(Citywide)		melf@charter.net		Wrigley	Long Beach	California	90806	I fully support the ordinance in it's current form of 1320 ft. separation between like businesses and the CUP. Please consider adding the CCA/CCN zones to the not allowed list, we must protect sensitive revitalizing areas. Please also explore the 500 ft. from residential neighborhoods. Remember there are 53 fringe financial businesses in LB to take care of the people worried about losing their fringe lender. That's more than enough, we can only hope they'll go away on their own. Thank you.

(Citywide)		leefukui@yahoo.com		Wrigley	Long Beach	California	90806	Please consider adding CCA/CCN zones in the Not Allowed section and explore adding a 500 ft. buffer to residential neighborhoods. Keep the 1,320 ft. spacing of like businesses. The industry wants unrestricted access and will complain that our city is anti-business, but in order to attract better businesses here, we have to get rid of blighting influences that hurt our neighbors and the local economy. If these are such great businesses then why have they been banned in more than 15 states?
