OFFICE OF THE CITY ATTORNEY CHARLES PARKIN, City Attorney 333 West Ocean Boulevard, 11th Floor Long Beach. CA 90802-4664

CONTRACT

THIS CONTRACT is made and entered, in duplicate, as of February 27, 2017 for reference purposes only, pursuant to a minute order adopted by the City Council of the City of Long Beach at its meeting held on February 7, 2017, by and between ARB, INC., a California corporation ("Contractor"), whose address is 26000 Commercenter Drive, Lake Forest, California 92630, and the CITY OF LONG BEACH, a municipal corporation ("City").

WHEREAS, pursuant to a Notice Inviting Bids for the Annual Contract for Plastic Gas Pipeline Construction in the City of Long Beach, California, dated September 1, 2016, and published by City, bids were received, publicly opened and declared on the date specified in said Notice; and

WHEREAS, the City Manager accepted the bid of Contractor; and
WHEREAS, the City Council authorized the City Manager to enter a contract
with Contractor for the work described in Plans and Specifications No. G-332;

NOW, THEREFORE, in consideration of the mutual terms and conditions herein, the parties agree as follows:

1. SCOPE OF WORK. Contractor shall furnish all necessary labor, supervision, tools, materials, supplies, appliances, equipment and transportation for the work described in Plans and Specifications No. G-332 for the Annual Contract for Plastic Gas Pipeline Construction in the City of Long Beach, California, said work to be performed according to the Contract Documents identified below. However, this Contract is intended to provide to City complete and finished work and, to that end, Contractor shall do everything necessary to complete the work, whether or not specifically described in the Contract Documents.

2. PRICE AND PAYMENT.

A. City shall pay to Contractor the amount(s) for materials and work identified in Contractor's Bid for the Annual Contract for Plastic Gas Pipeline Construction in the City of Long Beach, California, attached hereto as Exhibit "A".

B. Contractor shall submit requests for progress payments and City will make payments in due course of payments in accordance with Section 9 of the Standard Specifications for Public Works Construction (latest edition).

3. CONTRACT DOCUMENTS.

The Contract Documents include: The Notice Inviting Bids, Project Specifications No. G-332 (which may include by reference the Standard Specifications for Public Works Construction, latest edition, and any supplements thereto, collectively the "Standard Specifications"); the City of Long Beach Standard Plans; the California Code of Regulations; the various Uniform Codes applicable to trades; the prevailing wage rates; Instructions to Bidders; the Bid; the bid security; the City of Long Beach Disadvantaged, Minority and Women-Owned Business Enterprise Program; this Contract and all documents attached hereto or referenced herein including but not limited to insurance; Bond for Faithful Performance; Payment Bond; Notice to Proceed; Notice of Completion; any addenda or change orders issued in accordance with the Standard Specifications; any permits required and issued for the work; approved final design drawings and documents; and the Information Sheet. These Contract Documents are incorporated herein by the above reference and form a part of this Contract.

Notwithstanding Section 2-5.2 of the Standard Specifications, В. if any conflict or inconsistency exists or develops among or between Contract Documents, the following priority shall govern: 1) Permit(s) from other public agencies; 2) Change Orders; 3) this Contract (including any and all amendments hereto); 4) Addenda (which shall include written clarifications, corrections and changes to the bid documents and other types of written notices issued prior to bid opening; 5) Project Specifications; 6) Project Plans (including drawings); 7) the City of Long Beach Standard Plans; 8) Standard Specifications (as identified in Section 3.A. hereof, the "Greenbook"); 9) other reference specifications; 10) other reference plans; 11) the bid; and 12) the Notice Inviting Bids.

