

EXHIBIT C

Long Beach City Hall,

We are reaching out to you with some brief explanations on what we propose to do with the addition at Roundin 3rd Sports Bar & Grill, We propose to make the new side of the sports bar into an upscale, intimate dining experience, we will not be having live music or dancing(music will be playing throughout the restaurant), with upscale atmosphere, different food menu then the sports bar, We will also be trying to use the back patio as a port of entry so we are able to separate the two different atmospheres from interfering with one another, front door will also be accessed for entrance. Our main goal is not to mix the two different atmospheres. The new space will have an upscale bar, family dinning booths, two top table sitting for more of a secluded dining experience for the guest.

Thank You,

Van Gaalen Construction
