

RESOLUTION NO. RES-19-0128

A RESOLUTION OF THE CITY COUNCIL OF THE
CITY OF LONG BEACH AMENDING THE MASTER FEE AND
CHARGES SCHEDULE FOR SPECIFIED CITY SERVICES
FOR CITYWIDE FEES AND CHARGES FOR THE CITY OF
LONG BEACH FOR FY20

WHEREAS, the City Council of the City of Long Beach ("City") seeks to
establish service fees and charges to recover the full, lawfully recoverable costs incurred
by the City in providing services to those who request them by amending the Master Fee
and Charges Schedule for specified City services for Citywide fees and charges for the
City of Long Beach; and

WHEREAS, it is the City's policy to set fees and charges at full cost
recovery levels, except where a greater public benefit demonstrates the need to impose a
lesser fee or charge to the satisfaction of the City Council, or when it is not cost effective
to do so; and

WHEREAS, the City has conducted an extensive analysis of its services,
the costs reasonably borne by the City in providing those services, the beneficiaries of
those services, and the revenues produced by those paying service fees and charges for
said services; and

WHEREAS, the City Council, at a duly noticed public hearing, took public
testimony and input regarding certain proposed new or increased service fees and
charges; and

WHEREAS, California Government Code Section 66000, et seq.,
authorizes the City to adopt service fees and charges for municipal services, provided
such fees do not exceed the cost to the City of providing the service; and

WHEREAS, in accordance with Government Code Section 66016, at least

1 fourteen (14) days prior to the public hearing at which this Resolution is adopted, notice
2 of the time and place of the hearing was mailed to eligible interested parties who filed
3 written requests with the City for mailed notice of meetings regarding new or increased
4 fees or service charges; and

5 WHEREAS, in accordance with the Government Code 66016, data
6 regarding the estimated cost of the services and the revenue sources anticipated to
7 provide the services was available for public review and comment for ten (10) days prior
8 to the public hearing at which this Resolution was adopted; and

9 WHEREAS, publication of the notice of public hearing was given in
10 accordance with the provisions of Government Code Section 6062a, ten (10) days in
11 advance of the public hearing at which the adoption of this Resolution was considered;
12 and

13 NOW, THEREFORE, the City Council of the City of Long Beach hereby
14 resolves as follows:

15 Section 1. The facts set forth in the Recitals of this Resolution are true
16 and correct and are hereby incorporated by reference herein as though set forth in full.

17 Section 2. The City Council hereby approves publication of the Master
18 Fee and Charges Schedule for FY20. Said fees are set forth in Exhibit "A", which is
19 attached hereto and incorporated herein by this reference, for specified City services for
20 Citywide fees and charges for the City of Long Beach, including those new, increased or
21 adjusted fees as are described in the "Discussion of Fiscal Year 2020 Fee Changes" set
22 forth in Exhibit "B", which is attached hereto and incorporated herein by this reference,
23 and which fees are also set forth and listed on Exhibit "C", which is attached hereto and
24 incorporated herein by this reference as though set forth herein word for word.

25 Section 3. Said revised Master Fee and Charges Schedule is hereby
26 directed to be made available to the public for its use for informational purposes, and is
27 not intended as a re-adoption, modification, or amendment of any existing fee or charge
28 previously established by resolution, or any previously adopted fee resolution that is not

1 in conflict with the provisions of this Resolution.

2 Section 4. The City Council hereby further adopts and approves fees and
3 charges that have been increased by the City Cost Index, a calculation of the increase in
4 the City's cost from Fiscal Year 2018 to Fiscal Year 2019, as set forth and described in
5 Exhibit "D" which is attached hereto and incorporated herein by this reference; and the
6 new, increased, or adjusted fees and charges as set forth and described in Exhibits "B"
7 and "C." The fees and charges increased by the City Cost Index and those fees and
8 charges set forth in said Exhibit "B" and "C" shall thereafter be incorporated into the
9 Master Fee and Charges Schedule for FY20 (Exhibit "A") and shall collectively be known
10 as the Master Fee and Charges Schedule of the City of Long Beach and may be made
11 available to the public for its information and review.

