35040

THIS CONTRACT is made and entered, in duplicate, as of June 20, 2018 for reference purposes only, pursuant to a minute order adopted by the City Council of the City of Long Beach at its meeting held on June 19, 2018, by and between SULLY-MILLER CONTRACTING COMPANY, a Delaware corporation ("Contractor"), whose address is 135 S. State College Blvd., Suite 400, Brea, California 92821, and the CITY OF LONG BEACH, a municipal corporation ("City").

WHEREAS, pursuant to a Notice Inviting Bids to Develop and Implement Traffic Calming Measures for Traffic Exiting the I-710 Into Long Beach in the City of Long Beach, California, dated April 5, 2017, and published by City, bids were received, publicly opened and declared on the date specified in said Notice; and

WHEREAS, the City Manager accepted the bid of Contractor; and

WHEREAS, the City Council authorized the City Manager to enter a contract with Contractor for the work described in Project Plans and Specifications No. R-7053;

NOW, THEREFORE, in consideration of the mutual terms and conditions herein, the parties agree as follows:

1. SCOPE OF WORK. Contractor shall furnish all necessary labor, supervision, tools, materials, supplies, appliances, equipment and transportation for the work described in Project Plans and Specifications No. R-7053 to Develop and Implement Traffic Calming Measures for Traffic Exiting the I-710 Into Long Beach in the City of Long Beach, California, said work to be performed according to the Contract Documents identified below. However, this Contract is intended to provide to City complete and finished work and, to that end, Contractor shall do everything necessary to complete the work, whether or not specifically described in the Contract Documents.

2. PRICE AND PAYMENT.

A. City shall pay to Contractor the amount(s) for materials and work identified in Contractor's Bid to Develop and Implement Traffic Calming

1 Measures for Traffic Exiting the I-710 Into Long Beach in the City of Long Beach,
2 California, attached hereto as Exhibit "A"; provided, however, that the total
3 compensation to Contractor shall not exceed the maximum cumulative amount of
4 One Million Eight Hundred Thirty-Four Thousand Dollars (\$1,834,000) for the
5 estimated quantities established in the Bid, subject to additions or deductions as
6 provided in the Contract Documents.

7 B. Contractor shall submit requests for progress payments and
8 City will make payments in due course of payments in accordance with Section 9 of
9 the Standard Specifications for Public Works Construction (latest edition).

10 3. CONTRACT DOCUMENTS.

11 A. The Contract Documents include: The Notice Inviting Bids,
12 Project Specifications No. R-7053 (which may include by reference the Standard
13 Specifications for Public Works Construction, latest edition, and any supplements
14 thereto, collectively the "Standard Specifications"); the City of Long Beach Standard
15 Plans; Project Drawing No. C-6109 for this work; the California Code of Regulations;
16 the various Uniform Codes applicable to trades; the prevailing wage rates;
17 Instructions to Bidders; the Bid; the bid security; the City of Long Beach
18 Disadvantaged, Minority and Women-Owned Business Enterprise Program; this
19 Contract and all documents attached hereto or referenced herein including but not
20 limited to insurance; Bond for Faithful Performance; Payment Bond; Notice to
21 Proceed; Notice of Completion; any addenda or change orders issued in
22 accordance with the Standard Specifications; any permits required and issued for
23 the work; approved final design drawings and documents; and the Information
24 Sheet. These Contract Documents are incorporated herein by the above reference
25 and form a part of this Contract.

26 B. Notwithstanding Section 2-5.2 of the Standard Specifications,
27 if any conflict or inconsistency exists or develops among or between Contract
28 Documents, the following priority shall govern: 1) Permit(s) from other public

1 agencies; 2) Change Orders; 3) this Contract (including any and all amendments
2 hereto); 4) Addenda (which shall include written clarifications, corrections and
3 changes to the bid documents and other types of written notices issued prior to bid
4 opening; 5) Project Specifications; 6) Project Plans (including drawings); 7) the City
5 of Long Beach Standard Plans; 8) Standard Specifications (as identified in Section
6 3.A. hereof, the "Greenbook"); 9) other reference specifications; 10) other
7 reference plans; 11) the Bid; and 12) the Notice Inviting Bids.

8 4. TIME FOR CONTRACT. Contractor shall commence work on a date
9 to be specified in a written "Notice to Proceed" from City and shall complete all work within
10 one hundred twenty (120) working days thereafter, subject to strikes, lockouts and events
11 beyond the control of Contractor. Time is of the essence hereunder. City will suffer
12 damage if the work is not completed within the time stated, but those damages would be
13 difficult or impractical to determine. So, Contractor shall pay to City, as liquidated
14 damages, the amount stated in the Contract Documents.

15 5. ACCEPTANCE OF WORK NOT TO CONSTITUTE A WAIVER. The
16 acceptance of any work or the payment of any money by City shall not operate as a waiver
17 of any provision of any Contract Document, of any power reserved to City, or of any right
18 to damages or indemnity hereunder. The waiver of any breach or any default hereunder
19 shall not be deemed a waiver of any other or subsequent breach or default.

20 6. WORKERS' COMPENSATION CERTIFICATION. Concurrently
21 herewith, Contractor shall submit certification of Workers' Compensation coverage in
22 accordance with California Labor Code Sections 1860 and 3700, a copy of which is
23 attached hereto as Exhibit "B".

24 7. CLAIMS FOR EXTRA WORK. No claim shall be made at any time
25 upon City by Contractor for and on account of any extra or additional work performed or
26 materials furnished, unless such extra or additional work or materials shall have been
27 expressly required by the City Manager and the quantities and price thereof shall have
28 been first agreed upon, in writing, by the parties hereto.

1 8. CLAIMS. Contractor shall, upon completion of the work, deliver
2 possession thereof to City ready for use and free and discharged from all claims for labor
3 and materials in doing the work and shall assume and be responsible for, and shall protect,
4 defend, indemnify and hold harmless City from and against any and all claims, demands,
5 causes of action, liability, loss, costs or expenses for injuries to or death of persons, or
6 damages to property, including property of City, which arises from or is connected with the
7 performance of the work.