4. TIME FOR CONTRACT.

- The term of this Contract shall commence at midnight on February 15, 2017, and shall terminate at 11:59 p.m. on February 14, 2018, unless sooner terminated as provided in this Contract, or unless the services or the Project is completed sooner. The parties have the option to renew this Contract for three (3) additional one-year terms.
- Contractor shall commence work on a date to be specified in a B. written Notice to Proceed from City for each Project or portion thereof. Each Notice to Proceed shall contain a Project Start Date. Contractor and City shall mutually agree to the Project Completion Date in writing within ten (10) days following the issuance of the Notice to Proceed. All work identified in Specifications No. G-332 shall be completed prior to termination date, subject to strikes, lockouts and events beyond the control of Contractor. Time is of the essence hereunder. City will suffer damage if the work is not completed within the time stated, but those damages would be difficult or impractical to determine. So, Contractor shall pay to City, as liquidated damages, the amount stated in the Contract Documents.
- 5. ACCEPTANCE OF WORK NOT TO CONSTITUTE A WAIVER. The acceptance of any work or the payment of any money by City shall not operate as a waiver of any provision of any Contract Document, of any power reserved to City, or of any right to damages or indemnity hereunder. The waiver of any breach or any default hereunder shall not be deemed a waiver of any other or subsequent breach or default.
- 6. WORKERS' COMPENSATION CERTIFICATION. Concurrently herewith, Contractor shall submit certification of Workers' Compensation coverage in accordance with California Labor Code Sections 1860 and 3700, a copy of which is attached hereto as Exhibit "B".
- CLAIMS FOR EXTRA WORK. No claim shall be made at any time 7. upon City by Contractor for and on account of any extra or additional work performed or materials furnished, unless such extra or additional work or materials shall have been

expressly required by the City Manager and the quantities and price thereof shall have been first agreed upon, in writing, by the parties hereto.

- Contractor shall, upon completion of the work, deliver possession thereof to City ready for use and free and discharged from all claims for labor and materials in doing the work and shall assume and be responsible for, and shall protect, defend, indemnify and hold harmless City from and against any and all claims, demands, causes of action, liability, loss, costs or expenses for injuries to or death of persons, or damages to property, including property of City, which arises from or is connected with the performance of the work.
- 9. INSURANCE. Prior to commencement of work, and as a condition precedent to the effectiveness of this Contract, Contractor shall provide to City evidence of all insurance required in the Contract Documents.

In addition, Contractor shall complete and deliver to City the form ("Information Sheet") attached as Exhibit "C" and incorporated by reference, to comply with Labor Code Section 2810.

- 10. WORK DAY. Contractor shall comply with Sections 1810 through 1815 of the California Labor Code regarding hours of work. Contractor shall forfeit, as a penalty to City, the sum of Twenty-Five Dollars (\$25) for each worker employed by Contractor or any subcontractor for each calendar day such worker is required or permitted to work more than eight (8) hours unless that worker receives compensation in accordance with Section 1815.
- PREVAILING WAGE RATES. Contractor is directed to the prevailing 11. wage rates. Contractor shall forfeit, as a penalty to the City, Two Hundred Dollars (\$200) for each laborer, worker or mechanic employed for each calendar day, or portion thereof, that such laborer, worker or mechanic is paid less than the prevailing wage rates for any work done by Contractor, or any subcontractor, under this Contract.

12. COORDINATION WITH GOVERNMENTAL REGULATIONS.

State authority, Contractor shall accept as full and complete compensation under this Contract such amount of money as will equal the product of multiplying the Contract price stated herein by the percentage of work completed by Contractor as of the date of such termination, and for which Contractor has not been paid. If the work is so terminated, the City Engineer, after consultation with Contractor, shall determine the percentage of work completed and the determination of the City Engineer shall be final.

If Contractor is prevented, in any manner, from strict B. compliance with the Plans and Specifications due to any Federal or State law, rule or regulation, in addition to all other rights and remedies reserved to the parties City may by resolution of the City Council suspend performance hereunder until the cause of disability is removed, extend the time for performance, make changes in the character of the work or materials, or terminate this Contract without liability to either party.