12 Section 5. Adoption of the new, increased or adjusted fees and charges
13 set forth and described in this Resolution, and in Exhibit "B" and "C" attached hereto, are
14 intended to recover costs necessary to provide the services within the City for which the
15 fees are charged. In adopting the new, increased or adjusted fees and charges set forth
16 in this Resolution, the City Council of the City of Long Beach is exercising its powers
17 under Article XI, Section 7 of the California Constitution.

18 Section 6. All requirements of California Government Code Sections
19 66000, et seq., are hereby found to have been satisfied.

20 Section 7. The fees and charges set forth in Exhibit "C" ("Proposed Fee
21 Adjustments for Fiscal Year 2020") are reasonable estimates of the costs incurred by the
22 City in providing the services to those who request them. The service fees and charges
23 for such services are necessary to recover the reasonable, estimated cost of providing
24 such services.

25 Section 8. The fees and charges adopted and all portions of this
26 Resolution are severable. Should any of the fees or charges or any portion of this
27 Resolution be adjudged to be invalid and unenforceable by a body of competent
28 jurisdiction, then the remaining fees and/or Resolution portions shall be, and continue to

1 be, in full force and effect, except as to those fees and/or Resolution portions that have
2 been adjudged invalid. The City Council of the City of Long Beach hereby declares that it
3 would have adopted each of the fees or charges and this Resolution and each section,
4 subsection, clause, sentence, phrase and other portion thereof, irrespective of the fact
5 that one or more of the service fees, charges or sections, subsections, clauses,
6 sentences, phrases or other portions of this Resolution may be held invalid or
7 unconstitutional.

8 Section 9. All provisions of prior City Council ordinances and resolutions
9 establishing fees are hereby rescinded and repealed in part or in whole to the extent of
10 any conflict between said ordinances and resolutions and the provisions established by
11 this Resolution.

12 Section 10. The establishment of fees and charges herein is exempt from
13 the requirements of the California Environmental Quality Act (CEQA) pursuant to Public
14 Resources Code Section 21080(b)(8) and the adoption of this Resolution is for the
15 purposes of inter alia: (1) meeting operating expenses; (2) purchasing or leasing
16 supplies, equipment or materials; (3) meeting financial reserve needs and requirements;
17 or (4) obtaining funds for capital projects, necessary to maintain service within the various
18 areas of the City.

19 Section 11. This resolution shall take effect immediately upon its adoption
20 by the City Council, and the City Clerk shall certify the vote adopting this resolution.

MASTER FEES AND CHARGES

Fee Name	Description	Fee	Per	Type
DEPARTMENT: CITY CLERK				
Civil Marriage Ceremony	Effective January 1, 2015, the City Clerk can perform Civil Marriage Ceremonies per Assembly Bill 1525. The L.A. Registrar Recorder County Clerk (RR/CC) provides marriage licenses to couples getting married. Once a couple has obtained their marriage license, the couple can come to City Hall and participate in a qualified ceremony. The marriage license becomes a marriage certificate that must be sent back to the RR/CC to be recorded. The L.A. RR/CC only records marriage certificates for marriages that take place in Los Angeles County. The civil ceremony can only be scheduled after the couple has obtained a marriage license. Only the appointed City Clerk is eligible to officiate the ceremony.	\$35.00	Ceremony	Fee
Civil Marriage Ceremony Witness Fee	Couples that participate in qualified Civil Marriage Ceremonies must provide a witness at the time of the ceremony, unless the couple is marrying using a confidential Marriage License in which case no witness is required. If the couple does not have a witness, the City Clerk can provide one for an additional fee.	\$20.00	Witness	Fee
COPIES/DUPLICATION				
Copies	Per page copies: Includes, but not limited to street indexes, printed lists, precinct reports, statement of vote, polling place/poll worker list, campaign statements or statements of economic interest.	\$0.10	Page	Fee
Long Beach City Charter	Copy of the Long Beach City Charter	\$8.80	Charter	Fee