8 9. INSURANCE. Prior to commencement of work, and as a condition
9 precedent to the effectiveness of this Contract, Contractor shall provide to City evidence of
10 all insurance required in the Contract Documents.

11 In addition, Contractor shall complete and deliver to City the form
12 (“Information Sheet”) attached as Exhibit “C” and incorporated by reference, to comply with
13 Labor Code Section 2810.

14 10. WORK DAY. Contractor shall comply with Sections 1810 through
15 1815 of the California Labor Code regarding hours of work. Contractor shall forfeit, as a
16 penalty to City, the sum of Twenty-Five Dollars (\$25) for each worker employed by
17 Contractor or any subcontractor for each calendar day such worker is required or permitted
18 to work more than eight (8) hours unless that worker receives compensation in accordance
19 with Section 1815.

20 11. PREVAILING WAGE RATES. Contractor is directed to the prevailing
21 wage rates. Contractor shall forfeit, as a penalty to the City, Two Hundred Dollars (\$200)
22 for each laborer, worker or mechanic employed for each calendar day, or portion thereof,
23 that such laborer, worker or mechanic is paid less than the prevailing wage rates for any
24 work done by Contractor, or any subcontractor, under this Contract.

25 12. COORDINATION WITH GOVERNMENTAL REGULATIONS.

26 A. If the work is terminated pursuant to an order of any Federal or
27 State authority, Contractor shall accept as full and complete compensation under
28 this Contract such amount of money as will equal the product of multiplying the

1 Contract price stated herein by the percentage of work completed by Contractor as
2 of the date of such termination, and for which Contractor has not been paid. If the
3 work is so terminated, the City Engineer, after consultation with Contractor, shall
4 determine the percentage of work completed and the determination of the City
5 Engineer shall be final.

6 B. If Contractor is prevented, in any manner, from strict
7 compliance with the Plans and Specifications due to any Federal or State law, rule
8 or regulation, in addition to all other rights and remedies reserved to the parties City
9 may by resolution of the City Council suspend performance hereunder until the
10 cause of disability is removed, extend the time for performance, make changes in
11 the character of the work or materials, or terminate this Contract without liability to
12 either party.

13 13. NOTICES.

14 A. Any notice required hereunder shall be in writing and personally
15 delivered or deposited in the U.S. Postal Service, first class, postage prepaid, to
16 Contractor at the address first stated herein, and to the City at 333 West Ocean
17 Boulevard, Long Beach, California 90802, Attn: City Manager. Notice of change of
18 address shall be given in the same manner as stated herein for other notices. Notice
19 shall be deemed given on the date deposited in the mail or on the date personal
20 delivery is made, whichever first occurs.

21 B. Except for stop notices and claims made under the Labor Code,
22 City will notify Contractor when City receives any third party claims relating to this
23 Contract in accordance with Section 9201 of the Public Contract Code.

24 14. BONDS. Contractor shall, simultaneously with the execution of this
25 Contract, execute and deliver to City a good and sufficient corporate surety bond, in the
26 form attached hereto and in the amount specified therein, conditioned upon the faithful
27 performance of this Contract by Contractor, and a good and sufficient corporate surety
28 bond, in the form attached hereto and in the amount specified therein, conditioned upon

1 the payment of all labor and material claims incurred in connection with this Contract.

2 15. COVENANT AGAINST ASSIGNMENT. Neither this Contract nor any
3 of the moneys that may become due Contractor hereunder may be assigned by Contractor
4 without the written consent of City first had and obtained, nor will City recognize any
5 subcontractor as such, and all persons engaged in the work of construction will be
6 considered as independent contractors or agents of Contractor and will be held directly
7 responsible to Contractor.

8 16. CERTIFIED PAYROLL RECORDS.

9 A. Contractor shall keep and shall cause each subcontractor
10 performing any portion of the work under this Contract to keep an accurate payroll
11 record, showing the name, address, social security number, work classification,
12 straight time and overtime hours worked each day and week, and the actual per
13 diem wages paid to each journeyman, apprentice, worker, or other employee
14 employed by Contractor or subcontractor in connection with the work, all in
15 accordance with Division 2, Part 7, Article 2 of the California Labor Code. Such
16 payroll records for Contractor and all subcontractors shall be certified and shall be
17 available for inspection at all reasonable hours at the principal office of Contractor
18 pursuant to the provisions of Section 1776 of the Labor Code. Contractor's failure
19 to furnish such records to City in the manner provided herein for notices shall entitle
20 City to withhold the penalty prescribed by law from progress payments due to
21 Contractor.

22 B. Upon completion of the work, Contractor shall submit to the City
23 certified payroll records for Contractor and all subcontractors performing any portion
24 of the work under this Contract. Certified payroll records for Contractor and all
25 subcontractors shall be maintained during the course of the work and shall be kept
26 by Contractor for up to three (3) years after completion of the work.

27 C. The foregoing is in addition to, and not in lieu of, any other
28 requirements or obligations established and imposed by any department of the City

1 with regard to submission and retention of certified payroll records for Contractor
2 and subcontractors.

3 17. RESPONSIBILITY OF CONTRACTOR. Notwithstanding anything to
4 the contrary in the Standard Specifications, Contractor shall have the responsibility, care
5 and custody of the work. If any loss or damage occurs to the work that is not covered by
6 collectible commercial insurance, excluding loss or damage caused by earthquake or flood
7 or the negligence or willful misconduct of City, then Contractor shall immediately make the
8 City whole for any such loss or pay for any damage. If Contractor fails or refuses to make
9 the City whole or pay, then City may do so and the cost and expense of doing so shall be
10 deducted from the amount due Contractor from City hereunder.

11 18. CONTINUATION. Termination or expiration of this Contract shall not
12 terminate the rights or liabilities of either party which rights or liabilities accrued or existed
13 prior to termination or expiration of this Contract.