13. NOTICES.

- Any notice required hereunder shall be in writing and personally delivered or deposited in the U.S. Postal Service, first class, postage prepaid, to Contractor at the address first stated herein, and to the City at 333 West Ocean Boulevard, Long Beach, California 90802, Attn: City Manager. Notice of change of address shall be given in the same manner as stated herein for other notices. Notice shall be deemed given on the date deposited in the mail or on the date personal delivery is made, whichever first occurs.
- Except for stop notices and claims made under the Labor Code, В. City will notify Contractor when City receives any third party claims relating to this Contract in accordance with Section 9201 of the Public Contract Code.
- BONDS. Contractor shall, simultaneously with the execution of this 14. Contract, execute and deliver to City a good and sufficient corporate surety bond, in the form attached hereto and in the amount specified therein, conditioned upon the faithful

performance of this Contract by Contractor, and a good and sufficient corporate surety bond, in the form attached hereto and in the amount specified therein, conditioned upon the payment of all labor and material claims incurred in connection with this Contract.

COVENANT AGAINST ASSIGNMENT. Neither this Contract nor any 15. of the moneys that may become due Contractor hereunder may be assigned by Contractor without the written consent of City first had and obtained, nor will City recognize any subcontractor as such, and all persons engaged in the work of construction will be considered as independent contractors or agents of Contractor and will be held directly responsible to Contractor.

16. CERTIFIED PAYROLL RECORDS.

A. Contractor shall keep and shall cause each subcontractor performing any portion of the work under this Contract to keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by Contractor or subcontractor in connection with the work, all in accordance with Division 2, Part.7, Article 2 of the California Labor Code. Such payroll records for Contractor and all subcontractors shall be certified and shall be available for inspection at all reasonable hours at the principal office of Contractor pursuant to the provisions of Section 1776 of the Labor Code. Contractor's failure to furnish such records to City in the manner provided herein for notices shall entitle City to withhold the penalty prescribed by law from progress payments due to Contractor.

В. Upon completion of the work, Contractor shall submit to the City certified payroll records for Contractor and all subcontractors performing any portion of the work under this Contract. Certified payroll records for Contractor and all subcontractors shall be maintained during the course of the work and shall be kept by Contractor for up to three (3) years after completion of the work.

C. The foregoing is in addition to, and not in lieu of, any other requirements or obligations established and imposed by any department of the City with regard to submission and retention of certified payroll records for Contractor and subcontractors.

- RESPONSIBILITY OF CONTRACTOR. Notwithstanding anything to 17. the contrary in the Standard Specifications, Contractor shall have the responsibility, care and custody of the work. If any loss or damage occurs to the work that is not covered by collectible commercial insurance, excluding loss or damage caused by earthquake or flood or the negligence or willful misconduct of City, then Contractor shall immediately make the City whole for any such loss or pay for any damage. If Contractor fails or refuses to make the City whole or pay, then City may do so and the cost and expense of doing so shall be deducted from the amount due Contractor from City hereunder.
- CONTINUATION. Termination or expiration of this Contract shall not 18. terminate the rights or liabilities of either party which rights or liabilities accrued or existed prior to termination or expiration of this Contract.

19. TAXES AND TAX REPORTING.

- As required by federal and state law, City is obligated to and will report the payment of compensation to Contractor on Form 1099-Misc. Contractor shall be solely responsible for payment of all federal and state taxes resulting from payments under this Contract. Contractor shall submit Contractor's Employer Identification Number (EIN), or Contractor's Social Security Number if Contractor does not have an EIN, in writing to City's Accounts Payable, Department of Financial Management. Contractor acknowledges and agrees that City has no obligation to pay Contractor until Contractor provides one of these numbers.
- Contractor shall cooperate with City in all matters relating to В. taxation and the collection of taxes, particularly with respect to the self-accrual of use tax. Contractor shall cooperate as follows: (i) for all leases and purchases of materials, equipment, supplies, or other tangible personal property totaling over

\$100,000 shipped from outside California, a qualified Contractor shall complete and submit to the appropriate governmental entity the form in Appendix "A" attached hereto; and (ii) for construction contracts and subcontracts totaling \$5,000,000 or more, Contractor shall obtain a sub-permit from the California Board of Equalization for the Work site. "Qualified" means that the Contractor purchased at least \$500,000 in tangible personal property that was subject to sales or use tax in the previous calendar year.

