Alamitos Bay Marina Re-Opening Ceremony Held

Cutting the ribbon to open the Alamitos Bay Marina Rebuild are L-R: Jim Puder, General Manager, Bellingham Marine Southwest; Rick DuRee, Marine Advisory Comissioner; David Thornburg, Chair, Marine Advisory Commission; Nina Moussavi, District Director – Office of Councilwoman Suzie Price; Pat West, Long Beach City Manager; Elvira Hallinan, Manager of Marinas and Beaches, and Eric Noegel, Manager of Project Development, Bellingham Marine Southwest

Long Beach Parks, Recreation and Marine and Bellingham Marine marked the completion of a multi-year rebuild of the Alamitos Bay Marina (Marina) on April 27 with a ribbon-cutting ceremony at the Marina's Basin Three.

"The City of Long Beach is proud to be the operator of the largest municipally owned set of marinas in the United States," said Mayor Robert Garcia. "This renovation project at Alamitos Bay Marina, represents the renewal of more than half of the City's recreational marina inventory, and serves as a terrific example of our community's ongoing commitment to provide the region with quality aquatics experiences."

This \$105 million-dollar project included the complete upgrade of more than 1,600 boat slips throughout the marina and additional infrastructure improvements, such as:

- ◆ State-of-the art concrete floats.
- ◆ Rounded slip fingers for ease of navigation into assigned slips.
- ♦ On-slip pump out stations to aid boaters in conveniently removing waste material from their vessels while also supporting clean Long Beach waterways.
- ◆ ADA accessible gangways so the marina is welcoming to the entire boating community.

"Alamitos Bay Marina is one of Long Beach's true gems," said Councilwoman Suzie Price. "This major investment in renovating the Marina will ensure Long Beach will continue its leadership role in providing quality and affordable coastal access to the community."

Alamitos Bay Marina originally opened in the late 1950s, and has served Southern California's boating community as a popular home port and desination for guest boaters for more than 60 years. The Marina includes boat slips and side tie docks ranging from 15 feet to 115 feet, to accommodate a wide array of recreational vessels.

This large-scale project was funded entirely through revenue bonds, paid back through marina slip fees and other revenues. No General Fund tax dollars were or are used to fund the project or the Marina's day to day operations.

PRM Goes Green for Earth Day

Earth Day Beach Cleanup Makes a Difference

El Dorado Nature Center held their annual Earth Day Beach Cleanup on April 21 from 10 a.m. to Noon. More than 350 volunteers showed their support for keeping our beaches safe and clean by removing over 1,000 pounds of trash from around Belmont Veterans Memorial Pier, Cherry Beach and the Peninsula at 72nd Place.

The event was held in partnership with the Surfrider Foundation and Clean LB, who stressed the importance of taking an active role in keeping our waterways clean and healthy.

Earth Day Pop Up Party

Also on April 21, the community came out to the Earth Day Pop Up Party at the 51st Street Greenbelt!

The event was an opportunity for residents to see potential designs for the new Greenbelt. Attendees also participated in a crop swap and free bicycle registration, and enjoyed arts and crafts, face painting, a balloon artist, refreshments and giveaways.

Thanks to Councilmember Al Austin for hosting and Long Beach Public Works and Health & Human Services for partnering with Parks, Recreation and Marine on this great event.

Southern California Special Olympics Honors PRM's Elyse Garcia

The following article was recently featured on the Southern California Special Olympics web site about PRM Community Servies Supervisor Elyse Garcia:

Special Olympics of Southern California Volunteer Spotlight: Elyse Garcia.

Elyse Garcia and her family have been helping individuals with intellectual disabilities longer than Special Olympics Southern California has carried its current name.

Her mother Betty used to run a swimming program with the Jewish Community Center, and she was ap-

proached by the Western Games – which would go on to become the California Special Olympics. Elyse's sister, was a swimmer.

Prior to that, Elyse's parents worked Boy Scouts and Girl Scouts groups for people with disabilities.

When Elyse was about 12 years old, the minimum age requirement to volunteer, she assisted with swimming and track and field.

What started in 1968 is still going strong in 2018, and Elyse joked that "it's kind of like a family business." In a full circle sort of way, her own children have been involved since they were old enough to volunteer.

"I grew up with all the original athletes in the program so they're more like peers," she added. "It's just what we did. I would hang around with the brothers and sisters of athletes. "That's where I met my husband, too. He came as my sister's volunteer."

Elyse's mother passed away in 1999, but her legacy continues on through her daughter's selfless work. Elyse is the Long Beach Area Director and helps recruit volunteers. Above all, she looks for people who "have the athletes' safety in the forefront."