14 19. TAXES AND TAX REPORTING.

15 A. As required by federal and state law, City is obligated to and
16 will report the payment of compensation to Contractor on Form 1099-Misc.
17 Contractor shall be solely responsible for payment of all federal and state taxes
18 resulting from payments under this Contract. Contractor shall submit Contractor's
19 Employer Identification Number (EIN), or Contractor's Social Security Number if
20 Contractor does not have an EIN, in writing to City's Accounts Payable, Department
21 of Financial Management. Contractor acknowledges and agrees that City has no
22 obligation to pay Contractor until Contractor provides one of these numbers.

23 B. Contractor shall cooperate with City in all matters relating to
24 taxation and the collection of taxes, particularly with respect to the self-accrual of
25 use tax. Contractor shall cooperate as follows: (i) for all leases and purchases of
26 materials, equipment, supplies, or other tangible personal property totaling over
27 \$100,000 shipped from outside California, a qualified Contractor shall complete and
28 submit to the appropriate governmental entity the form in Appendix "A" attached

1 hereto; and (ii) for construction contracts and subcontracts totaling \$5,000,000 or
2 more, Contractor shall obtain a sub-permit from the California Board of Equalization
3 for the Work site. "Qualified" means that the Contractor purchased at least \$500,000
4 in tangible personal property that was subject to sales or use tax in the previous
5 calendar year.

6 C. Contractor shall create and operate a buying company, as
7 defined in State of California Board of Equalization Regulation 1699, subpart (h), in
8 City if Contractor will purchase over \$10,000 in tangible personal property subject
9 to California sales and use tax.

10 D. In completing the form and obtaining the permit(s), Contractor
11 shall use the address of the Work site as its business address and may use any
12 address for its mailing address. Copies of the form and permit(s) shall also be
13 delivered to the City Engineer. The form must be submitted and the permit(s)
14 obtained as soon as Contractor receives a Notice to Proceed. Contractor shall not
15 order any materials or equipment over \$100,000 from vendors outside California
16 until the form is submitted and the permit(s) obtained and, if Contractor does so, it
17 shall be a material breach of this Contract. In addition, Contractor shall make all
18 purchases from the Long Beach sales office of its vendors if those vendors have a
19 Long Beach office and all purchases made by Contractor under this Contract which
20 are subject to use tax of \$500,000 or more shall be allocated to the City of Long
21 Beach. Contractor shall require the same cooperation with City, with regards to
22 subsections B, C and D under this section (including forms and permits), from its
23 subcontractors and any other subcontractors who work directly or indirectly under
24 the overall authority of this Contract.

25 E. Contractor shall not be entitled to and by signing this Contract
26 waives any claim or damages for delay against City if Contractor does not timely
27 submit these forms to the appropriate governmental entity. Contractor may contact
28 the City Controller at (562) 570-6450 for assistance with the form.

1 20. ADVERTISING. Contractor shall not use the name of City, its officials
2 or employees in any advertising or solicitation for business, nor as a reference, without the
3 prior approval of the City Manager, City Engineer or designee.

4 21. AUDIT. If payment of any part of the consideration for this Contract is
5 made with federal, state or county funds and a condition to the use of those funds by City
6 is a requirement that City render an accounting or otherwise account for said funds, then
7 City shall have the right at all reasonable times to examine, audit, inspect, review, extract
8 information from, and copy all books, records, accounts and other information relating to
9 this Contract.

10 22. NO PECULIAR RISK. Contractor acknowledges and agrees that the
11 work to be performed hereunder does not constitute a peculiar risk of bodily harm and that
12 no special precautions are required to perform said work.

13 23. THIRD PARTY BENEFICIARY. This Contract is intended by the
14 parties to benefit themselves only and is not in any way intended or designed to or entered
15 for the purpose of creating any benefit or right of any kind for any person or entity that is
16 not a party to this Contract.

17 24. SUBCONTRACTORS. Contractor agrees to and shall bind every
18 subcontractor to the terms of this Contract; provided, however, that nothing herein shall
19 create any obligation on the part of City to pay any subcontractor except in accordance
20 with a court order in an action to foreclose a stop notice. Failure of Contractor to comply
21 with this Section shall be deemed a material breach of this Contract. A list of
22 subcontractor(s) submitted by Contractor in compliance with Public Contract Code
23 Sections 4100 et seq. is attached hereto as Exhibit "D" and incorporated herein by this
24 reference.

25 25. FEDERAL-AID PROVISIONS. The work to be performed under this
26 Contract will be financed in whole or in part with Federal funds, and therefore all of the
27 statutes, rules and regulations promulgated by the Federal Government and applicable to
28 work financed in whole or in part with Federal funds will apply to such work. Contractor

1 shall complete and deliver to City the United States Department of Transportation Form
2 Federal Highway Administration (FHWA) 1273 "Required Contract Provisions, Federal-Aid
3 Construction Contracts," attached as Exhibit "E" and incorporated by reference.

4 26. NO DUTY TO INSPECT. No language in this Contract shall create
5 and City shall not have any duty to inspect, correct, warn of or investigate any condition
6 arising from Contractor's work hereunder, or to insure compliance with laws, rules or
7 regulations relating to said work. If City does inspect or investigate, the results thereof
8 shall not be deemed compliance with or a waiver of any requirements of the Contract
9 Documents.

10 27. GOVERNING LAW. This Contract shall be governed by and
11 construed pursuant to the laws of the State of California (except those provisions of
12 California law pertaining to conflicts of laws).

13 28. INTEGRATION. This Contract, including the Contract Documents
14 identified in Section 3 hereof, constitutes the entire understanding between the parties and
15 supersedes all other agreements, oral or written, with respect to the subject matter herein.