- C. Contractor shall create and operate a buying company, as defined in State of California Board of Equalization Regulation 1699, subpart (h), in City if Contractor will purchase over \$10,000 in tangible personal property subject to California sales and use tax.
- D. In completing the form and obtaining the permit(s), Contractor shall use the address of the Work site as its business address and may use any address for its mailing address. Copies of the form and permit(s) shall also be delivered to the City Engineer. The form must be submitted and the permit(s) obtained as soon as Contractor receives a Notice to Proceed. Contractor shall not order any materials or equipment over \$100,000 from vendors outside California until the form is submitted and the permit(s) obtained and, if Contractor does so, it shall be a material breach of this Contract. In addition, Contractor shall make all purchases from the Long Beach sales office of its vendors if those vendors have a Long Beach office and all purchases made by Contractor under this Contract which are subject to use tax of \$500,000 or more shall be allocated to the City of Long Beach. Contractor shall require the same cooperation with City, with regards to subsections B, C and D under this section (including forms and permits), from its subcontractors and any other subcontractors who work directly or indirectly under the overall authority of this Contract.
- E. Contractor shall not be entitled to and by signing this Contract waives any claim or damages for delay against City if Contractor does not timely

- 20. ADVERTISING. Contractor shall not use the name of City, its officials or employees in any advertising or solicitation for business, nor as a reference, without the prior approval of the City Manager, City Engineer or designee.
- 21. AUDIT. City shall have the right at all reasonable times during performance of the work under this Contract for a period of five (5) years after final completion of the work to examine, audit, inspect, review, extract information from and copy all books, records, accounts and other documents of Contractor relating to this Contract.
- NO PECULIAR RISK. Contractor acknowledges and agrees that the 22. work to be performed hereunder does not constitute a peculiar risk of bodily harm and that no special precautions are required to perform said work.
- THIRD PARTY BENEFICIARY. This Contract is intended by the 23. parties to benefit themselves only and is not in any way intended or designed to or entered for the purpose of creating any benefit or right of any kind for any person or entity that is not a party to this Contract.
- 24. SUBCONTRACTORS. Contractor agrees to and shall bind every subcontractor to the terms of this Contract; provided, however, that nothing herein shall create any obligation on the part of City to pay any subcontractor except in accordance with a court order in an action to foreclose a stop notice. Failure of Contractor to comply with this Section shall be deemed a material breach of this Contract. A list of subcontractor(s) submitted by Contractor in compliance with Public Contract Code Sections 4100 et seg, is attached hereto as Exhibit "D" and incorporated herein by this reference.
- 25. NO DUTY TO INSPECT. No language in this Contract shall create and City shall not have any duty to inspect, correct, warn of or investigate any condition arising from Contractor's work hereunder, or to insure compliance with laws, rules or

- 26. GOVERNING LAW. This Contract shall be governed by and construed pursuant to the laws of the State of California (except those provisions of California law pertaining to conflicts of laws).
- 27. INTEGRATION. This Contract, including the Contract Documents identified in Section 3 hereof, constitutes the entire understanding between the parties and supersedes all other agreements, oral or written, with respect to the subject matter herein.
- 28. In connection with performance of this NONDISCRIMINATION. Contract and subject to federal laws, rules and regulations, Contractor shall not discriminate in employment or in the performance of this Contract on the basis of race, religion, national origin, color, age, sex, sexual orientation, gender identity, AIDS, HIV status, handicap or disability. It is the policy of the City to encourage the participation of Disadvantaged, Minority and Women-Owned Business Enterprises, and the City encourages Contractor to use its best efforts to carry out this policy in the award of all subcontracts.
- 29. EQUAL BENEFITS ORDINANCE. Unless otherwise exempted in accordance with the provisions of the Ordinance, this Contract is subject to the applicable provisions of the Equal Benefits Ordinance ("EBO"), section 2.73 et seq. of the Long Beach Municipal Code, as amended from time to time.
 - During the performance of this Contract, the Contractor certifies and represents that the Contractor will comply with the EBO. The Contractor agrees to post the following statement in conspicuous places at its place of business available to employees and applicants for employment:

