Relative to

## *Children's Day*

**WHEREAS**, The California State Legislature has proclaimed the last Saturday of April of each year as Children's Day, and the last week of April of each year as Children's Week, and it is appropriate at this time to recognize the importance of this celebration and encourage Californians to participate in these events and, with their involvement, help make our world a wonderful place; and

**WHEREAS**, Children's Day is dedicated to the hopes of the child within us all and to children everywhere; and

**WHEREAS**, Children's Day is a special time for happiness, to love our children, to uplift and to inspire people of all ages to positive actions, and to aspire to do great things; and

**WHEREAS**, The State of California is continuing to endeavor to set a great example by putting our children and young people and their well-being as a top priority; and

**WHEREAS**, Children's Day reminds us all for the sake of our children to take care of our Earth, value and support education, make better communities and contribute to a better world by fostering goodwill, love, peace, kindness, mutual respect, cooperative win-win attitudes, stewardship, protection of our ecosystem and of all living things, and enact wise policies to protect children and their future; and

**WHEREAS**, Children's Day focuses on ways to improve communities, to be better parents, people, mentors, and role models for children, and causes us to think about what we do that affects everything around us and future generations; and

**WHEREAS**, Children's Week leading up to Children's Day is a time to encourage everyone to do things in honor of Children's Day and naturally links Earth Day and caring for our environment with Children's Day, adding to the heart and importance of both; and

**WHEREAS**, Children's Day encourages everyone to help make our world a wonderful place; and

**WHEREAS**, Children's Day is a gift that keeps on giving for generations to come and is a time to make good dreams come true; and

**WHEREAS**, The Children's Day theme always will be "Do something wonderful to make our world a better place"; now, therefore, be it

**RESOLVED BY SENATOR ALAN S. LOWENTHAL**, That he recognizes the last Saturday of April as Children's Day and the last week of April as Children's Week in the State of California, and encourages all communities, leaders, individuals, churches, organizations, businesses, and schools to support Children's Day, where, by setting a good example, communities throughout America and in our world will be encouraged to celebrate Children's Day.