16 29. NONDISCRIMINATION. In connection with performance of this
17 Contract and subject to federal laws, rules and regulations, Contractor shall not
18 discriminate in employment or in the performance of this Contract on the basis of race,
19 religion, national origin, color, age, sex, sexual orientation, gender identity, AIDS, HIV
20 status, handicap or disability. It is the policy of the City to encourage the participation of
21 Disadvantaged, Minority and Women-Owned Business Enterprises, and the City
22 encourages Contractor to use its best efforts to carry out this policy in the award of all
23 subcontracts.

24 30. EQUAL BENEFITS ORDINANCE. Unless otherwise exempted in
25 accordance with the provisions of the Ordinance, this Contract is subject to the applicable
26 provisions of the Equal Benefits Ordinance ("EBO"), section 2.73 et seq. of the Long Beach
27 Municipal Code, as amended from time to time.

28 A. During the performance of this Contract, the Contractor certifies

1 and represents that the Contractor will comply with the EBO. The Contractor agrees
2 to post the following statement in conspicuous places at its place of business
3 available to employees and applicants for employment:

4 "During the performance of a Contract with the City of Long Beach, the
5 Contractor will provide equal benefits to employees with spouses and its
6 employees with domestic partners. Additional information about the City of
7 Long Beach's Equal Benefits Ordinance may be obtained from the City of
8 Long Beach Business Services Division at 562-570-6200."

9 B. The failure of the Contractor to comply with the EBO will be
10 deemed to be a material breach of the Contract by the City.

11 C. If the Contractor fails to comply with the EBO, the City may
12 cancel, terminate or suspend the Contract, in whole or in part, and monies due or to
13 become due under the Contract may be retained by the City. The City may also
14 pursue any and all other remedies at law or in equity for any breach.

15 D. Failure to comply with the EBO may be used as evidence
16 against the Contractor in actions taken pursuant to the provisions of Long Beach
17 Municipal Code 2.93 et seq., Contractor Responsibility.

18 E. If the City determines that the Contractor has set up or used its
19 contracting entity for the purpose of evading the intent of the EBO, the City may
20 terminate the Contract on behalf of the City. Violation of this provision may be used
21 as evidence against the Contractor in actions taken pursuant to the provisions of
22 Long Beach Municipal Code section 2.93 et seq., Contractor Responsibility.

23 31. DEFAULT. Default shall include but not be limited to Contractor's
24 failure to perform in accordance with the Plans and Specifications, failure to comply with
25 any Contract Document, failure to pay any penalties, fines or charges assessed against
26 Contractor by any public agency, failure to pay any charges or fees for services performed

A. Employment and Materials Preference for Appalachian Development Highway System or Appalachian Local Access Road Contracts (included in Appalachian contracts only)

I. GENERAL

1. Form FHWA-1273 must be physically incorporated in each construction contract funded under Title 23 (excluding emergency contracts solely intended for debris removal). The contractor (or subcontractor) must insert this form in each subcontract and further require its inclusion in all lower tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services).

The applicable requirements of Form FHWA-1273 are incorporated by reference for work done under any purchase order, rental agreement or agreement for other services. The prime contractor shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Form FHWA-1273 must be included in all Federal-aid design-build contracts, in all subcontracts and in lower tier subcontracts (excluding subcontracts for design services, purchase orders, rental agreements and other agreements for supplies or services). The design-builder shall be responsible for compliance by any subcontractor, lower-tier subcontractor or service provider.

Contracting agencies may reference Form FHWA-1273 in bid proposal or request for proposal documents, however, the Form FHWA-1273 must be physically incorporated (not referenced) in all contracts, subcontracts and lower-tier subcontracts (excluding purchase orders, rental agreements and other agreements for supplies or services related to a construction contract).

2. Subject to the applicability criteria noted in the following sections, these contract provisions shall apply to all work performed on the contract by the contractor's own organization and with the assistance of workers under the contractor's immediate superintendence and to all work performed on the contract by piecework, station work, or by subcontract.
3. A breach of any of the stipulations contained in these Required Contract Provisions may be sufficient grounds for withholding of progress payments, withholding of final payment, termination of the contract, suspension / debarment or any other action determined to be appropriate by the contracting agency and FHWA.
4. Selection of Labor: During the performance of this contract, the contractor shall not use convict labor for any purpose within the limits of a construction project on a Federal-aid highway unless it is labor performed by convicts who are on parole, supervised release, or probation. The term Federal-aid highway does not include roadways functionally classified as local roads or rural minor collectors.

II. NONDISCRIMINATION

The provisions of this section related to 23 CFR Part 230 are applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more. The provisions of 23 CFR Part 230 are not applicable to material supply, engineering, or architectural service contracts.

In addition, the contractor and all subcontractors must comply with the following policies: Executive Order 11246, 41 CFR 60, 29 CFR 1625-1627, Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The contractor and all subcontractors must comply with: the requirements of the Equal Opportunity Clause in 41 CFR 60-1.4(b) and, for all construction contracts exceeding \$10,000, the Standard Federal Equal Employment Opportunity Construction Contract Specifications in 41 CFR 60-4.3.

Note: The U.S. Department of Labor has exclusive authority to determine compliance with Executive Order 11246 and the policies of the Secretary of Labor including 41 CFR 60, and 29 CFR 1625-1627. The contracting agency and the FHWA have the authority and the responsibility to ensure compliance with Title 23 USC Section 140, the Rehabilitation Act of 1973, as amended (29 USC 794), and Title VI of the Civil Rights Act of 1964, as amended, and related regulations including 49 CFR Parts 21, 26 and 27; and 23 CFR Parts 200, 230, and 633.

The following provision is adopted from 23 CFR 230, Appendix A, with appropriate revisions to conform to the U.S. Department of Labor (US DOL) and FHWA requirements.