"During the performance of a Contract with the City of Long Beach, the Contractor will provide equal benefits to employees with spouses and its employees with domestic partners. Additional information about the City of

- B. The failure of the Contractor to comply with the EBO will be deemed to be a material breach of the Contract by the City.
- If the Contractor fails to comply with the EBO, the City may cancel, terminate or suspend the Contract, in whole or in part, and monies due or to become due under the Contract may be retained by the City. The City may also pursue any and all other remedies at law or in equity for any breach.
- Failure to comply with the EBO may be used as evidence D. against the Contractor in actions taken pursuant to the provisions of Long Beach Municipal Code 2.93 et seq., Contractor Responsibility.
- E. If the City determines that the Contractor has set up or used its contracting entity for the purpose of evading the intent of the EBO, the City may terminate the Contract on behalf of the City. Violation of this provision may be used as evidence against the Contractor in actions taken pursuant to the provisions of Long Beach Municipal Code section 2.93 et seq., Contractor Responsibility.
- 30. <u>DEFAULT</u>. Default shall include but not be limited to Contractor's failure to perform in accordance with the Plans and Specifications, failure to comply with any Contract Document, failure to pay any penalties, fines or charges assessed against Contractor by any public agency, failure to pay any charges or fees for services performed by the City, and if Contractor has substituted any security in lieu of retention, then default shall also include City's receipt of a stop notice. If default occurs and Contractor has substituted any security in lieu of retention, then in addition to City's other legal remedies, City shall have the right to draw on the security in accordance with Public Contract Code Section 22300 and without further notice to Contractor. If default occurs and Contractor has not substituted any security in lieu of retention, then City shall have all legal remedies available to it.

Contractor's Bid

BIDDER'S NAME: ARB, Inc.

BID TO THE CITY OF LONG BEACH ANNUAL CONTRACT FOR PLASTIC GAS PIPELINE CONSTRUCTION

In accordance with the Notice Inviting Bids for this Work in the City of Long Beach, California, to be opened on September 28, 2016, at 11:00 a.m., we offer to furnish all necessary labor, tools, materials, appliances and equipment for and perform all Work mentioned in the Notice Inviting Bids, in full compliance with Plans & Specifications No. G-332 (ITB GO 16-168) at the following prices.

Because the City is unable to predict the requirements for each bid item, award of the Contract will be based on a representative sample of items. The lowest responsive bidder(s) will be determined by a weighted sum of the sample item unit prices. The sample items and weighting to be used will be selected by the City, kept in a sealed envelope, and opened at the bid opening in order to ensure a competitive bidding process.

Contractor shall submit an extra personnel and equipment rate schedule with the following bid documents for use to account for additional equipment and personnel necessary to complete the work. The rate schedule shall include the following:

Personnel Hourly Rate (regular hours)
Personnel Hourly Rate (overtime)
Equipment Hourly Rate Hourly with minimum

GENERAL NOTES FOR DISTRIBUTION MAIN WORK

- → Light to Medium soil Class A Soil Type (Typical).
- → Prior to start of construction, contractor shall call in for USA layout and contact project engineer to set up a pre-construction meeting and perform job site walk with engineer and inspector.
- → Unit Price is based on crew size as stated in Comments. Contractor may choose, at its own expense, to add additional manpower to complete the scheduled work.
- → Based on 40-hour work-week (5 days 8 hour or 4 days 10 hour).
- → For arterial street crossings and additional tie-ins (Right-of-Way width > 60'), use per diem and miscellaneous rates. All arterial street crossings shall be measured from property line to property line.
- Total Project Main Footage refers to combined footage of main to be installed or abandoned in an area and may be broken up into separate project numbers for internal administrative purposes but released at the same time. For example, a replacement project with 200' of 6" PE, 2,800' of 4" PE and 5,000' of 2" PE would have a total project main footage of 8,000' and may have multiple project numbers associated in the package.
- Total Footage of main pipe 501 linear feet and over will be paid on a unit price rate. Footage less than 500' will be paid on per diem rates.
- → Per Diem rates will be paid for random small footage replacements, relocations or arterial street tie-ins/crossings when circumstances -- such as travel distances, soil conditions or other factors -- do not allow Contractor to reasonably complete the job(s) in the same work day in a cost effective manner under unit cost rates. In all events, this type of work must be approved in advance by engineer
- → For pipe supplied by LBGO, 2" PE coiled pipe in 1,000 feet coils; 4", 6" and 8" PE joints in 40 foot lengths.
- → Unit Prices based on horizontal directional drilling method of installation
 - Provision of the following should be included for HDD:
 - 1. drill rig
 - 2. vacuum truck
 - 3. support equipment
 - 4. all pulling heads for pipe
 - 5. haul-off and disposal of excess drilling fluids