DEPARTMENT: LONG BEACH AIRPORT				
AIRLINE FEES				
Includes: Landing Fees, Gate Use Fees, Apron Parking Fees, Common Use Fees and Terminal Space Charges. These costs are used to calculate the cost per enplaned passenger.				
Landing Fees, 7:00 AM - 10:00 PM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$3.88	1000 lbs. Gross Certified Landing Weight	Fee
Landing Fees, 10:00 PM - 7:00 AM	All aircraft certificated under Federal Aviation Regulations (FAR) Part 121 or 125, or certified under FAR Part 135 (if such Part 135 operations are on a scheduled basis of 5 or more landings per week) conducting commercial landings at Long Beach Airport shall pay a landing fee based on the Gross Certified Landing Weight of the aircraft. For purposes of this Resolution, a commercial landing is defined as any landing where an aircraft is carrying persons or cargo for hire, compensation or reward or will do so in its next subsequent departure.	\$8.17	1000 lbs. Gross Certified Landing Weight	Fee

MASTER FEES AND CHARGES

Fee Name	Description	Fee	Per	Type
DEPARTMENT: LONG BEACH AIRPORT				
Diverted landings	Any scheduled commercial carrier diverted from landing at Long Beach Airport between 10:00 PM and 7:00 AM shall be credited for incremental expenses (over and above costs which would have been incurred at the Long Beach Airport) incurred for aircraft handling, airport use and facility fees, and fees incurred in transporting enplaning and deplaning passengers between Long Beach Airport and an authorized alternate airport. In order to qualify such incremental costs for a credit against Airport-related rents/fees owed the City of Long Beach, such expenditures must be consistent with a schedule of rates/charges which has been pre-approved by the Airport Director. Passengers on any qualified commercial carrier diverted from Long Beach Airport shall be eligible for a voucher for credit on their parking charges at Long Beach Airport's parking lots.			Fee
Terminal Building Gate Use Fee	All aircraft using the Airport Terminal Building apron for the enplanement or deplanement of passengers or cargo shall pay a fee for each flight which makes use of said facilities.	\$1.16	1000 lbs. Gross Certified Landing Weight	Fee
Security Surcharge	Uses that require the presence of a Law Enforcement Officer (LEO) will be charged this Fee. Such uses include ramp safety enforcement during enplaning and/or deplaning of passengers, escorting of aircraft and vehicles between locations and standing by for filming and special events.	Cost recovery rate	Hour, or portion thereof	Fee

MASTER FEES AND CHARGES

DEPARTMENT: LONG BEACH AIRPORT				
Common Use Charges	Common use areas include the boarding lounges, concourse, baggage claim areas and public areas of the terminal. The Common Use Charge shall be computed on the depreciation, utilities, custodial and maintenance services for the common use areas. Common Use Charges shall be assessed on all airlines which use the common areas at a per enplaned passenger rate calculated by the Airport Director. The calculation shall be based on actual expenses for common use areas, and number of airlines and flight activity at the Long Beach Airport.	\$2.73	Enplaned passenger	Fee
AIRCRAFT PARKING				
Terminal Building Apron Parking Fee	Any aircraft which is parked on the Terminal Building apron and not engaged in the enplanement or deplanement of passengers or cargo or which remains overnight, shall obtain prior approval and pay apron parking fees.	\$0.96	1000 lbs. Gross Certified Landing Weight	Fee
Aircraft Parking Fee - Uncovered - Daily 0-35 total feet wing span	These rates shall be paid for the parking of aircraft on open areas of the Airport. Airport parking areas are designated by the Airport Director and prior approval is required. No parking charges for uncovered parking shall be assessed against aircraft owned and operated by the United States of America, or any state, county, or city while said aircraft is located at the Airport on documented official government business.	\$5.76	0 - 35 feet total span/Daily	Fee