1. Equal Employment Opportunity: Equal employment opportunity (EEO) requirements not to discriminate and to take affirmative action to assure equal opportunity as set forth under laws, executive orders, rules, regulations (28 CFR 35, 29 CFR 1630, 29 CFR 1625-1627, 41 CFR 60 and 49 CFR 27) and orders of the Secretary of Labor as modified by the provisions prescribed herein, and imposed pursuant to 23 U.S.C. 140 shall constitute the EEO and specific affirmative action standards for the contractor's project activities under this contract. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) set forth under 28 CFR 35 and 29 CFR 1630 are incorporated by reference in this contract. In the execution of this contract, the contractor agrees to comply with the following minimum specific requirement activities of EEO:

- a. The contractor will work with the contracting agency and the Federal Government to ensure that it has made every good faith effort to provide equal opportunity with respect to all of its terms and conditions of employment and in their review of activities under the contract.
- b. The contractor will accept as its operating policy the following statement:

"It is the policy of this Company to assure that applicants are employed, and that employees are treated during employment, without regard to their race, religion, sex, color, national origin, age or disability. Such action shall include: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship, pre-apprenticeship, and/or on-the-job training."

FHWA-1273 -- Revised May 1, 2012

2. EEO Officer: The contractor will designate and make known to the contracting officers and EEO Officer who will have the responsibility for and must be capable of effectively administering and promoting an active EEO program and who must be assigned adequate authority and responsibility to do so.

3. Dissemination of Policy: All members of the contractor's staff who are authorized to hire, supervise, promote, and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the contractor's EEO policy and contractual responsibilities to provide EEO in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:

- a. Periodic meetings of supervisory and personnel office employees will be conducted before the start of work and then not less often than once every six months, at which time the contractor's EEO policy and its implementation will be reviewed and explained. The meetings will be conducted by the EEO Officer.
- b. All new supervisory or personnel office employees will be given a thorough indoctrination by the EEO Officer, covering all major aspects of the contractor's EEO obligations within thirty days following their reporting for duty with the contractor.
- c. All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer in the contractor's procedures for locating and hiring minorities and women.
- d. Notices and posters setting forth the contractor's EEO policy will be placed in areas readily accessible to employees, applicants for employment and potential employees.
- e. The contractor's EEO policy and the procedures to implement such policy will be brought to the attention of employees by means of meetings, employee handbooks, or other appropriate means.

4. Recruitment: When advertising for employees, the contractor will include in all advertisements for employees the notation: "An Equal Opportunity Employer." All such advertisements will be placed in publications having a large circulation among minorities and women in the area from which the project work force would normally be derived.

- a. The contractor will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minorities and women. To meet this requirement, the contractor will identify sources of potential minority group employees, and establish with such identified sources procedures whereby minority and women applicants may be referred to the contractor for employment consideration.
- b. In the event the contractor has a valid bargaining agreement providing for exclusive hiring hall referrals, the contractor is expected to observe the provisions of that agreement to the extent that the system meets the contractor's compliance with EEO contract provisions. Where implementation of such an agreement has the effect of discriminating against minorities or women, or obligates the contractor to do the same, such implementation violates Federal nondiscrimination provisions.

c. The contractor will encourage its present employees to refer minorities and women as applicants for employment. Information and procedures with regard to referring such applicants will be discussed with employees.

5. Personnel Actions: Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoff, and termination, shall be taken without regard to race, color, religion, sex, national origin, age or disability. The following procedures shall be followed:

- a. The contractor will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.
- b. The contractor will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.
- c. The contractor will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the contractor will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.
- d. The contractor will promptly investigate all complaints of alleged discrimination made to the contractor in connection with its obligations under this contract, will attempt to resolve such complaints, and will take appropriate corrective action within a reasonable time. If the investigation indicates that the discrimination may affect persons other than the complainant, such corrective action shall include such other persons. Upon completion of each investigation, the contractor will inform every complainant of all of their avenues of appeal.

6. Training and Promotion:

- a. The contractor will assist in locating, qualifying, and increasing the skills of minorities and women who are applicants for employment or current employees. Such efforts should be aimed at developing full journey level status employees in the type of trade or job classification involved.
- b. Consistent with the contractor's work force requirements and as permissible under Federal and State regulations, the contractor shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. In the event a special provision for training is provided under this contract, this subparagraph will be superseded as indicated in the special provision. The contracting agency may reserve training positions for persons who receive welfare assistance in accordance with 23 U.S.C. 140(a).
- c. The contractor will advise employees and applicants for employment of available training programs and entrance requirements for each.
- d. The contractor will periodically review the training and promotion potential of employees who are minorities and women and will encourage eligible employees to apply for such training and promotion.

FHWA-1273 -- Revised May 1, 2012

7. Unions: If the contractor relies in whole or in part upon unions as a source of employees, the contractor will use good faith efforts to obtain the cooperation of such unions to increase opportunities for minorities and women. Actions by the contractor, either directly or through a contractor's association acting as agent, will include the procedures set forth below:

- a. The contractor will use good faith efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minorities and women for membership in the unions and increasing the skills of minorities and women so that they may qualify for higher paying employment.
- b. The contractor will use good faith efforts to incorporate an EEO clause into each union agreement to the end that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex, national origin, age or disability.
- c. The contractor is to obtain information as to the referral practices and policies of the labor union except that to the extent such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the contractor, the contractor shall so certify to the contracting agency and shall set forth what efforts have been made to obtain such information.
- d. In the event the union is unable to provide the contractor with a reasonable flow of referrals within the time limit set forth in the collective bargaining agreement, the contractor will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin, age or disability; making full efforts to obtain qualified and/or qualifiable minorities and women. The failure of a union to provide sufficient referrals (even though it is obligated to provide exclusive referrals under the terms of a collective bargaining agreement) does not relieve the contractor from the requirements of this paragraph. In the event the union referral practice prevents the contractor from meeting the obligations pursuant to Executive Order 11246, as amended, and these special provisions, such contractor shall immediately notify the contracting agency.

8. Reasonable Accommodation for Applicants / Employees with Disabilities: The contractor must be familiar with the requirements for and comply with the Americans with Disabilities Act and all rules and regulations established there under. Employers must provide reasonable accommodation in all employment activities unless to do so would cause an undue hardship.

