Subject   Kudo's on Gaslamp!

Hi there,
I wanted to take a moment to commend you on having such a philanthropic and wonderful business and business owners within your city... the Gaslamp & Alicia Shelton. I have had the fortunate experience of working with them to benefit the 46 million American who live with arthritis each day. The Gaslamp set-up an employee team and contracted a very fun and clean band, Knyght Ryder, to play our 2007 Arthritis Walk. It was the hit of our event and I can't thank Alicia with the Gaslamp enough for helping us and for going above and beyond by raising money for our cause. She and her employees came out for an early morning and showed their support. In return, our walk committee (who ranges in age from young to "mature") wanted to thank them and we had a wrap-up dinner at their location on a Friday night. I was impressed by the amazing work they had done on the old dive that was located there prior to their arrival. It's truly a high-class restaurant with entertainment for all ages. I only wish the city I live in, Ladera Ranch, had such a fun spot for my family and friends to enjoy. Kudo's on having such a nice spot in your city for so many to enjoy!
Sincerely,
Amy

It Hurts to Be #1!
- Arthritis is the #1 cause of disability and work disability.
- Arthritis costs our country over $128 billion annually!
- Arthritis affects more children than juvenile diabetes, muscular dystrophy, cystic fibrosis and cerebral palsy COMBINED!
