COMMISSIONERS
MARINE ADVISORY COMMISSION
City of Long Beach
California

RECOMMENDATION:

Recommend the placement locations for dedicated benches outlined in Attachment "A". (District 3)

DISCUSSION

The Department of Parks, Recreation and Marine (PRM), with the consent of the City Manager, has a Policy on Donating Funds for Minor Park Assets (including dedicated Trees and Benches).

The Policy states, in part, that on a quarterly or on an as needed basis, proposed locations for new or replacement benches (Attachment A) within PRM-controlled parks within the Tidelands will be presented to the Marine Advisory Commission (MAC) for recommendation. This will allow a public forum for residents or other interested parties to comment on all newly proposed benches or replacement bench locations. After this recommendation, installation of the benches will be the responsibility of PRM staff. PRM does not warrant benches against vandalism or destruction and based on the condition of the bench after 10 years, a specific bench may be removed if deemed appropriate with the location being made available for another bench (unless the original party purchases a new bench for the donation amount in effect at that time).

PRM staff has reviewed the requested bench locations (Attachment B), and it would be an appropriate action to replace an existing non-dedicated bench or place a new bench on an existing bench pad.

FISCAL IMPACT

One of the duties of PRM staff is to place and maintain benches in parks, so this and other bench installations or relocations are not outside of PRM's regularly budgeted activities. The bench donation amount is sufficient to cover all costs of the new benches, and the non-dedicated benches can be reused in other parks.