She also coordinates with facilities to host events, all with the athletes in mind to ensure they get the best experience possible.

"Most of the people in the program I've known forever," Elyse said, "so it's like fighting for family."

With 50 years of experience, Elyse has seen the organization evolve and staff members come and go. In recent years, she's happy to see a shift back toward "an athlete program."

"It's back to where it should be," she said. "The way people are educated now, I think there's more interest in what's good for the athlete."

In fact, the feedback she receives from the athletes' families stands out above all other memories.

"Families come back saying they don't know what they would've done without Special Olympics," Elyse said. "Just being able to help one person at a time... it really makes you feel good."

Marine Bureau Boat Auction

The Marine Bureau is having a Boat Auction on June 9th at Alamitos Bay Marina - 205 N. Marina Drive.

Viewing starts at 8 AM, bidding starts at 9 AM. All sales are final and all items are sold as-is.

A tentative list of boats will be available one week prior on the City website at:

www.longbeach.gov/park/marine/news-forms-and-info/boat-auction.

This list will also be available at the Shoreline Marina and Alamitos Bay Marina offices.

Maintenance Update

Parks, Recreation and Marine Grounds Maintenance staff led by Gardners Chris Weaver and Terri Weekly recently beautified the Los Altos Library. Chris did the plant layout and Terri instructed a Boy Scouts group eager to assist in this Eagle Scout project. The effort to improve this area and partner with Council District 4 and volunteer groups were much appreciated by Library staff and patrons.

The Facility Maintenance Division recently upgraded the Whaley Park court lighting with LED lights, finalizing the last phase of Whaley's volleyball, basketball, and futsol court improvements. The collaborative effort between all of Maintenance Operation's trades allowed MOB to complete this project in-house at a fraction of the cost of using outside contractors. The court resurfacing and facelift has increased the quality of the recreational programming and services that can be offered to the community

Marine Bureau Staff Help Marina Guests Navigate Toyota Grand Prix of Long Beach

The Toyota Grand Prix of Long Beach was held April 13-15 and as in past years, the Shoreline and Rainbow Harbor Marinas were visited by guest boaters to attend the race. To ensure that long-term customers, as well as our guests, had a great experience during race weekend, Marine Bureau Staff along with other city departments work hard to make the weekend a success.

Kimarie Vestre, Eric Skelly and Stephanie Hardy, Marina Supervisors handled guest slips and other issues. Thanks to the Marina Operations Maintenance team for staffing the marinas and ensuring the guest boaters had а pleasant stay. Thanks to Kelly Armstrong and the Queensway Bay Maintenance team for making sure that maintenance issues were handled, the waterways were clean, and

trash was picked up. Also thanks to the Marine Maintenance team for making sure the marinas and restrooms were cleaned and in working order.

Staff also made one of the race's signature features, the dolphin fountain hairpin turn look great. Thanks to Marine Patrol and Marine Safety for ensuring that the marinas and waterways were safe. The team effort provided for a great customer experience.

Congratulations to Maria Gutierrez Employee of the Month

Maria Gutierrez is an outstanding Recreation Leader Specialist who has served for over five years as the Site Director for the WRAP Expanded Learning Program at Starr King Elementary School. She exemplifies the "PRM Way" and provides outstanding customer service daily, that impacts program participants, co-workers, staff, the school's personnel, and WRAP families.

Most recently, without hesitation, Maria stepped up to fill a void left by a staff member on maternity leave. In this capacity, she has been able to balance maintaining a high-quality program at her site with providing guidance and support to four other WRAP sites through regular site visits. Her fellow site directors all have positive feedback about her ability to support them and their staff as she offers practical solutions and guidance for each site.

Maria has built positive and effective relationships with the Starr King Elementary administration, school personnel, and families, consistently demonstrating the PRM way! She has facilitated many successful "Family Night" events in partnership with the school including their First Father/Daughter Dance, Talent shows, and currently she is coordinating a Mother/Son Sports Extravaganza. Her attention to detail has been a benefit as she leads the way for her staff to create outstanding events and programs.

When new staff are hired for the programs, Maria does not shy away from being welcoming or taking the opportunity to train and guide new staff. She encourages new staff to build on their strengths while effectively showing them how to manage their daily tasks. Thanks to her leadership many new staff are prepared and confident in their role as WRAP Program Leaders.

Overall, Maria is an outstanding leader who effectively coaches her staff to success. She is always willing to offer her help and provide constructive feedback for program improvement. She is a valuable and dedicated team player and more than deserving for the recognition of the recognition as Employee of the Month.
