**To:** Honorable Mayor and City Council  
**From:** Councilmember Patrick O'Donnell, Chair, State Legislation Committee  
**Subject:** **2011 STATE LEGISLATION AGENDA**

---

The State Legislation Committee, at its meeting held Monday, December 6, 2010, considered communications relative to the above subject.

It is the recommendation of the State Legislation Committee that the City Council concur in the recommendations of the Committee to discuss and take action on the 2011 State Legislation Agenda.

Respectfully submitted,

STATE LEGISLATION COMMITTEE

---

Councilmember Patrick O'Donnell, Chair

Prepared by:  
Dina Lopez Wild

**Date:** January 18, 2011

**To:** Mayor and Members of the City Council

**From:** Patrick O'Donnell, Chair of the State Legislation Committee 

**Subject:** **State Legislation Committee Amendments to the Proposed 2011 State Legislative Agenda**

---

### **OVERVIEW OF COMMITTEE ACTION**

At the December 6, 2010 State Legislation Committee meeting, the Committee voted to recommend multiple amendments to the Long Beach's 2010 State Legislative Agenda as the City prepares to finalize the 2011 State Legislative Agenda. These changes will be presented for the City Council's consideration.

The Committee voted to support staff's recommended changes, as well as two changes originating from the Committee and one additional change originating from staff. Proposed changes that arose in Committee are noted below and staff's recommended changes are attached.

### **ADDITIONAL PROPOSED CHANGES**

The amendments proposed during the Committee meeting by the Committee are as follows:

- Suggested change: Amend language to include underlined text, "Pursue and support legislation that protects and/or increases the value of State Enterprise Zones and encourages their use."
- Suggested change: Add language to read, "Support efforts to explore, fund, and construct zero emissions goods movement infrastructure".

The amendment proposed by staff is as follows:

- Suggested change: Add language to read, "Support legislation to preserve or extend the Vehicle License Fee (VLF) that directly funds local public safety programs such as COPS and booking fee reimbursements".

### **RECOMMENDED ACTION**

It is recommended that the City Council approve all recommendations of the State Legislation Committee for the 2011 State Legislative Agenda.

**Date:** November 29, 2010

**To:** State Legislation Committee Members

**From:** Patrick H. West, City Manager

**Subject:** Recommended Changes to the 2011 State Legislative Agenda

---

Each year, City staff reviews the State Legislative Agenda and recommends changes to the State Legislation Committee and the City Council to ensure that the agenda is up-to-date and addresses the legislative concerns of the City. The 2010 agenda was sent to all departments for their input. Attached for your review are staff's proposed changes. Below is a summary of those proposed changes, which helps explain why each deletion and addition is recommended.

#### **COMMUNITY SAFETY**

##### Item A: Public Health

Item 5 was added to support legislation that would provide small businesses reasonable time to implement ADA requirements while protecting the rights of the disabled community. In 2008 the State passed SB 1608 as a reform measure to increase voluntary compliance with ADA requirements while attempting to discourage vexatious litigants. Two years later, it appears that SB 1608 may not have resolved all of the issues, and several Long Beach businesses are facing numerous ADA lawsuits. Legislation may be introduced this year and this addition would give Long Beach an opportunity to comment.

Item 6 was added following City Council's approval on June 22, 2010 of the resolution in support of preservation of funds for services provided by the Guidance Center in the City of Long Beach.

##### Item B: Public Safety & Crime Prevention

Item 18 was added per the Health Department's recommendation in the interest of protecting social security information as it relates to informational death certificates.

#### **ENVIRONMENTAL**

##### Item G: SERRF

Item 2 was added to give the City the authority to pursue state action to either exempt waste to energy facilities or require any cap and trade program to give credit for the reduction of greenhouse gas emissions from waste to energy facilities such as SERRF.

*Item N: Single Use Carry out Bags*

Existing language was previously categorized as an "Additional Issue of State Legislative Importance." It is recommended that this language be re-classified as an "Environmental" item.

Additionally, language banning the use of single-use carry out bags was added and merged with the existing language to reflect City Council's priorities, signified by City Council action to support AB 1998 on June 15, 2010.

**NEIGHBORHOOD DEVELOPMENT**

*Item K: Vehicles*

The 2010 legislative session yielded a pilot program for two-way parking on specific two-way, narrow, dead-end streets in the Peninsula area of the City. Item 1 contains an amendment to existing language to extend or make permanent such parking practices indefinitely.

Item 2 was added to allow the City to support legislation to reduce blight in neighborhoods through reasonable restrictions on vehicles whose primary purpose is for use as an advertisement.

**TRANSPORTATION**

*Item F: Transportation Funding*

Item 6 will allow Long Beach to pursue state legislation to give local governments the flexibility needed to ensure public safety while updating local speed limits.

**CHILDREN/YOUTH & EDUCATION**

*Item D: Social and Emotional Well-Being*

Item 2 and the age ranges were updated in Items B, C and D to reflect City Council's support of the California Fostering Connections to Success Act.

**ADDITIONAL ISSUES OF STATE LEGISLATIVE IMPORTANCE**

*Item A: City Revenues*

Items 2, 4, 7 and 8 are recommended for removal, as the passage of Proposition 22 prohibits the State from borrowing any local government revenue, including Vehicle License Fee (VLF) revenues, Redevelopment Funds, or other funds.

Item 6 is added to give Long Beach the ability to pursue the collection of unpaid parking tickets.

Item I: Pension/Labor/Health Benefits

Items 1, 2 and 4 were removed from this section as the City updates its policy positions on pensions. Items were added to the pension section to reflect more recent Council positions on pensions.

Item 5 was added to reflect City Council's priorities as stated in the resolution to support or sponsor a ban on providing retroactive pension benefits. The resolution passed City Council on November 9, 2010.

Item 6 was added to give local governments the authority to provide public safety retirees either a disability pension or workers compensation provided that the employee qualifies to receive the compensation upon retirement, but not both a disability pension and workers compensation payment. Currently PERS law and workers compensation law both provide compensation for disabled workers; however, some non-PERS systems allow either a workers compensation payment or a disability pension, but do not allow both. This addition will allow the City to explore introducing or supporting legislation to allow either system of disability compensation, but not both.

Item 7 was added to promote the goal of reducing overall employee pension costs.

Item Q: Sustainability

This language was moved under the Environmental section of the state legislative agenda.

Item R: Form 700 Filing

It is recommended that Item R be amended to extend or make permanent a pilot program to permit electronic filing of Form-700. The pilot program was created in the 2010 legislative session.

Item R: Marriage License

This new item will allow the City of Long Beach's City Clerk Office to pursue legislation that would allow City Clerks of incorporated cities to solemnize marriages at city hall.

Item S: Design-Build

This new item is added to allow the City of Long Beach to pursue legislation that would allow the City to move forward on design-build projects.

## **NEXT STEPS**

A State Legislation Committee meeting has been called for December 6, 2010 to review and discuss the recommended changes. City Council discussion and approval of the Committee's recommendations is expected to take place after the Committee takes action.
