<b>Objectives</b>	<b>Activities</b>	<b>Timeline (Activity Completed By)</b>	<b>Documentation/Evaluation</b>
<p><b>Goal 1: Community Preparedness</b></p> <p><u>Problem:</u> Long Beach residents and community partners may have misinformation about Ebola Virus Disease (EVD), such as symptoms, affected countries, transmission, and other information on the disease. In particular, individuals who may lack access to information due to language or other barriers may have wrong information or not even be aware about EVD. Additionally, City-wide protocols for handling returning travelers and individuals who may be at risk for developing EVD are not thoroughly established.</p> <p><u>Objective:</u> Provide awareness-level information to the general public and community partners in various formats. Community members will increase basic understanding of EVD and have access to information on the disease; and documented roles and responsibilities of all Long Beach partners involved in an Ebola response.</p>	<ol style="list-style-type: none"> <li>1. Create basic educational materials such as fact sheets, infographics, quizzes, or videos.</li> <li>2. Translate developed materials into languages that reflect Long Beach's diverse population.</li> <li>3. Have materials reviewed by community members/partners and staff from other jurisdictions.</li> <li>4. Provide materials through various platforms including print materials (disseminated to parks facilities, partner agencies, Council offices, etc.), City website and social media.</li> <li>5. Assemble bi-annual meeting of Long Beach Ebola collaborative group to discuss and document response efforts via a tabletop format.