PIPELINE AND UTILITIES PERMIT FEES				
Each permit and permit supplement issued under LBMC Chapter 15.44 shall be subject to the condition and shall provide that the permittee, as and for compensation for use of city property, shall pay to the city annually in advance, on a calendar year basis. All fees are due and payable on January 1 of each calendar year. The fee for each permit that is issued to any person other than a governmental agency shall be not less than twenty-five (\$25) per year.				
Pipelines and Utilities Permit Fees	A fee for installing a facility/pipeline on City property. For pipelines with an internal diameter not listed herein, the fees shall be in the same proportion to the fees of a twelve inch (12") diameter pipe as the diameter of the unlisted pipe is to twelve inches (12"). The annual payment for each lineal foot of pipeline shall be computed and revised each calendar year.	The applicable base rate shall be multiplied by the consumer price index for owners' equivalent rent of primary residence in Los Angeles, California.	Each	Fee
Pole Permit Fees	The fee for putting a pole on City property/public right of way.	The annual fee shall be computed at the rate of one dollar twenty five cents (\$1.25) per pole.	Each	Fee

Administrative Right-of-Way Inspection Citation Fee - First Citation	This will allow staff to write administrative citations to entities who fail to comply with the Peak Hour Ordinance. The Peak Hour Directive seeks to minimize impacts to traffic flow by prohibiting work or obstructions in the ROW during peak traffic hours (6:00 a.m. to 8:30 a.m. and 3:30 p.m. to 6:30 p.m.).	\$105.00	Citation	Penalty
Administrative Right-of-Way Inspection Citation Fee - Second Citation	This will allow staff to write administrative citations to entities who fail to comply with the Peak Hour Ordinance. The Peak Hour Directive seeks to minimize impacts to traffic flow by prohibiting work or obstructions in the ROW during peak traffic hours (6:00 a.m. to 8:30 a.m. and 3:30 p.m. to 6:30 p.m.).	\$205.00	Citation	Penalty

MASTER FEES AND CHARGES

Fee Name	Description	Fee	Per	Type
DEPARTMENT: PUBLIC WORKS				
Administrative Right-of-Way Inspection Citation Fee - Third through 25th Citation	This will allow staff to write administrative citations to entities who fail to comply with the Peak Hour Ordinance. The Peak Hour Directive seeks to minimize impacts to traffic flow by prohibiting work or obstructions in the ROW during peak traffic hours (6:00 a.m. to 8:30 a.m. and 3:30 p.m. to 6:30 p.m.).	\$520.00	Citation	Penalty
Administrative Right-of-Way Inspection Citation Fee - Billing Cost for 2nd and Further Citations	This will allow staff to write administrative citations to entities who fail to comply with the Peak Hour Ordinance. The Peak Hour Directive seeks to minimize impacts to traffic flow by prohibiting work or obstructions in the ROW during peak traffic hours (6:00 a.m. to 8:30 a.m. and 3:30 p.m. to 6:30 p.m.). This billing cost will be applied for the 2nd and further Citations occurring at the same project location.	\$135.00	Per Instance	Fee
Administrative Right-of-Way Inspection Citation Fee - Re-Inspection Fee	This will allow staff to write administrative citations to entities who fail to comply with the Peak Hour Ordinance. The Peak Hour Directive seeks to minimize impacts to traffic flow by prohibiting work or obstructions in the ROW during peak traffic hours (6:00 a.m. to 8:30 a.m. and 3:30 p.m. to 6:30 p.m.). This re-inspection fee will be charged in addition to the appropriate ROW Peak Hour Violation. Charged in addition for each of the 1st Five ROW Peak Hour Violations.	\$220.00	Per Inspection	Fee
PUBLIC WALKWAYS OCCUPANCY PERMITS				
Appeal Deposit Fee for Appeal by Applicant/Permittee	Fee to cover appeal processing of public walkways occupancy permit. Deposit fee is refunded if the appeal is granted.	\$1,035.00	Appeal	Fee
Permit: 0 to 200 sq ft	Fee to cover permit processing of public walkway occupancy permits.	\$650.00	Each	Fee