9. Selection of Subcontractors, Procurement of Materials and Leasing of Equipment: The contractor shall not discriminate on the grounds of race, color, religion, sex, national origin, age or disability in the selection and retention of subcontractors, including procurement of materials and leases of equipment. The contractor shall take all necessary and reasonable steps to ensure nondiscrimination in the administration of this contract.

- a. The contractor shall notify all potential subcontractors and suppliers and lessors of their EEO obligations under this contract.
- b. The contractor will use good faith efforts to ensure subcontractor compliance with their EEO obligations.

10. Assurance Required by 49 CFR 26.13(b):

- a. The requirements of 49 CFR Part 26 and the State DOT's U.S. DOT-approved DBE program are incorporated by reference.
- b. The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the contracting agency deems appropriate.

11. Records and Reports: The contractor shall keep such records as necessary to document compliance with the EEO requirements. Such records shall be retained for a period of three years following the date of the final payment to the contractor for all contract work and shall be available at reasonable times and places for inspection by authorized representatives of the contracting agency and the FHWA.

- a. The records kept by the contractor shall document the following:
 - (1) The number and work hours of minority and non-minority group members and women employed in each work classification on the project;
 - (2) The progress and efforts being made in cooperation with unions, when applicable, to increase employment opportunities for minorities and women; and
 - (3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minorities and women.
- b. The contractors and subcontractors will submit an annual report to the contracting agency each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form FHWA-1391. The staffing data should represent the project work force on board in all or any part of the last payroll period preceding the end of July. If on-the-job training is being required by special provision, the contractor will be required to collect and report training data. The employment data should reflect the work force on board during all or any part of the last payroll period preceding the end of July.

III. NONSEGREGATED FACILITIES

This provision is applicable to all Federal-aid construction contracts and to all related construction subcontracts of \$10,000 or more.

The contractor must ensure that facilities provided for employees are provided in such a manner that segregation on the basis of race, color, religion, sex, or national origin cannot result. The contractor may neither require such segregated use by written or oral policies nor tolerate such use by employee custom. The contractor's obligation extends further to ensure that its employees are not assigned to perform their services at any location, under the contractor's control, where the facilities are segregated. The term "facilities" includes waiting rooms, work areas, restaurants and other eating areas, time clocks, restrooms, washrooms, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation, and housing provided for employees. The contractor shall provide separate or single-user restrooms and necessary dressing or sleeping areas to assure privacy between sexes.

FHWA-1273 -- Revised May 1, 2012

IV. DAVIS-BACON AND RELATED ACT PROVISIONS

This section is applicable to all Federal-aid construction projects exceeding \$2,000 and to all related subcontracts and lower-tier subcontracts (regardless of subcontract size). The requirements apply to all projects located within the right-of-way of a roadway that is functionally classified as Federal-aid highway. This excludes roadways functionally classified as local roads or rural minor collectors, which are exempt. Contracting agencies may elect to apply these requirements to other projects.

The following provisions are from the U.S. Department of Labor regulations in 29 CFR 5.5 "Contract provisions and related matters" with minor revisions to conform to the FHWA-1273 format and FHWA program requirements.

1. Minimum wages

a. All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph 1.d. of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in 29 CFR 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, That the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph 1.b. of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

b. (1) The contracting officer shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The contracting officer shall approve an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

- (i) The work to be performed by the classification requested is not performed by a classification in the wage determination; and
 - (ii) The classification is utilized in the area by the construction industry; and
 - (iii) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.
- (2) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the contracting officer agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), a report of the action taken shall be sent by the contracting officer to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification action within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
- (3) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the contracting officer do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the contracting officer shall refer the questions, including the views of all interested parties and the recommendation of the contracting officer, to the Wage and Hour Administrator for determination. The Wage and Hour Administrator, or an authorized representative, will issue a determination within 30 days of receipt and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.
- (4) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs 1.b.(2) or 1.b.(3) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

c. Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

d. If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program. Provided, That the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

FHWA-1273 -- Revised May 1, 2012

2. Withholding

The contracting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract, or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the contracting agency may, after written notice to the contractor, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

3. Payrolls and basic records

a. Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

b. (1) The contractor shall submit weekly for each week in which any contract work is performed a copy of all payrolls to the contracting agency. The payrolls submitted shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on weekly transmittals. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/esa/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and

current address of each covered worker, and shall provide them upon request to the contracting agency for transmission to the State DOT, the FHWA or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the contracting agency.

(2) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(i) That the payroll for the payroll period contains the information required to be provided under §5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under §5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(ii) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(iii) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(3) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph 3.b.(2) of this section.

(4) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

c. The contractor or subcontractor shall make the records required under paragraph 3.a. of this section available for inspection, copying, or transcription by authorized representatives of the contracting agency, the State DOT, the FHWA, or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the FHWA may, after written notice to the contractor, the contracting agency or the State DOT, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

FHWA-1273 -- Revised May 1, 2012

4. Apprentices and trainees**a. Apprentices (programs of the USDOL).**

Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice.

The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed.

Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination.

In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

b. Trainees (programs of the USDOL).

Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration.

The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration.

Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed.

In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

c. Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.**d. Apprentices and Trainees (programs of the U.S. DOT).**

Apprentices and trainees working under apprenticeship and skill training programs which have been certified by the Secretary of Transportation as promoting EEO in connection with Federal-aid highway construction programs are not subject to the requirements of paragraph 4 of this Section IV. The straight time hourly wage rates for apprentices and trainees under such programs will be established by the particular programs. The ratio of apprentices and trainees to journeymen shall not be greater than permitted by the terms of the particular program.

5. Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

6. Subcontracts. The contractor or subcontractor shall insert Form FHWA-1273 in any subcontracts and also require the subcontractors to include Form FHWA-1273 in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

7. Contract termination; debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

FHWA-1273 -- Revised May 1, 2012

8. Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

9. Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and the contracting agency, the U.S. Department of Labor, or the employees or their representatives.