PE MAIN REPLACEMENT: Replacement of Steel or Plastic Main Pipe with PE Pipe

Replacement work shall include:

- → Scheduling; excavation and trenching; street crossing installations; shoring; dust control; PE fusions and welding; installing and gassing new pipe; disconnecting and purging existing piping; pressure testing; backfilling; compactable (95%) bedding and shading material; base material; final paving; removal, haul off, dumping, clean-up, restoration and other work involved in the installation and abandonment of gas facilities; and providing basic traffic control setup and devices (signs, barricades, delineator, arrow boards, etc.) conforming to MUTCD where a Traffic Control permit is not required;
- → One (1) tie-in point (originating source of gas as specified in gas handling procedures) to existing steel or PE main. Each additional tie-in to be added from miscellaneous rates;
- → Saw cutting & excavation up to 5' depth, including digging of fusion holes, launch & receive bore pits, & potholes for substructures;
- → Installation of bypass for one way feeds as required;

- → Steel (non-skid) trench plates securing or pinning as instructed;
- → Abandonment work of replaced facilities will involve:
 - Abandoning and slurry filling of associated pipelines greater than or equal to 6" in nominal diameter
 - Making isolation cuts approximately every 200' for associated pipelines less than 6" in nominal diameter, or as specified otherwise by LBGO;
- → Provision of nitrogen for purging;
- → Pipe, appurtenance and fittings installation in accordance to Specifications G-228P, G-228S, and G-228A.

PE MAIN INSTALLATION: New Installation of PE Pipe

Installation work shall include:

- → Scheduling; excavation and trenching; street crossing installations; shoring; dust control; PE fusions and welding; installing and gassing new pipe; disconnecting existing piping; pressure testing; backfilling; compactable (95%) bedding and shading material; base material; final paving; removal, haul off, dumping, clean-up, restoration and other work involved in the installation of gas facilities; and providing basic traffic control setup and devices (signs, barricades, delineator, arrow boards, etc.) conforming to MUTCD where a Traffic Control permit is not required;
- → One (1) tie-in point (originating source of gas as specified in gas handling procedures) to existing steel or polyethylene main. Each additional tie-in to be added from miscellaneous rates;
- → Saw cutting & excavation up to 5' depth, including digging of fusion holes, launch & receive bore pits, & potholes for substructures;
- → Steel (non-skid) trench plates securing or pinning as instructed;
- → Pipe, appurtenance and fittings installation in accordance to Specifications G-228P, G-228S, and G-228A

MAIN ABANDONMENT: Abandonment Only of Steel or Plastic Main Pipe (less than or equal to 8" nominal diameter)

Abandonment work shall include:

- → Scheduling; excavation and shoring; dust control; PE fusions and welding; blow down and purging pipe; disconnecting/cut out of existing piping, weld cap, & plate; pressure testing; backfilling; compactable (95%) bedding and shading material; base material; final paving; removal, haul off, dumping, clean-up, restoration and other work involved in the abandonment of gas facilities; and providing basic traffic control setup and devices (signs, barricades, delineator, arrow boards, etc.) conforming to MUTCD where a Traffic Control permit is not required.
- → Provision of nitrogen for purging;
- → Saw cutting & excavation up to 5' depth for bellholes:
- → Steel (non-skid) trench plates securing or pinning as instructed;
- → Abandoning and slurry filling of associated pipelines greater than or equal to 6" in nominal diameter:
- → Making isolation cuts approximately every 200' for associated pipelines less than 6" in nominal diameter, or as specified otherwise by LBGO;