MASTER FEES AND CHARGES

Fee Name	Description	Fee	Per	Type
DEPARTMENT: PUBLIC WORKS				
Permit: > 201 sq ft	Fee to cover permit processing of public walkway occupancy permits.	\$1,035.00	Each	Fee
DOCUMENT PROCESSING				
News Rack Retrieval Fee	News racks on street corners in violation of Municipal Code Chapter 14.20 will be removed and a fee imposed to retrieve news stand.	\$680 per Rack	Rack	Fee
No Parking Signs	Temporary No Parking Signs in Construction Zone (14"x22")	\$2.35 per sign	Each Sign	Fee
Dedication: Street, Alley & Sidewalk	Fee to cover expenses of document processing.	\$3,120.00	Per Document	Fee
Easements: Utility & Other Special Purpose	Fee to cover expenses of document processing.	\$3,120.00	Per Document	Fee
Easements: Granted by the City	Fee to cover expenses of document processing (Appraised land value component may be added).	\$3,120.00	Per Document	Fee
Installation & Maintenance Agreement (Minor)	Fee to cover expenses of over the counter document processing	\$365.00	Per Document	Fee
Quitclaim	Fee to cover expenses of document processing.	\$3,120.00	Each	Fee
STREET IMPROVEMENT PERMITS				
Tree Trimming Fee	Fee to cover out of cycle tree trimming by contractor.	\$213.00	Each	Fee
Street Improvement Permit	Fee to cover construction in the right of way.	10.6%/valuation \$240 minimum	Each	Fee
Street Improvement Permit; Under Sidewalk Roof Drain	Fee to cover construction in the sidewalk right of way.	\$560.00	Each	Fee
Street Improvement Permit; Wheel Chair Ramp Finishing	Fee to cover construction in the public right of way.	\$715.00	Each	Fee

EXHIBIT "B"

Discussion of Fiscal Year 2020 Fee Changes

DISCUSSION OF FISCAL YEAR 2020 FEE CHANGES

City of Long Beach

September 3, 2019

INTRODUCTION

City Council approval is requested for the List of Proposed Fee Adjustments for Fiscal Year 2020 (FY 20) included as Exhibit C, which describes the proposed changes to the City's Master Fees and Charges Schedule. As part of the normal Budget process, City Council last reviewed and approved an amended Master Fee and Charges Schedule for specified City services on April 23, 2019. The original basis for the schedule of fees and charges was the Fee Study, which was recommended by the Budget Oversight Committee and commissioned by the City Council to complete a cost accounting of the most significant City services and their related user fees. Since the fee study was originally completed in FY 06, costs borne by the City in providing fee-related services have changed for a variety of factors. In FY 19, staff initiated an updated citywide fee study to document the City's costs to provide various fee-related services. The study is a multi-year effort and will start with services in the Development Services, Health and Human Services, and Parks, Recreation, and Marine Departments.

On September 5, 2017, the City Council adopted an amended Financial Policy on *User Fees and Charges*, which reads:

User Fees and Charges Will be Set at the Cost of the Service

Background – Fees and associated charges are associated with recovering the cost of providing a service. The City can charge up to the full cost of providing a service.

Policy –

- a. Fees will be set at a level to fully recover costs, except where there is a greater public benefit through use of a lower fee, such as where full recovery may adversely impact overall revenue or may discourage participation in programs where the participation benefits the overall community.
- b. The City Manager will establish a process for an in-depth review of all fees over time. The review, while eventually covering all fees, should emphasize those that have or may have significant subvention (may not be at full cost).

