NOFA OVERVIEW AND GENERAL INFORMATION

Opportunity

The City of Long Beach Department of Development Services (City) announces the availability of \$4 million in HOME Investment Partnerships Program (HOME) funds to be awarded to qualified housing development companies. Eligible activities under the NOFA are limited to the development of affordable housing in the City of Long Beach. A proposed project must contain a minimum of 60 units (not all units are required to be HOME assisted). In an effort to affirmatively further fair housing, projects located in a “High Resource” region in the TCAC/HCD Opportunity Map are desired.

As appropriate, financial assistance to selected projects will be made in the form of residual receipts loans. The rates and terms of the loans shall be subject to negotiation on a project-by-project basis. All loans will be secured by a lien on the property. Applicants who previously received a funding commitment from the City, are not eligible to apply.

The deadline for submitting proposals in response to the NOFA is 4:00 P.M. on November 4, 2022. Proposals will be reviewed for compliance with the HOME Program regulations and the terms of this NOFA. Projects that are determined to comply with both the HOME Program Regulations and the NOFA will be evaluated according to the established NOFA Evaluation Criteria.

The project(s) determined to be the most competitive will be presented to the Long Beach Housing Development Company (LBCIC) for confirmation and loan approval. The City reserves the right to request additional information and/or to reject any or all proposals.

The amount of financial assistance allocated to eligible projects under this NOFA will be limited to \$4 million. No additional funds will be committed to this project(s). These funds must be expended over a two-to four-year period.

Questions related to this HOME NOFA must be submitted by email to silvia.medina@longbeach.gov by 5:00 P.M. on October 21, 2022.

NOFA OVERVIEW AND GENERAL INFORMATION

HUD Regulations

The availability and use of these funds is subject to the HOME Program regulations imposed by the United States Department of Housing and Urban Development (HUD). A sample of pertinent HUD regulations is presented in Attachment 1.

Specific implementing requirements imposed by the HOME Final Rule can be summarized as follows:

1. If an owner chooses to adopt and follow a written tenant selection policy that limits eligibility or gives a preference to a particular segment of the population, as permitted in the written agreement, the limitation or preference must not violate the nondiscrimination requirements imposed by HUD. The owner must state whether or not a preference will be used for tenant selection prior to closing (LBCIC Preference Policy will apply – see Attachment 2)
2. Awardees must use the HUD Utility Schedule Model for utility allowances. The utility allowances will be calculated by the City on an annual basis, and provided to the awardees with a deadline for implementation.
3. Housing must be occupied by eligible tenants within six months following completion of construction.
4. If one of the following events occurs, the HOME funds must be repaid:
 - a. For any housing unit that has not been rented to eligible households within 18 months following the completion of construction; or
 - b. If the project is not completed within four years of the date funds were committed.

Applicants should carefully review the HOME Program Regulations prior to submitting a HOME Program Proposal. Please direct questions regarding this NOFA to Silvia Medina at silvia.medina@longbeach.gov.

- d. Legal Costs. In any action to enforce these guidelines, the City/LBCIC shall be entitled to recover its reasonable attorney's fees and costs.

DISPARATE IMPACT

As a matter of legal due diligence, City/LBCIC staff conducted a preliminary demographic analysis (including race/ethnicity, gender, and disability, etc.) of waiting lists for recently completed affordable housing projects in Long Beach to see if the racial, ethnic, gender, etc. breakdown of Long Beach residents on the lists are significantly different from the breakdown of non-residents. The results of that analysis showed no disparate impacts to any protected class if a residency preference is applied. First, an average of 67% of households on the waiting lists and about 62% of households selected for units are already Long Beach residents. Thus the impact of instituting a residency preference would be relatively limited, since the majority of

households selected for new units are already Long Beach residents. Second, the composition of Long Beach residents on the lists compared to the non-residents is actually more diverse. Third, when the demographic composition of Long Beach residents is compared to Los Angeles County residents, Long Beach is more diverse. Therefore, based on data from recent projects and the US Census, there is no evidence that imposing a Long Beach resident and worker local housing preference policy would have a significant disparate impact on any class protected by the US Constitution or federal fair housing laws.

Staff also compared the demographics presented in the 2009 homeless count completed by the Long Beach Health Department to the demographics contained in the US Census information for Long Beach and the County of Los Angeles. Staff found that the homeless Hispanic and Asian populations in Long Beach were less than the general population of both the City and the County. In addition, staff found that the percentage of homeless men is greater than the percent of men in the City and County. However, staff feels that the homeless population is one with the greatest need for housing assistance, and the likelihood of causing a discriminatory impact on groups protected by fair housing laws for providing a preference for homeless persons is not significant.