→ Pipe, appurtenance and fittings abandonment in accordance to Specifications G-228P, G-228S, and G-228A

GENERAL NOTES FOR DISTRIBUTION SERVICE WORK

- → Light to Medium soil Class A Soil Type (Typical).
- → Unit Price is based off crew size as stated in Comments. Contractor may choose, at its own expense, to add additional manpower to complete the scheduled work.
- → Based on 40 hour work week (5 days 8 hour or 4 days 10 hour).
- → Per Diem rates will be paid for random single services or multiple scattered services when circumstances -- such as travel distances, digging conditions or other factors -- do not allow Contractor to reasonably complete the job(s) in the same work day in a cost effective manner. In all events, this type of work must be approved in advance by engineer.
- → Service Length is the distance from service connection tee (punch tee) to bend in riser.
- → The average length of services are approximately 62 feet.

PE SERVICE REPLACEMENT: Replacement of Steel or Plastic Service Pipe with PE Pipe

Service replacement work, in conjunction/coordination with main replacement, shall include:

- → Scheduling; excavation and trenching; boring; street crossing installations; shoring; dust control; PE fusions and welding; installing and gassing new pipe; disconnecting and purging existing piping; pressure testing; backfilling; compactable (95%) bedding and shading material; base material; final paving; removal, haul off, dumping, clean-up, restoration and other work involved in the installation and abandonment of gas facilities; and providing basic traffic control setup and devices (signs, barricades, delineator, arrow boards, etc.) conforming to MUTCD where a Traffic Control permit is not required;
- → PE pipe, appurtenance and fittings installation in accordance to Specification G-228P, G-228S, and G-228A;
- → New service to main connection (Punch Tee or Service Tee with transition fitting), excess flow valve and riser installation;
- → Cut and remove existing riser;
- → Locate and clear by CCTV sewer laterals from potential cross bores in accordance with G-228P to be charged separately per sewer lateral under miscellaneous rates;
- -- Property restoration to match existing conditions;
- → For bid purposes, 1/2" service installations shall be inserted into existing steel pipe.

PE SERVICE INSTALLATION: New Installations of PE Service Pipe

Installation work shall include:

- → Scheduling; excavation and trenching; boring; street crossing installations; shoring; dust control; PE fusions and welding; installing and gassing new pipe; pressure testing; backfilling; compactable (95%) bedding and shading material; base material; final paving; removal, haul off, dumping, clean-up, restoration and other work involved in the installation of gas facilities; and providing basic traffic control setup and devices (signs, barricades, delineator, arrow boards, etc.) conforming to MUTCD where a Traffic Control permit is not required;
- \rightarrow PE pipe, appurtenance and fittings installation in accordance to Specification G-228P, G-228S, and G-228A;

Long Beach Gas & Oil

- → New service to main connection(Punch Tee or Service Tee with transition fitting), excess flow valve and riser installation;
- → Locate and clear by CCTV sewer laterals from potential cross bores in accordance with G-228P
 to be charged separately per sewer lateral under miscellaneous rates;
- → Property restoration to match existing conditions;
- → For bid purposes, 1/2" service installations shall be inserted into existing steel pipe.

SERVICE ABANDONMENT: Abandonment Only of Steel or Plastic Service Pipe

Abandonment work shall include:

- → Scheduling; excavation and trenching; shoring; dust control; PE fusions and welding; squeezing of 1/2" to 2" PE pipelines; blow down & purging existing pipe; disconnecting at service to main connection, if specified; backfilling; compactable (95%) bedding and shading material; base material; final paving; removal, haul off, dumping, clean-up, restoration and other work involved in the abandonment of gas facilities; and providing basic traffic control setup and devices (signs, barricades, delineator, arrow boards, etc.) conforming to MUTCD where a Traffic Control permit is not required;
- → Service abandonment shall be priced per service line regardless of length:
- → Property restoration to match existing conditions;
- → PE pipe, appurtenance and fittings abandonment in accordance to Specification G-228P, G-228S, and G-228A.