City Staff may recommend fees that are not set at the full cost of service or City Council may choose to not adopt a fee with full cost recovery because otherwise it would negatively impact the public good. Certain new fees are being introduced to address the demand for City services. Charging a fee allows residents the benefit of a service that may otherwise not be possible without sufficient revenue to offset the cost of providing the service. Some City services in low demand may not initially be assigned a fee. However, if demand increases, there may be a need to evaluate the service and propose a fee that aligns to the cost of the service being provided. Changes in the regulatory environment may also result in new fees being developed.

Bi-annual fee adjustments, deletions, and additions, are the process by which the broad-based changes to fees are presented to the City Council and the public for consideration. The proposed fee changes currently being presented to the City Council represent the FY 20 Budget Adoption Fee Adjustments, which will take effect October 1, 2019. The next citywide

EXHIBIT B

fee adjustment process will occur during the Mid-Year Fee Adjustment process during FY 20. Please see Exhibit C for the latest List of Proposed Fee Adjustments.

In addition to the List of Proposed Fee Adjustments, user fees and charges in the Master Fees and Charges Schedule have been adjusted by the City Cost Index (CCI). The CCI calculates the change in the City's costs from FY 18, when the CCI was last applied to fees, to FY 19. The FY 20 CCI, calculated by an independent consultant, is an increase of 3.74 percent. By using the CCI to adjust fees for growth, the City is able to sustain previous levels of cost recovery through the charging of fees. Without this adjustment, the City would need to increase its subsidy for fee-related services, at the expense of other services. For more information on the City Cost Index, see Exhibit D.

REVENUE IMPACT

The annual revenue changes described in Exhibit C are estimates, and are based on anticipated service usage in FY 20 and do not include anticipated revenue from CCI adjustments. Estimates could vary depending on market or economic conditions. The City's FY 20 General Fund revenue estimates assume a natural growth of fees and charges. The requested fee changes are required to meet current revenue commitments in the respective departments and will support each department's operations during the current fiscal year. The FY 20 Fee Adjustments are estimated to result in a net revenue increase of \$4,057,476 in all funds, with \$1,605,173 in the General Fund Group.

In other funds, the annual revenue change resulting from the proposed fee changes listed in Exhibit C is \$2,452,303. This revenue increase is comprised of \$889,808 in the Airport Fund Group, \$360,190 in the Development Services Fund Group, \$100,000 in the Gas Fund Group, \$703,000 in the Tidelands Area Fund Group, \$386,600 in the SERRF Fund Group, and \$12,705 in the Tidelands Operating Fund Group.

PROPOSED FEE CHANGES BY DEPARTMENT

City Clerk

Passport Application Processing Fee

The City Clerk Department is a designated Passport Acceptance Facility and is certified as a Passport Processing Agent. The department currently charges a Passport Application Processing Fee, set by the U.S. Department of State and assessed by all Passport Acceptance facilities. The department is proposing to increase the fee from \$25 to \$35 per application. This change is necessary to align the department's fees to those set by the U.S. Department of State. The estimated revenue change is unknown at this time. Actual revenues will vary based on the number of passport application received and processed by the department.

Development Services

Building Fees, Construction in the Vicinity of Oil Wells and Methane Mitigation

The Development Services Department is proposing new fees to be assessed when businesses and developers are proposing to develop sites with abandoned oil/gas wells, operating oil/gas wells, or both. This request is part of the upcoming triennial code update to codify these special considerations and implement these changes. The department is proposing various new fees and charges to align the cost of providing specialized plan checks and construction inspections required for well abandonment and methane plan checks, and well head inspections and vent cone inspections. Fees will only be applied if City Council approves the upcoming code updates.

The proposed fees are calculated to cover the City's costs of providing these services. Costs include City staff and, if necessary for more complex items, outside subject matter experts. Staff expects to receive ten applications per year, for an estimated revenue impact of \$10,190. Revenue in future years will vary depending on the number of new applications received by the department.

