CHAIR AND PLANNING COMMISSIONERS  
City of Long Beach  
California

**RECOMMENDATION:**

Receive and file the report from The Boeing Company and concur with staff's finding that they have complied with the terms and conditions required under the Douglas Park Development Agreement, and fulfilled the requirements for the reporting period of January 2013 through December 2013. (District 5)

**APPLICANT:** Douglas Park-Long Beach Property Owners Association  
250 El Camino Real, Suite 210  
Tustin, CA 92780  
(Application No.1404-20)

**DISCUSSION**

In 2005, the City of Long Beach and the McDonnell Douglas Corporation, a wholly-owned subsidiary of The Boeing Company (Boeing), entered into a Development Agreement (Agreement) to allow for a mixed-use master planned community at 3855 Lakewood Boulevard, called Douglas Park (Exhibit A – Location Map). The Agreement was subsequently revised to address the rezone north of Cover Street which eliminated the residential land use and expanded the office, retail and light industrial land uses, rerouted bike paths, reconfigured and relocated open spaces, and restructured the financial contributions of Boeing. The Restated and Amended Development Agreement (DA) was approved in 2009 and recorded in May 2010. All obligations regarding DA compliance have now been turned over from Boeing to the Douglas Park-Long Beach Property Owners Association (Douglas Park POA).

**2012 REPORTING PERIOD**

Pursuant to Section 5.1 of the DA, an annual review is required to determine good faith compliance with the provisions of the DA. The Douglas Park POA has submitted the annual report and staff has conducted its review (Exhibit B – Development Review Status Matrix). Major project activities that occurred in 2013 include:

- Courtyard Marriott Hotel project-Phase II construction which included the two retail pads located to the east of the newly constructed hotel was completed and finalized in June 2013 and commenced March 2012. The entire hotel project consists of an 89,455-square-foot hotel with 198 parking spaces, and two retail pads of approximately 5,000 square feet each.

CHAIR AND PLANNING COMMISSIONERS

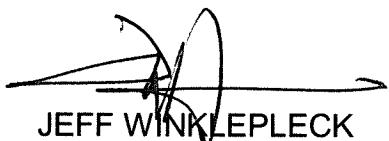

August 7, 2014

Page 2 of 2

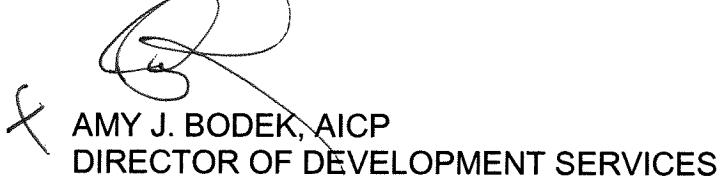

- Sares/Regis – Pacific Pointe North project construction completed January 2013. The project consists of four new industrial buildings with the following square footages: 103,469 square feet, 87,112 square feet, 42,831 square feet and 35,272 square feet. The project also includes a total of 403 parking spaces.
- Sares/Regis – Pacific Pointe South project construction completed August 2013. The project consists of three new industrial buildings of 131,423 square feet, 168,271 square feet, and 106,275 square feet, respectively.

Staff has reviewed the submitted materials from the Douglas Park POA and determined that all activity described in Exhibit B is substantial and that the applicant is in compliance with the terms of the Agreement. Staff recommends Planning Commission approval of the DA annual review.