10. Certification of eligibility.

- a. By entering into this contract, the contractor certifies that neither it (nor he or she) nor any person or firm who has an interest in the contractor's firm is a person or firm ineligible to be awarded Government contracts by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- b. No part of this contract shall be subcontracted to any person or firm ineligible for award of a Government contract by virtue of section 3(a) of the Davis-Bacon Act or 29 CFR 5.12(a)(1).
- c. The penalty for making false statements is prescribed in the U.S. Criminal Code, 18 U.S.C. 1001.

These clauses shall be inserted in addition to the clauses required by 29 CFR 5.5(a) or 29 CFR 4.6. As used in this paragraph, the terms laborers and mechanics include watchmen and guards.

1. Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

2. Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1.) of this section, the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph

3. Withholding for unpaid wages and liquidated damages. The FHWA or the contacting agency shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2.) of this section.

4. Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1.) through (4.) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1.) through (4.) of this section.

VI. SUBLETTING OR ASSIGNING THE CONTRACT

This provision is applicable to all Federal-aid construction contracts on the National Highway System.

1. The contractor shall perform with its own organization contract work amounting to not less than 30 percent (or a greater percentage if specified elsewhere in the contract) of the total original contract price, excluding any specialty items designated by the contracting agency. Specialty items may be performed by subcontract and the amount of any such specialty items performed may be deducted from the total original contract price before computing the amount of work required to be performed by the contractor's own organization (23 CFR 635.116).

a. The term "perform work with its own organization" refers to workers employed or leased by the prime contractor, and equipment owned or rented by the prime contractor, with or without operators. Such term does not include employees or equipment of a subcontractor or lower tier subcontractor, agents of the prime contractor, or any other assignees. The term may include payments for the costs of hiring leased employees from an employee leasing firm meeting all relevant Federal and State regulatory requirements.  3. The contractor shall furnish (a) a competent superintendent or supervisor who is employed by the firm, has full authority to direct performance of the work in accordance with the contract requirements, and is in charge of all construction operations (regardless of who performs the work) and (b) such other of its own organizational resources (supervision, management, and engineering services) as the contracting officer determines is necessary to assure the performance of the contract.
 4. No portion of the contract shall be sublet, assigned or otherwise disposed of except with the written consent of the contracting officer, or authorized representative, and such consent when given shall not be construed to relieve the contractor of any responsibility for the fulfillment of the contract. Written consent will be given only after the contracting agency has assured that each subcontract is evidenced in writing and that it contains all pertinent provisions and requirements of the prime contract.
 5. The 30% self-performance requirement of paragraph (1) is not applicable to design-build contracts; however, contracting agencies may establish their own self-performance requirements

2. It is a condition of this contract, and shall be made a condition of each subcontract, which the contractor enters into pursuant to this contract, that the contractor and any subcontractor shall not permit any employee, in performance of the contract, to work in surroundings or under conditions which are unsanitary, hazardous or dangerous to his/her health or safety, as determined under construction safety and health standards (29 CFR 1926) promulgated by the Secretary of Labor, in accordance with Section 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 3704).

**USE TAX DIRECT PAYMENT PERMIT
(General Information and Filing Instructions)**

Revenue and Taxation Code section 7051.3 authorizes the State Board of Equalization to issue a *Use Tax Direct Payment Permit* to qualified applicants. This permit allows purchasers and lessees of tangible personal property (other than lessees of motor vehicles the lease of which is subject to the terms of section 7205.1 of the Sales and Use Tax Law) to self-assess and pay use taxes directly to the Board instead of to the vendor or lessor from whom the property is purchased or leased.

Permit holders will be provided with a *Use Tax Direct Payment Exemption Certificate* which they can issue to retailers and lessors when they purchase tangible personal property subject to use tax or make qualified leases of tangible personal property. Vendors who timely take the certificate in good faith from a permit holder are relieved of the duty to collect use taxes on the sales for which the certificate was issued. Permit holders who acquire property under a certificate must self-assess and report the use taxes directly to the Board on their tax returns, and allocate the local taxes to the county, city, city and county, or redevelopment agency in which the property is first used. Permit holders who fail to properly pay any use taxes that are due on property for which a certificate was given are subject to interest and penalties assessments in addition to their tax liability.

To qualify for a *Use Tax Direct Payment Permit*, an applicant must meet the following conditions:

- (1) The applicant must agree to self-assess and pay directly to the Board any use tax which is due on property for which a use tax direct payment exemption certificate was given; and
- (2) The applicant must certify to the Board either of the following:
 - (A) The applicant has purchased or leased for its own use tangible personal property subject to use tax which cost five hundred thousand dollars (\$500,000) or more in the aggregate, during the calendar year immediately preceding the application for the permit; or
 - (B) The applicant is a county, city, city and county, or redevelopment agency.

Persons wishing to obtain a use tax direct payment permit must be pre-qualified and either hold a California seller's permit or a consumer use tax account.

Persons other than governmental entities who currently hold either a California seller's permit or a consumer use tax account must complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under conditions of Part (2)(A) above, and submit a "Statement of Cash Flows" or other comparable financial statements acceptable to the board for the calendar year immediately preceding the date of application which discloses total purchases of property and equipment for own use and a separate statement under company letterhead certifying that five hundred thousand dollars (\$500,000) or more of such purchases were subject to use tax.

Persons other than governmental entities who are not required to hold a seller's permit and who do not currently hold a consumer use tax account must obtain a consumer use tax account and then complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(A) above and submit a "Statement of Cash Flows" or other comparable financial statements acceptable to the board for the calendar year immediately preceding the date of application which discloses total purchases of property and equipment for own use and a separate statement under company letterhead certifying that five hundred thousand dollars (\$500,000) or more of such purchases were subject to use tax.

Governmental entities who currently hold either a California seller's permit or a consumer use tax account must complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(B) above, and submit an additional statement to that effect under official letterhead and signed by an authorized governmental representative.

