose any ordinances that would take this choice away from me or limit my access to short-term credit.

Check cashing and payday loan facilities are regulated by the California Department of Justice and the California Department of Business Oversight respectively. Both are often the best, most convenient and least expensive option for those of us who fall short of cash in between paychecks.

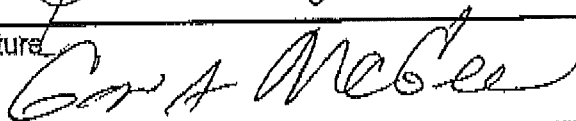

In reality, there are few other legitimate, regulated short-term options for borrowing small amounts of cash like this in the marketplace. Limiting my credit options will definitely cause more problems for me because no banks offer short-term loans, especially when it's an immediate need.

I hope you will listen to my opposition to this proposed ordinance.

Sincerely,

*Sherlon Phillips*
