

Agenda item 23 Chronic Taco

Re: Document attached to Police Report.

Police Report show incorrect location on map. Actual location is the corner of 39thpl and Ocean Blvd. On the border with police crime area #532. a high crime area. See attached Map.

Police crime area 533 = 157 reported crimes

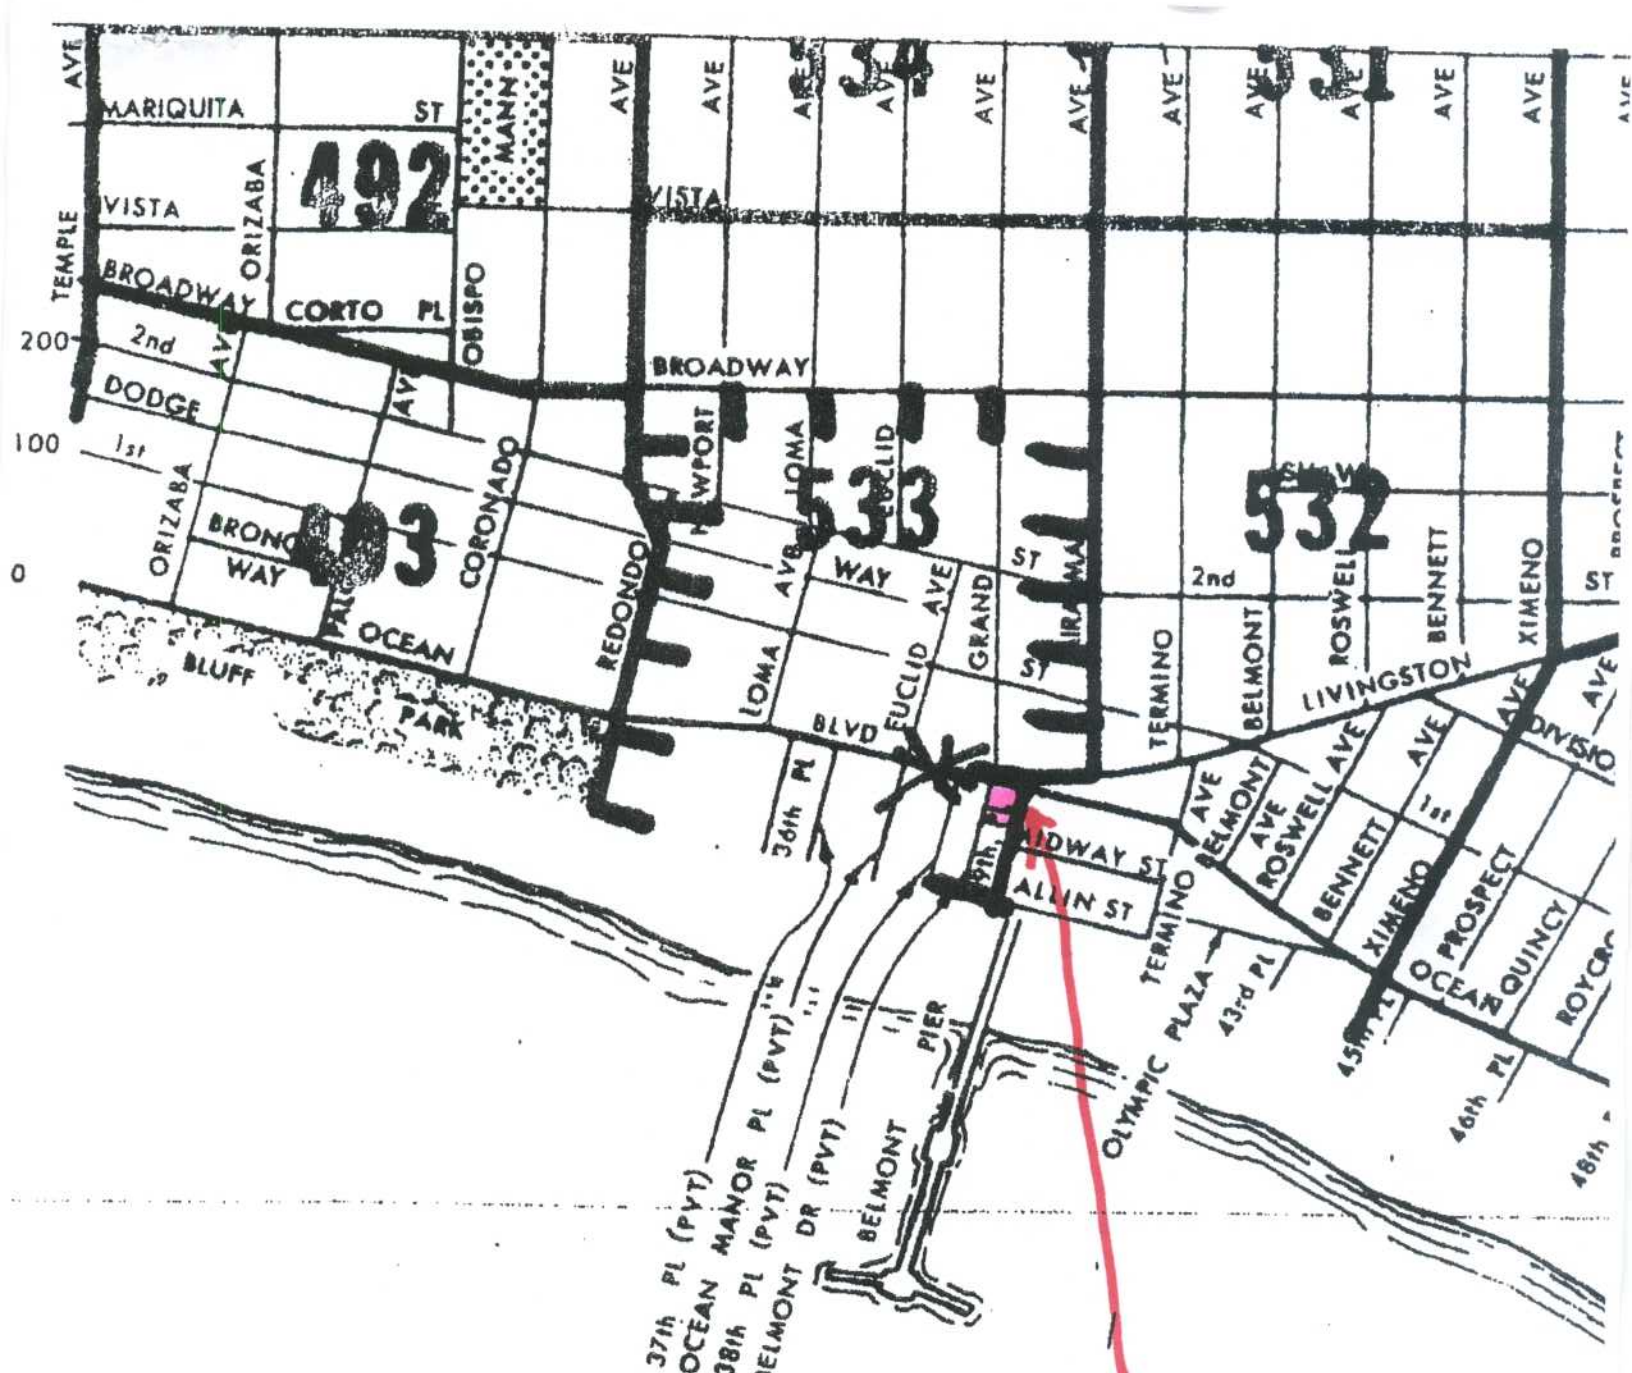

Police crime area 532 = 283 reported crimes

Combined area 533+532= 440 reported crimes or an average of 220 crimes .

Long Beach code defines more than 198 crimes a "high crime area"

In addition the cover report legislative file #08-0705 says erroneously That there are "None" as basis for a protest. There are two in the attachment listed as proximity to residences and the high number of alcohol licenses.