Governmental entities who do not hold a California seller's permit or a consumer use tax account must obtain a consumer use tax account and then complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(B) above, and submit an additional statement to that effect under official letterhead and signed by an authorized governmental representative.

The completed *Application for Use Tax Direct Payment Permit*, certification statement, and qualifying documentation should be returned to the address shown below. Upon determination that the applicant qualifies, a *Use Tax Direct Payment Permit* and a *Use Tax Direct Payment Exemption Certificate* will be mailed to the applicant.

If you would like additional information regarding the *Use Tax Direct Payment Permit* or need assistance in completing this application, you can call 916-445-5167, or write to the Board of Equalization, Compliance Policy Unit, P.O. Box 942878, Sacramento, CA 94279-0040.

PERFORMANCE BOND
(Bond for Faithful Performance)

WHEREAS, The CITY OF LONG BEACH, a municipal corporation of the State of California, hereinafter the "City" or "Obligee," have conditionally awarded to SULLY-MILLER CONTRACTING COMPANY, a Delaware corporation designated as the "Contractor" or "Principal" herein, a contract for the work ("Work") described as follows: Develop and Implement Traffic Calming Measures for Traffic Exiting the I-710 into Long Beach, as described in Specification No.: R-7053 and related drawings.

WHEREAS, the Principal is about to enter into a Contract with Obligee for performance of the Work, which Contract, and all Contract Documents set forth therein are incorporated herein by this reference.

WHEREAS, the Principal is required to furnish a bond guaranteeing the prompt, full and faithful performance of its obligations under the Contract Documents concurrently with delivery to Obligee of the executed Contract.

NOW, THEREFORE, we the undersigned Contractor, as Principal, and Liberty Mutual Insurance Company, an admitted surety insurer in the State of California, as Surety, are held and firmly bound unto THE CITY OF LONG BEACH, a municipal corporation of the State of California (hereinafter the "City" or "Obligee") in the penal sum of One Million Eight Hundred Thirty-Four Thousand Dollars (\$1,834,000) lawful money of the United States, for the payment of which sum, we bind ourselves, our heirs, executors, administrators and successors, jointly and severally.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT:

If the Principal shall promptly, fully and faithfully perform each and all of the obligations and things to be done and performed by the Principal in strict accordance with the terms of the Contract Documents as said Contract Documents may be modified or amended from time to time; and if the Principal shall indemnify and save harmless the Obligee and all of its officers, agents and employees from any and all losses, liability and damages, claims, judgments, stop notices, costs, and fees of every description, whether imposed by law or equity, which may be incurred by the Obligee by reason of the failure or default on the part of the Principal in the performance of any or all of the terms or the obligations of the Contract Documents, as they may be amended and supplemented including, but not limited to, its liability for liquidated damages for delay, all warranties or guarantees required thereunder and indemnity obligations; then this obligation shall be void; otherwise, it shall be, and remain, in full force and effect.

Whenever the Principal shall be, and is declared by the Obligee to be in default under the Contract, which shall include without limitation, any breach or default of the Contract Documents, then, after written notice from the Obligee to the Surety, as provided for below, the Surety shall either remedy the default or breach by the Principal or shall promptly and faithfully take charge of the Work of and complete the Work in accordance with the requirements of the Contract Documents with a contractor other than the Principal at its own expense and make available as work progresses sufficient funds to pay the cost of completion less the balance of the Contract price including other costs and damages for which the surety may be liable hereunder; provided, however, that the procedure by which the Surety undertakes to discharge its obligations under this Bond shall be subject to the advance written approval of the Obligee.

Within fifteen (15) days of Obligee's written notice to the Surety of the failure of performance of the Contract by the Principal, it shall be the duty of the Surety to give to the Obligee an unequivocal notice in writing of the Surety's election to remedy the default(s) of the Principal promptly, or to arrange for performance of the Contract promptly by a Contractor other than the Principal, time being of essence to this Bond. In said Notice of Election, the Surety shall state the date of commencement of its cure or remedy of the Principal's default(s) or its performance of the Contract. The Surety's obligations for cure or remedy, include but are not limited to: correction of defective work and completion of the Contract, additional legal, design professional and delay costs arising from Surety's actions or failure to act; and liquidated damages, or if no liquidated damages are specified in the Contract, actual damages caused by delayed performance or non-performance by the Principal. The Surety shall give prompt written notice to the Obligee upon completion of the cure or remedy of the Principal's default(s) of its performance of the Construction Contract.

If the Surety does issue its Notice of Election and does not proceed to cure or remedy the Principal's default(s) of its performance of the Work with reasonable promptness, the Surety shall be deemed to be in default on this bond fifteen (15) days after receipt of a written notice from Obligee to the Surety demanding that the Surety perform its obligations under this Bond, and the Obligee shall be entitled to enforce any remedy available to Obligee.

The Surety and Principal, for value received, hereby stipulate and agree that no change, extension of time, modification, alteration or addition to the terms of the Contract or Contract Documents or to the Work to be performed thereunder shall in any way affect or release the Principal or Surety or their respective heirs, executors, administrators, successors and assigns from their obligations on this bond, and Surety does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract, or Contract Documents, or to the Work. No premature payment by the City to the Principal shall release or exonerate the Surety, unless the Officer or Board of the City ordering the payment shall have actual notice at the time the order is made that the payment is in fact premature, and then only to the extent that such payment shall result in actual loss to the Surety, but in no event more than the amount of such premature payment.

FURTHER, Principal and Surety agree that if Obligees are required to engage the services of attorneys in connection with enforcement of the bond, each shall pay Obligees' reasonable attorneys' fees incurred, with or without suit, in addition to the above penal sum.

The guarantees contained herein shall survive the final completion of the Work called for in the Contract Documents with respect to the obligations and liabilities of the Principal which survive such final completion.

IN WITNESS WHEREOF, this instrument has been duly executed by the Principal and Surety above-named, on the 14th day of August, 2018.
