To: State Legislation Committee Members

From: Patrick H. West, City Manager *PLW*

Subject: **Recommended Changes for the 2017 State Legislative Agenda**

Each year, City staff reviews the State Legislative Agenda and recommends changes to the State Legislation Committee to ensure the agenda is up-to-date and addresses the legislative concerns of the City. The 2016 agenda was sent to all City departments for input, and staff's proposed changes are described in this memorandum.

Overall Proposed Legislative Agenda Changes

The City Manager's Office proposes to:

1. Use a consistent format that supports "policies, legislation and grants" where applicable.
2. Merge items that can be merged without changing the original intent of the policy.
3. Broaden definitions where the original intent of the policy would not be affected if broadened.
4. Reorganize the State Legislative Agenda so that all items fall under an objective.

A similar effort was conducted last year on the Federal Legislative Agenda, and these changes will align the State Legislative Agenda with that format.

ECONOMIC DEVELOPMENT

Objective 4 is amended to reflect the City's intent to promote equity, in addition to diversity and inclusiveness.

Directive 1 (f) is removed as the State has a specific format they use for their budging purposes.

Directive 1 (g) is amended to widen the scope of public-private partnerships that City may support or pursue.

Directive 1 (h) is added in order to reflect the criticality of operational continuity at the Port of Long Beach.

Directive 3 (b) is amended to spell out the acronym DBAW, which stands for Department of Boating and Waterways.

Directive 4 (a) is amended to include the City's support of efforts that ensure

effective resources for projects related to populations in particular need for interventions: (e.g., emancipating foster youth, transitional aged youth, and systems-involved youth).

Directive 5 (e) is removed as the issue of incremental change to the Statewide minimum wage has already been addressed in the 2016 legislative session. Governor Jerry Brown signed Senate Bill 3 into law on April 4, 2016. The new law increases the statewide minimum wage to \$15 per hour by January 1, 2022, for employers with 26 or more employees. For employers with 25 or fewer employees the minimum wage will reach \$15 per hour by January 1, 2023.

Directive 5 (i) is amended to include support of workforce development activities that are flexible to changes in maritime industries, in addition to the aerospace and aviation industries.

PUBLIC SAFETY

Focus statement 2 is amended to include the City's support for regional initiatives related to substance use treatment and homelessness intervention efforts.

Focus statement 4 is removed to eliminate redundancy on technology related issues referenced in other sections of the state legislative agenda.

Focus statement 5 is added to reflect the City's support of legislation and regional initiatives that recognize and provide funding for public health as it supports public safety, particularly violence prevention efforts.

Directive 1 (a) is amended to expand the scope of support for social equality and the fundamental liberties of all families.

Directive 1 (c) is removed as language in this item previously referred to good Samaritan acts such as the administration of Cardio Pulmonary Resuscitation (CPR). However, given the ambiguity of this item and the wide range of public safety functions that local public safety personnel are trained to perform staff is proposing to remove this item.

Directive 1 (g) is added to reflect the City's opposition to legislation that limits law enforcement's ability to effectively combat Drug Trafficking Organization money laundering and currency transportation.

Directive 1 (h) is added to reflect the City's support of legislation that strengthens sentencing of human trafficking suspects.

Directive 1 (i) is added to reflect the City's support of legislation that provides a safe environment for witnesses and victims of a crime to testify.

Directive 3 (k) is added to reflect the City's support of policies, legislation, and grants that support trauma-informed care. Trauma informed care is grounded in and

directed by a thorough understanding of the neurological, biological, psychological, and social effects of trauma and the prevalence of these experiences in persons who seek and receive mental health services. It takes into account knowledge about trauma — its impact, interpersonal dynamic, and paths to recovery — and incorporates this knowledge into all aspects of service delivery. Additionally, trauma informed care is a person-centered response focused on improving an individuals' all around wellness rather than simply treating symptoms of mental illness.

Directive 3 (m) is added in support of policies, legislation, and grants that would facilitate the lateral hiring of police officers.

Directive 4 (b) is added to reflect City support of policies, legislation, and grants to strengthen police and community relations through additional funding.

Directive 4 (c) is added to reflect City's intent to recruit a law enforcement workforce that contains a broad range of diversity to improve understanding and effectiveness in dealing with all communities.

Directive 5 (c) is amended to include the prioritization of multi-sector data-sharing initiatives that do not compromise confidential or sensitive information.

Directive 5 (d) is added to reflect the City's support of policies, legislation, and grants to fully fund technologies that provide the public with enhanced forecasting of natural disasters.

Directive 5 (e) is added to reflect the City's support of enhanced or alternate technologies to report public safety emergency needs (e.g., text to 911).

EDUCATION

Objective 4 is amended to reflect the City's intent to promote equity, in addition to diversity and inclusiveness.

Directive 4 (e) is removed to widen the scope on local control matters of interest to the City, also covered under the first Objective in Local Control.