USE TAX DIRECT PAYMENT PERMIT

(General Information and Filing Instructions)

Revenue and Taxation Code section 7051.3 authorizes the State Board of Equalization to Issue a *Use Tax Direct Payment Permit* to qualified applicants. This permit allows purchasers and lessees of tangible personal property (other than lessees of motor vehicles the lease of which is subject to the terms of section 7205.1 of the Sales and Use Tax Law) to self-assess and pay use taxes directly to the Board instead of to the vendor or lessor from whom the property is purchased or leased.

Permit holders will be provided with a Use Tax Direct Payment Exemption Certificate which they can issue to retailers and lessors when they purchase tangible personal property subject to use tax or make qualified leases of tangible personal property. Vendors who timely take the certificate in good faith from a permit holder are relieved of the duty to collect use taxes on the sales for which the certificate was issued. Permit holders who acquire property under a certificate must self-assess and report the use taxes directly to the Board on their tax returns, and allocate the local taxes to the county, city, city and county, or redevelopment agency in which the property is first used. Permit holders who fail to properly pay any use taxes that are due on property for which a certificate was given are subject to interest and penalties assessments in addition to their tax liability.

To qualify for a Use Tax Direct Payment Permit, an applicant must meet the following conditions:

- (1) The applicant must agree to self-assess and pay directly to the Board any use tax which is due on property for which a use tax direct payment exemption certificate was given; and
- (2) The applicant must certify to the Board either of the following:
- (A) The applicant has purchased or leased for its own use tangible personal property subject to use tax which cost five hundred thousand dollars (\$500,000) or more in the aggregate, during the calendar year immediately preceding the application for the permit; or
 - (B) The applicant is a county, city, city and county, or redevelopment agency.

Persons wishing to obtain a use tax direct payment permit must be pre-qualified and either hold a California seller's permit or a consumer use tax account.

Persons other than governmental entities who currently hold either a California seller's permit or a consumer use tax account must complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under conditions of Part (2)(A) above, and submit a "Statement of Cash Flows" or other comparable financial statements acceptable to the board for the calendar year immediately preceding the date of application which discloses total purchases of property and equipment for own use and a separate statement under company letterhead certifying that five hundred thousand dollars (\$500,000) or more of such purchases were subject to use tax.

Persons other than governmental entities who are not required to hold a seller's permit and who do not currently hold a consumer use tax account must obtain a consumer use tax account and then complete the application for a Use Tax Direct Payment Permit, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(A) above and submit a "Statement of Cash Flows" or other comparable financial statements acceptable to the board for the calendar year immediately preceding the date of application which discloses total purchases of property and equipment for own use and a separate statement under company letterhead certifying that five hundred thousand dollars (\$500,000) or more of such purchases were subject to

Governmental entities who currently hold either a California seller's permit or a consumer use tax account must complete the application for a Use Tax Direct Payment Permit, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(B) above, and submit an additional statement to that effect under official letterhead and signed by an authorized governmental representative.

Governmental entitles who do not hold a California seller's permit or a consumer use tax account must obtain a consumer use tax account and then complete the application for a *Use Tax Direct Payment Permit*, sign the certification statement attesting that they qualify for a permit under the conditions of Part (2)(B) above, and submit an additional statement to that effect under official letterhead and signed by an authorized governmental representative.

The completed Application for Use Tax Direct Payment Permit, certification statement, and qualifying documentation should be returned to the address shown below. Upon determination that the applicant qualifies, a Use Tax Direct Payment Permit and a Use Tax Direct Payment Exemption Certificate will be mailed to the applicant.

If you would like additional information regarding the *Use Tax Direct Payment Permit* or need assistance in completing this application, you can call 916-445-5167, or write to the Board of Equalization, Compliance Policy Unit, P.O. Box 942879, Sacramento, CA 94279-0040.