Technology Surcharge

The Development Services Department currently levies a technology surcharge to fund the continued upgrade, improvement, and maintenance of technology for development projects and services. The surcharge is applied to nearly all fees charged by the Planning and Building and Safety Bureaus and is used to fund technology including Infor (the current system used to track permits). The current surcharge of 2 percent includes a mid-year FY 19 increase of 1.0 percent. Ongoing cost assessments and current year revenue performance indicates that the previously requested increase is not sufficient to support technology costs. As a result, the department is proposing to increase the surcharge to 3.0 percent. Additional revenues generated from the proposed increase is estimated at \$150,000. Since the inception of the fee, it has been set as high as 6.3 percent and as low as 0.5 percent. Staff continuously monitors fee generation to ensure customers are not being overcharged while ensuring adequate revenues to cover ongoing technological improvements are sufficient.

Short-Term Rental Registration Fee

The Development Services Department is proposing a new short-term rental registration fee of \$250 per application. The fee will be assessed to each applicant operating an STR and is calculated to offset the City's costs of implementing the proposed short-term rental (STR) ordinance scheduled to be presented to City Council in the Fall of 2019. The fee will only be applied if City Council approves the proposed STR ordinance. Annual revenues are estimated at \$200,000. Costs include staff and consultant costs to monitor STRs operating in the City and enforce certain regulations such as quiet hours and occupancy requirements.

Economic Development

Enterprise Zone Program Fees

The Enterprise Zone (EZ) Program was developed by the California Legislature to provide targeted areas with a means to stimulate business growth and attract new companies, jobs and investment. Businesses located within these zones were eligible for State tax incentives. The City's Workforce Development Bureau previously implemented this program and issued hiring credits to qualified businesses. The hiring credits allowed businesses to reduce its state income tax by a percentage of wages paid to one or more qualified employees. The City previously charged application and processing fees to businesses to offset program administration costs. In December 2014, the state cancelled the EZ program and, since then, the City has not charged these fees. As a result, the Economic Development Department requests to remove the three EZ program-related processing fees from the Master Fees & Charges Schedule.

Financial Management

Parking Citations

The City Council last reviewed and approved a \$10 increase per parking citation October 1, 2018. As part of budget balancing actions to address the projected FY 20 projected budget shortfall, the Financial Management Department is proposing to increase various parking citations by \$10.00 per citation. The increase will apply to various parking citations issued by all applicable City departments and is estimated to generate \$1,542,125 in additional revenue. With the proposed rate increase, the City of Long Beach remains in line with comparable cities such as Los Angeles.

Expired Meter Parking Citation

The Financial Management Department proposes a new \$69 citation for exceeding the time limit at parking meters. Currently, the City issues parking citations under Municipal Code 10.24.090 which includes exceeding time limits for both posted signs and expired meters. Updating the Municipal Code and separating the two types of violations will provide greater clarity for the both the community and issuing agency. No additional revenue is anticipated from this change. To align the proposed citation with the City's other parking citation rates, the requested citation rate includes the \$10 increase to parking citations as proposed as part of FY 20 budget balancing actions.

No Overnight Parking in Beach Lots Parking Citation

The Financial Management Department proposes a new \$69 citation for violators that park overnight in beach parking lots. Currently, the City issues parking citations under California Vehicle Code 21113 (a) for No Parking on City Property which covers all City property including beach lots. Updating the Municipal Code and separating the two types of violations will provide greater clarity for the both the citizen and issuing agency. No additional revenue is anticipated from this change. To align the proposed citation with the City's other parking citation rates, the requested citation rate includes the \$10 increase to parking citations as proposed as part of FY 20 budget balancing actions.

EXHIBIT B

No Parking in Bike Lane Parking Citation

The Financial Management Department proposes a new \$69 citation for parking violations in the City's bike lanes. Currently, the City issues parking citations under Municipal Code 10.24.050 for No Parking which includes all areas with "No Parking" signs, as well as illegal parking in bike lanes. The proposed new citation will be issued under California Vehicle Code 21211(b). This change will separate the two types of violations to provide greater clarity for the both the community and issuing agency. No additional revenue is anticipated from this change. To align the proposed citation with the City's other parking citation rates, the requested citation rate includes the \$10 increase to parking citations as proposed as part of FY 20 budget balancing actions.

