Subject: SB50 - item on City Council agenda May 7, 219

To: Suzie Price and all council members and Mayor,

From my understanding this gives control of zoning to the State robbing the City of control. I want to have decisions about the City remain with the City. People who live in a neighborhood have chosen that lifestyle and have worked and paid the price for it. We chose our city officials like you to help us maintain it. This law would rob us of the right to choose where we live and what that neighborhood offers. Most of us worked hard to afford our chosen place and for most of us, that is the major investment in our life. There are a lot of places in outlying areas where new housing can be built. Jobs are increasingly more able to be done from home via the internet. Single family homes can add granny flats.

I did vote for you. This is the first time I have written a letter to you but I am writing now because this is so important.

Please oppose SB50,

Thank you,
