City of Long Beach
California

SUBJECT: Recommendation to receive and file a report from the City's Public Works staff regarding recommendations related to the recently completed parking study of the Belmont Shore area that was conducted by Walker Parking Consultants.

DISCUSSION

At the October 20, 2015 meeting the City Council awarded a contract to Walker Parking Consultants, of Los Angeles, CA, in an amount not to exceed \$100,000 to conduct a parking study in Belmont Shore for a period of two years. The amended motion eliminated the Christmas Parade from the study, and City staff estimated that the study would have been completed within one year. The next indicated step was to develop an implementation plan after obtaining feedback from the community.

Representatives from Walk Parking Consultants provided presentations at the November 17 and December 15, 2016 Commission meetings as follow-ups to address questions and concerns expressed by the commissioners. This presentation is being provided to present some of the suggested mitigation recommendations that are as a result of the completed parking study.
