

**Date:** April 9, 2019  
**To:** Honorable Mayor Garcia and Members of the City Council  
**From:** Daryl Supernaw, Councilmember, Fourth District DS  
**Subject:** **Transfer of Funds: Adaptive Swings**

---

**RECOMMENDATION:**

Increase appropriations in the General Fund (GF) in the Parks, Recreation and Marine Department (PR) in the amount of \$4,490, offset by the Fourth Council District one-time District Priority Funds transferred from the Citywide Activities Department to support the installation of adaptive swings at Stearns Champion Park; and

Decrease appropriations in the General Fund (GF) in the Citywide Activities Department (XC) to offset a transfer to the Parks, Recreation and Marine Department.

**DISCUSSION:**

The Fourth District Council Office first received requests for all-inclusive play equipment for Los Altos Park in 2018. As a result, three adaptive swings were installed, and the project was well received by the surrounding neighborhoods. Since the initial project, we have been working with the Parks, Recreation and Marine Department to identify other parks in the Fourth Council District that are lacking all-inclusive play equipment. Our goal is to have children of all ability levels to be able to utilize each playground in the Fourth Council District.

This matter was reviews by Budget Manager, Grace H. Yoon, on April 1, 2019.

**FISCAL IMPACT:**

This recommendation provides District Priority Funds to support the installation of adaptive swings at Stearns Champion Park. The total appropriation increase of \$4,490 in the General Fund (GF) in the Parks, Recreation and Marine Department (PR) will be offset by a decrease in appropriation of the Fourth Council District one-time District Priority Funds in the General Fund (GF) in the Citywide Activities Department (XC). Completing this work is anticipated to require a minimal level of staff time beyond normal budgeted scope of duties and is expected to have minimal impact on existing City Council priorities. Once installed, the Parks, Recreation and Marine Department will be responsible for operating and maintaining the swings. There are sufficient funds appropriated in the General Fund (GF) in the Parks, Recreation and Marine Department (PR) to cover the on-going maintenance costs.
