PUBLIC COMMENT:	Alicia Ramirez	aliciaramirez4221@gmail.com						Living in the downtown Long Beach arts district area, I am extremely disheartened to see properties being built for the sole purpose of attracting non natives to Long Beach. The majority of our residents cannot afford to live in these spaces. Stop trying to convert Long Beach into Venice beach, we do not want that. Focus on the needs and wants of the majority of the people who live here who happen to be 57% blacks and Latinos with household incomes of \$60,000 a year. We deserve better.	4/2/2019
1. (19-0281) Recommendation to receive and file a report on travel to Vancouver, Canada, to participate in a panel at the SelectUSA InvesTech Conference from February 26-28, 2019.	Ian Patton	ispatton@yahoo.com						this was a joke, but it got her out of B&P	4/1/2019
5. (19-0283) Recommendation to adopt the revisions to the City Attorney's Office Records Retention Schedule, and rescind previously applicable Record Titles.	Ian Patton	ispatton@yahoo.com						why not keep records by having Laserfiche digitize them?.. hello	4/1/2019
19. (19-0262) Recommendation to receive and file the 2018 Report on Tenant Assistance Policies; Direct City Attorney to prepare a Tenant Relocation Assistance Ordinance implementing Recommendation One, utilizing the Baseline Relocation Assistance Components and Applicability Requirement Option Two; and Direct City Manager to take the necessary steps to implement Recommendations Two through Five, as presented. (Citywide)	Michael Clemson	mclemson@gmail.com						I encourage the city to support the Everyone Home Long Beach Task Force recommendation and pass a strong and robust tenant relocation assistance policy, including the trigger for significant rent increases, and Option 1 to cover the expenses relocated family will encounter.	4/2/2019

<p>19. (19-0262) Recommendation to receive and file the 2018 Report on Tenant Assistance Policies;</p> <p>Direct City Attorney to prepare a Tenant Relocation Assistance Ordinance implementing Recommendation One, utilizing the Baseline Relocation Assistance Components and Applicability Requirement Option Two; and</p> <p>Direct City Manager to take the necessary steps to implement Recommendations Two through Five, as presented. (Citywide)</p>	Maya Daniels	mfsdaniels@gmail.com						While my husband and I own our condo, our neighborhood is primarily renters. We love our neighbors, the affordability of Long Beach, and believe that rent control would provide relief and long-term sustainability for our community. Yes on rent control!	4/2/2019
<p>19. (19-0262) Recommendation to receive and file the 2018 Report on Tenant Assistance Policies;</p> <p>Direct City Attorney to prepare a Tenant Relocation Assistance Ordinance implementing Recommendation One, utilizing the Baseline Relocation Assistance Components and Applicability Requirement Option Two; and</p> <p>Direct City Manager to take the necessary steps to implement Recommendations Two through Five, as presented. (Citywide)</p>	Lisa Gettler	lmgettler@yahoo.com						Rent Control in its various forms, including Tenant Relocation Assistance, creates a decrease in available housing, black market activities (like giving landlords a "deposit" under the table up front to get into an apartment), and increases rent. Please look at San Francisco as an example. Please do not implement rent control in our great city; let property owners control their own property and let the market work!	4/2/2019
<p>19. (19-0262) Recommendation to receive and file the 2018 Report on Tenant Assistance Policies;</p> <p>Direct City Attorney to prepare a Tenant Relocation Assistance Ordinance implementing Recommendation One, utilizing the Baseline Relocation Assistance Components and Applicability Requirement Option Two; and</p> <p>Direct City Manager to take the necessary steps to implement Recommendations Two through Five, as presented. (Citywide)</p>	Gretchen Swanson	gretchen.swanson3@gmail.com						Please consider protections to keep older adults in their homes. One of the key elements of longevity is stable housing and being able to age in place! Our city with support of its Health and Human Services Department and the Office on Aging can shape policies that incentivize landlords to help the City of Long Beach be an "Age Friendly City"	4/2/2019

(Citywide)</p>	Suzanne Harper	kww26@nau.edu						As a property owner, I must protest the proposed Rent Control measure being considered. While I understand the hardships of Renting & High Rent Costs, the City Council must understand why this is. Property Taxes are Absurd & keep skyrocketing, and maintenance costs keep rising. Rent Control will destroy the housing economy!!! If you want Rent Control, then CAP Property Tax Rates!!! Please Consider the Property Owners, we have to make a living too to survive!!!	4/1/2019
<p>19. (19-0262) Recommendation to receive and file the 2018 Report on Tenant Assistance Policies;</p> <p>Direct City Attorney to prepare a Tenant Relocation Assistance Ordinance implementing Recommendation One, utilizing the Baseline Relocation Assistance Components and Applicability Requirement Option Two; and</p> <p>Direct City Manager to take the necessary steps to implement Recommendations Two through Five, as presented. (Citywide)</p>	Ian Patton	ispatton@yahoo.com						no thanks	4/1/2019
<p>20. (19-0296) Recommendation to adopt a Minute Order declaring a citywide moratorium on accepting applications for new drive-through lanes at any new or existing business establishments; direct City Manager to have the Department of Development Services and the Planning Commission review the development standards for drive-through lanes and make recommendations to the City Council; and, request City Attorney to prepare an interim (moratorium) ordinance pursuant to Chapter 21.50 of the Long Beach Municipal Code for notice and placement on the City Council agenda for hearing at its third meeting following adoption of this Minute Order. (Citywide)</p>	Michael Clemson	mclemson@gmail.com						Preventing catastrophic global warming will require a shift from fossil investments to renewable, low carbon ones. Car-first infrastructure, like drive throughs, are car-only and encourage more driving. This creates more traffic, more road deaths, and more carbon pollution. Long Beach should join Sacramento and other cities that have ended this kind of investment, and go further to reduce or eliminate parking minimums and other car-first investments.	3/31/2019