Respectfully submitted,

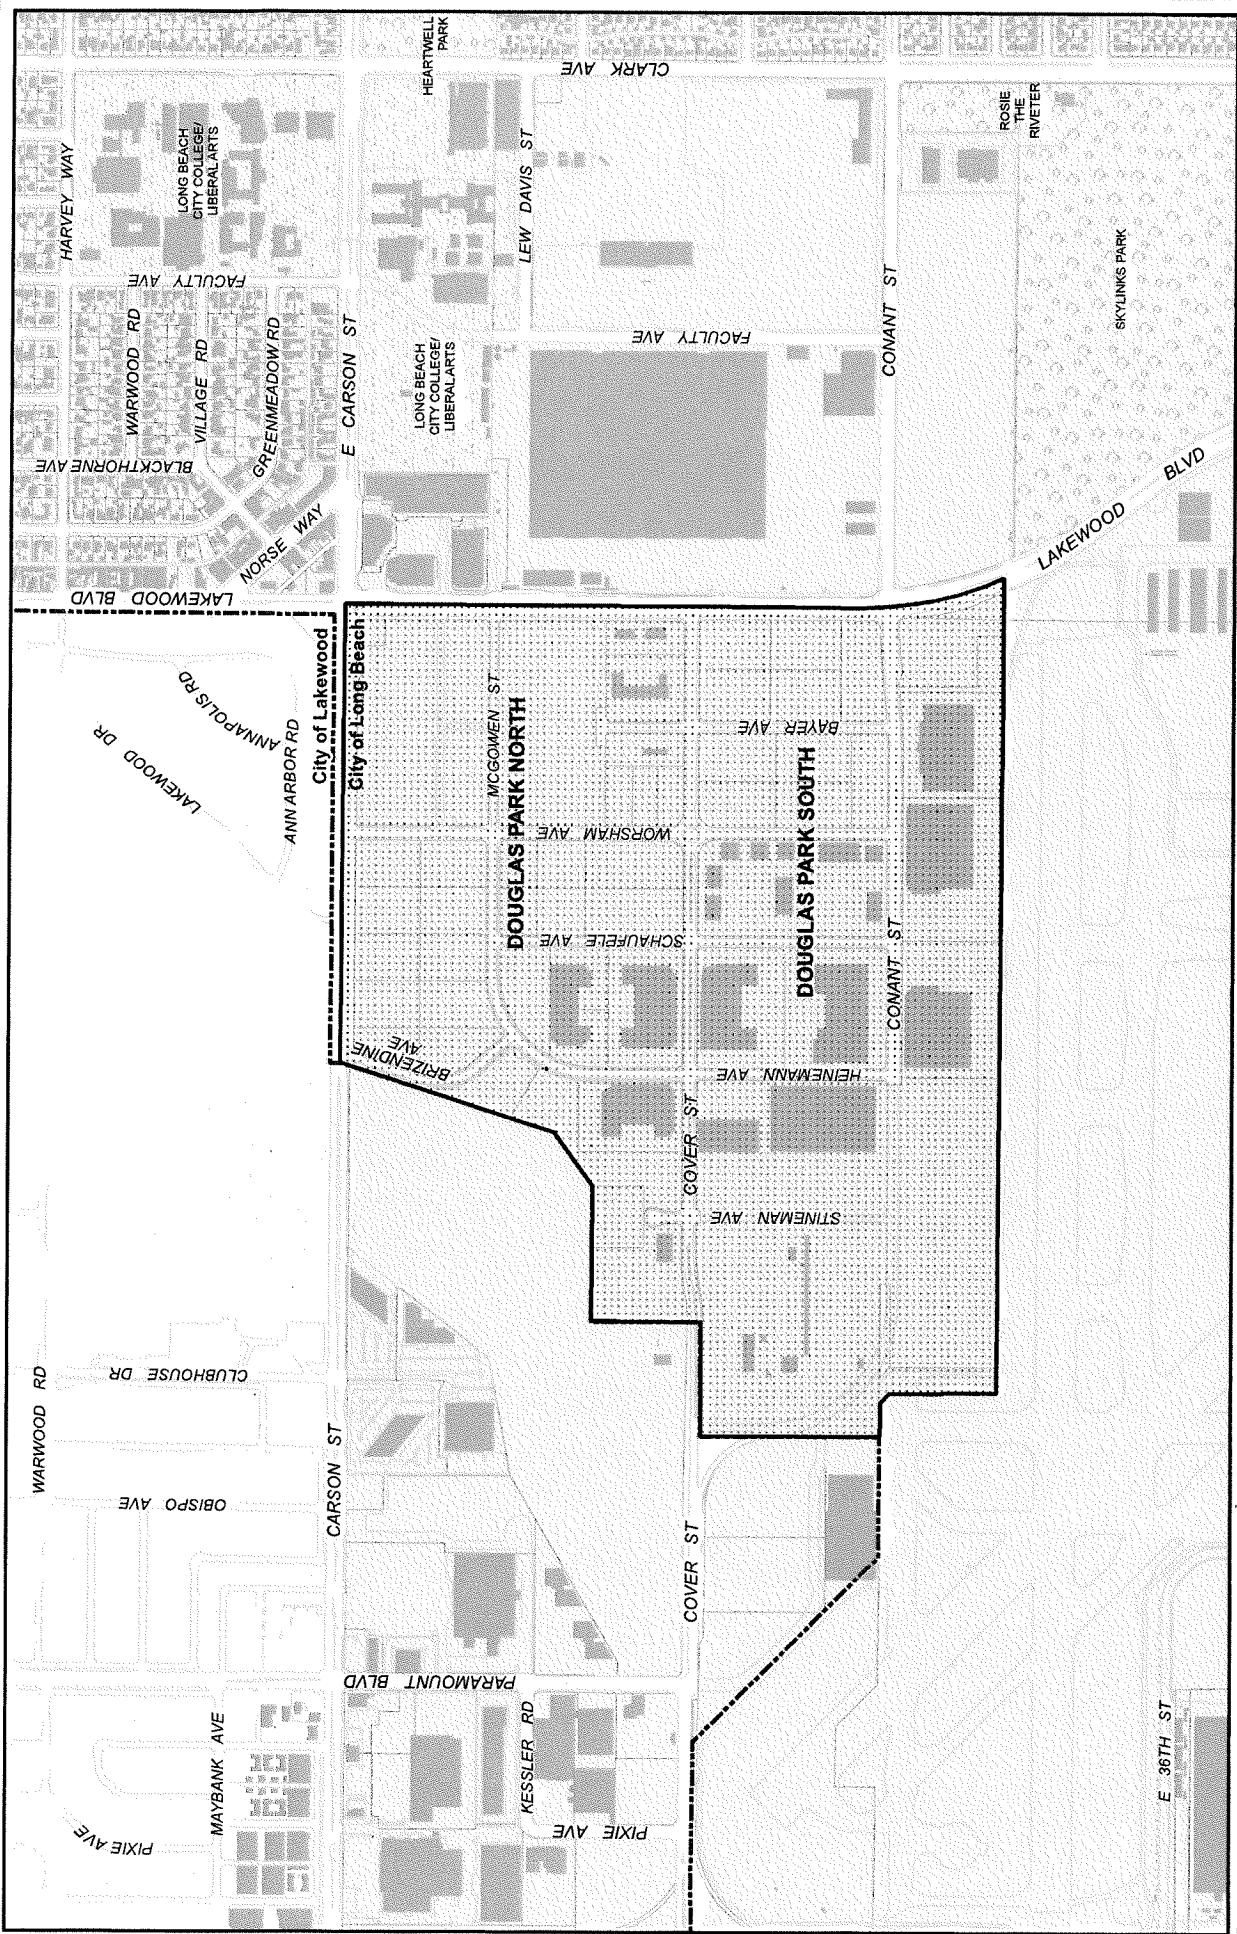

JEFF WINKLEPLECK  
ACTING PLANNING ADMINISTRATOR
