16. (17-0443) Recommendation to request City Attorney to prepare an ordinance amending Long Beach Municipal Code (LBMC) Section 10.24.078 to prohibit parking of oversized and recreational vehicles on City rights-of-way within residential neighborhoods; and, amending LBMC Section 10.24.078 relating to the oversized and recreational vehicle parking permit process. (Citywide)	Laura Garcia	lmr575@hotmail.com			Long Beach	CA	90808	There are many recreational and/or oversized vehicles that park on our neighborhood streets. One vehicle in particular parks right at a corner, making it impossible to see if there is a car coming down the street. If there also happens to be a car parked on the other side, it makes it impossible to turn safely! I would be surprised to hear if no accidents have occurred at this corner. I feel these large vehicles are a safety issue and should not be allowed to permanently park on the streets.	6/13/2017

(Citywide)	Andrick Tancioco	andrick@pvfsales.com			Long Beach	CA	90803	Our Mercedes Sprinter Van RV seats 7 and replaces our SUV w/ same seating cap. Our Sprinter is quieter cleaner and better MPG. IT IS OUR CHOICE OF VEHICLE TO USE AS A DAILY DRIVER. It will not be parked at unsafe area We will not live in it We will not dump tanks illegally It is not an eyesore I consulted with neighbors and all gave me their blessing on it. What language will be used in the proposed ordinance that will allow us to drive/park the vehicle of our choice in front of our house?	6/13/2017

(Citywide)	Anthony Cruz	antworks68@gmail.com			Long Beach	CA	90808	RV's need to be restricted from parking on our public streets. Neighbors who own RV's do not care about their neighbors and what parking their large vehicles on the street cause, also RV owners who are not Long Beach tax paying residents, park in front of my home on Parkcrest (Heartwell Park) and have had traffic of many people. That activity is suspicious and is of the opinion of drug dealings. I have called the Police. Please approve this bill. Anthony Cruz Parkcrest Resident	6/13/2017

(Citywide)	Bob Reince	rreince@yahoo.com			Long Beach	CA	90808	I think this is long overdue! The 5th district already has oversized vehicle parking restrictions in place I think it should be city wide as purposed. Our streets are inherently narrow and these cause obstructed driving conditions not to mention they are unsightly. When I had an RV I stored it in a storage facility - its the right thing to do for everyone concerned. Thank you for the opportunity to voice and more importantly hear our concerns.	6/13/2017

(Citywide)	Ramsey Savard	ramseysavard@gmail.com			Long Beach	CA	90808	These oversized vehicles are a huge problem in our city. Our older smaller streets are not designed to have rv, boats parked. What's happening now is people are living in their RVs and causing crime in our neighborhoods. I've been monitoring this for years and is just sad and you tend to loose faith in our laws and city officials. I've actually talked to a few motorhome dwellers and one thing in common is that they feel that our city is like a no charge camping site. We've allowed this too long!	6/13/2017

(Citywide)	Brian Hyland	bhyland4@gmail.com			Long Beach	CA	90808	I live in the 5th District and I would like to see these changes put in place for Oversized vehicle parking. We already have this type of restriction in The Ranchos portion of our district and it works out excellently and will support the overall city future growth plans. It provides a perfect balance for Oversized vehicle owners and non oversized vehicle owners. I would like to see the following added though,12 free permits per year reduced from 20 and make sure the wording is non-consecutive.	6/13/2017

(Citywide)	Katherine Hulbrock	khulbrock@gmail.com			New York	NY	10029	Hello- I am writing in support of approving the above recommendation. Oversized and recreational vehicles are an eyesore, a health hazard (RV residents throwing trash and waste into the street), and not to mention dangerous in that they often block sight lines when pulling in and out of driveways and parking spots. Thanks for your time.	6/12/2017

(Citywide)	Richard Noble	rknoble123@verizon.net			Long Beach	CA	90808	Thank you City leaders for considering this issue. Oversized vehicles, RV's and boats should not be stored on public streets as they consume parking needed by residences and create dangerous conditions when children are playing in the neighborhood, and when cars are exiting driveways. I encourage you to pass this ordinance.	6/12/2017

(Citywide)	Kathleen Steube	mike.kat.s@verizon.net			Long Beach	CA	90808	I have lived in various areas of Long Beach for 61 years and NEVER have I seen the service/residential streets used as personal storage units for bus sized RV's, trailers and boats as I have of late! Historically, recreational vehicles were stored off city streets but now it appears their owners can't afford to store them, use them and are unable to sell them thus these eyesores are "stored" in residential neighborhoods causing traffic flow issues as well as safety issues!	6/12/2017

(Citywide)	Ms V Reynoso	vanandric@yahoo.com			Long Beach	CA	90815	Item 16: RV's and boats of any size parked on the public right of way or in driveways visible from the street is an eyesore. Plus, larger vehicles can pose a safety issue trying to maneuver around them on smaller streets. Please consider prohibiting boats and RVs from parking on city streets and in driveways and remove the permit process. They are nuisances and eye sores with only reactive, not proactive enforcement if a permit process is kept in place. Keep our neighborhoods beautiful.	6/11/2017

(Citywide)	Genevieve Hulbrock	ghulbrock@aol.com			Long Beach	CA	90815	Please approve this recommendation. Oversized and recreational vehicles do not belong on our streets or parked in our driveways. Camping and vehicle storage are not appropriate uses of our roadways. Let's clean up our neighborhoods. Thank you.	6/11/2017

(Citywide)	Lori Holley	holley.lori@gmail.com						I want to strongly urge the city council to not include RV parking behind a fence in this new code change. Many RV owners bought homes in Long Beach because our driveways would accommodate our RVs for storage on our own properties, that we pay hefty property taxes on. This will create an unfair hardship and disadvantage for many homeowners here in Long Beach. Please, do not include this requirement in the new code.	6/10/2017
PUBLIC COMMENT:	Ms V Reynoso	vanandric@yahoo.com			Long Beach	CA	90815	Please consider improvements to Studebaker Road north and south of the 22 freeway off ramp. This is a major gateway into the city and its hideous with streets in need of repair, no City entry sign, weeds, and lack of landscaping.	6/11/2017