SUSTAINABLE & LIVABLE CITIES

Objectives 3 and 4 are combined as these two transportation elements are complementary.

Objective 7 and 8 are added to more effectively categorize already-existing directives.

Directive 7 (g) is amended to emphasize City's support of policies, legislation and grants that promote and fund screening and control of emerging vector borne diseases, in addition to communicable diseases and sexually transmitted diseases.

LOCAL CONTROL

Objective 4 is amended to expand the focus of possible City actions related to legislation that would affect City revenues.

Focus statement 1 is amended to include support of legislation that would provide funding for My Brother's Keeper Local Action Plan.

Directive 1 (j) is removed as State legislation has already been secured to name the bicycle path project on the Gerald Desmond Bridge after Mark Bixby.

Directive 1 (m) and (n) is removed as this portion of the redevelopment dissolution process no longer applies to Long Beach.

Directive 1 (o) is removed as City sponsored legislation to enable fair reuse rather than fair market value sales of former redevelopment property is adopted, and these parcels addressed.

Directive 1 (p) is amended to provide the City with the option to pursue maintaining the Long Beach Oversight Board to the former Redevelopment Agency. The original language enabled the City to pursue maintaining the Long Beach Oversight Board past July 1, 2016, which was achieved. This amendment would enable the City to pursue an additional extension if necessary.

Directive 1 (v) is removed as this item is no longer relevant.

Directive 2 (j) is removed as this portion of the redevelopment dissolution process no longer applies to Long Beach.

Directive 2 (k) is removed as the State/local government fiscal relationship pertaining to the Educational Revenue Augmentation Fund (ERAF) repayments is no longer applicable.

Directive 2 (o) is added to reflect the City's support of legislation and funding for the implementation of Safe Long Beach and My Brother's Keeper Local Action Plan.

Directive 2 (p) is added to reflect the City's support of legislation that utilizes the Small Area Fair Market Rents in the administration of the Housing Choice Voucher (HCV) program.

Directive 3 (e) is removed as the 2013 State Pension Reform has already banned retroactive pension benefits.

Directive 3 (h) is removed as this item has already been addressed. The 2015 State Budget included language to enable former public employees who retire under the Public Employees Retirement System (CalPERS) to reinstate as

CalPERS employees without penalty, if they become employed again by a CalPERS agency by virtue of becoming elected to public office.

Directive 3 (k) is added to reflect City support of legislation that provides funding for State mandates.

Directive 4 (a) is removed as this item is specific to former City/Redevelopment agency loans, and no longer applicable.

Next Steps

State Legislation Committee meeting has been called for January 10, 2017 to review and discuss these recommended changes.

CITY OF LONG BEACH, CALIFORNIA

2017 PROPOSED STATE LEGISLATIVE AGENDA

Economic Development • Public Safety • Education • Sustainable & Livable Cities • Local Control

About Long Beach

Incorporated in 1888, Long Beach, California is a progressive urban city made up of 464,000 residents and businesses. The City is home to the 2nd busiest port in the nation, a rejuvenated downtown, tourist attractions, one unified school district, a city college with two campuses, a state university, over 60 residential neighborhoods, 17 historical districts, and over 180 local neighborhoods and business organizations.

Long Beach is the 7th largest city in California, and the 2nd largest in Los Angeles County. The U.S. Census (2010) found that the median age in Long Beach is 33 years old, and 25% of the City's residents are under the age of 18.

The City is ethnically diverse with: 40.8% Latino/Hispanic, 29.4% Caucasian, 13.0% African American, 12.6% Asian, and 1.1% Native Hawaiian and other Pacific Islander.

The Los Angeles-Long Beach-Santa Ana area ranked #2 in the nation for having the greatest number of Lesbian, Gay or Bisexual persons. Long Beach was one of only 25 cities nationwide to achieve a perfect score on the Human Rights Campaign's Municipal Equality Index.

Long Beach Unified School District has 82,000 students spread over 84 schools. There are five charter schools and more than 40 private schools in Long Beach. Across the school district, 80% of high school students graduate on time. Long Beach City College and the California State University, Long Beach serve as local education hubs.

The City's economy is expanding as the region's economic base continues to shift from manufacturing to an information-based economy. There are several hundred businesses in the City. The top 10 private sector employers include Verizon and Boeing. The Port of Long Beach promises job growth and new career opportunities with the development of Middle Harbor.

Located at the Port of Long Beach, Middle Harbor will be the world's 1st zero emissions terminal. \$4.5 billion will be invested into the regional economy over 40 years.

Groundbreaking new programs and technologies are used in Long Beach to provide city services. The Long Beach Police Department has assembled the LB COP system using grant funds to integrate technologies to make this City a safer place to do business, live, work and play. The Long Beach Public Library has 12 branches with over 1.2 million visitors and 1.3 million materials loaned annually, and the City's Parks, Recreation and Marine Department has won the National Gold Medal Award 5 years in a row for providing quality programming and open space at over 170 locations throughout Long Beach.
