Subject: **Recommended Changes for the 2017 Federal Legislative Agenda**

Each year, City staff reviews the Federal Legislative Agenda and recommends changes to the Federal Legislation Committee to ensure that the agenda is up-to-date and addresses the legislative concerns of the City. The 2016 agenda includes staff input and changes the City Council approved throughout the past year. Attached for your review are staff's proposed changes.

ECONOMIC DEVELOPMENT

Focus Statement 1 is amended to reflect the continual pursuit of opportunities for federal funding from the United States Department of Defense, Office of Economic Adjustment, for transition activities related to the closure of Boeing's C-17 facility.

PUBLIC SAFETY

Directive 3 (h) is added to reflect the City's overall support of policies, legislation and grants that support the implementation of violence prevention programs.

Directive 4 (a) is amended to include support for increased substance use treatment. The City's Development Services, Health and Police Departments, as well as the City Prosecutor's Office are working in partnership to develop a mental health diversion protocol that includes access to substance use treatment. Currently, there are few adult substance use treatment facilities available in Los Angeles County and little to no youth substance use treatment facilities.

Objectives 4 and 5 are combined as these two transportation elements are complementary.

The addition of Objective 7 is proposed by the Port of Long Beach. Support for energy resiliency is consistent with Port initiatives and City goals.

Focus statement 4 supports homelessness programs. Staff is proposing to amend this item to include support for new sources of funding for homelessness prevention programs related to supportive housing, mental health, substance use, and seniors.

Focus statement 6 is added to reflect support for efforts that improve bike and pedestrian safety.

Directive 1 (d) and (r), as well as Directive 2 (b) are reclassified under the new objective in support of energy resiliency.

Directive 5 (a) supports homelessness programs. Staff is proposing to amend this item to include support for new sources of funding for homelessness prevention programs related to supportive housing, mental health, substance use, and seniors.

Directive 6 (a), (b) and (c) are existing items in the 2016 Federal Legislative Agenda. These items are being moved under "Support for energy resiliency" as they best align with the new objective.

LOCAL CONTROL

Focus statement 1 was amended to include support for the implementation of "My Brother's Keeper Local Action Plan" in addition to the "Long Beach Violence Prevention Plan." The City of Long Beach's "My Brother's Keeper Local Action Plan" was adopted by the City Council on June 21, 2016