Fire

Miscellaneous Permits and Fees

The Fire Department currently charges stand-by and spot check inspections fees for special event and film productions to ensure water safety, water traffic control, and presence of basic life support prior and/or during special events and filming. The department is proposing fee increases to reflect staff costs to provide these services. The proposed changes will result in Stand-By Services and Spot Check Inspections fees to increase to \$130 per hour for sworn personnel, and \$40 per hour for Ambulance Operators. The annual revenue resulting from the increase is currently estimated at \$56,148.

Library Services

Main Library - Rental of Library Rooms and Meeting Areas

The Library Services Department proposes to delete various fees related to facility rental at Main Library. The new Main Library will no longer have an auditorium, auditorium lobby, and piano as a rental opportunity. As a result, the department is proposing to delete related rental fees. Estimated rental revenue generated from the new facility is pending, but is expected to offset revenue generated from fees proposed for deletion.

Long Beach Airport

Airline Fees

The Long Beach Airport prudently manages its financial position by monitoring and forecasting flight and passenger activity. These two activities are the primary factors in the setting of rates and fees charged to airlines for their use of the Airport. The charges assessed to airlines include aircraft landing and parking, gate use and common area use. A 5 percent increase in these fees charged to airlines is estimated to generate an additional \$889,808 for the Airport and will offset the increases in cost projected for FY20.

The cost increases are a result of increased usage of supplies and services, cost inflation, and increases in staffing required to keep pace with the higher level of passenger activity than seen in prior years. The increase also helps the Airport maintain a strong financial position while remaining competitive in the region with a Cost per Enplanement (CPE) metric

EXHIBIT B

below \$10 – a key metric used by Airlines in determining which airports to serve. When certain revenue thresholds are met, rates must be adjusted to reflect changes in passenger activity level. Annual passenger activity level is on a slightly upward trend and is estimated at 3.6 million for 2020.

Long Beach Energy Resources

Engineering and Construction Support Fees for Gas Service/Feed Analysis, Plan Check, & Meter Rooms

The Energy Resources Department is proposing new engineering and construction support services fees. The department currently receives requests to perform plan check reviews and preliminary analysis for projects related to changes to existing gas service due to higher demand, meter rooms in new development, and meter and service line locations. The department is not currently charging for these services, which are typically performed prior to when the City issues applicable permits. These fees will offset staffing costs required to perform these services and are estimated to generate approximately \$100,000 in additional new revenue.

Replacement Cost Fee

The Energy Resources Department is proposing a new replacement fee for damaged and/or lost equipment due to events held in Energy Resources facilities such as the auditorium and other meeting spaces. The proposed fee will charge customers the actual cost of the damaged and/or lost equipment, as well as a \$25 administrative fee to offset staff costs required to repair or replace the equipment. No additional revenue is anticipated from this new fee. Any revenue generated from this fee will be used to fully offset the cost to replace or repair equipment when needed.

SERRF

Private Hauler Tip Fee

The Energy Resources Department is requesting an increase in the maximum per ton disposal fee for refuse delivered to SERRF by private and public refuse haulers other than the City of Long Beach. The department is currently anticipating an increase in the market rate tip fee for private haulers utilizing energy-from-waste facilities like SERRF and has been aggressively increasing its tip fees to provide for continued economic viability for the facility. The current tip fee is variable from \$0 to \$90 per ton. The proposed change increases the variable fee to \$0 to \$120 per ton, which allows for SERRF to increase its maximum allowable private hauler tip fee by up to \$30 per ton. The annual revenue anticipated from this change is estimated at \$386,600, but will depend on the actual market rate charged.

Parks, Recreation & Marine

Marina Slip Fees

The Parks, Recreation, and Marine Department is proposing a 3 percent increase across all permanent and temporary marina slip rental fees to align the Marina Fund's costs for operations, security, debt service, and capital needs. Revenue anticipated from the proposed increase is estimated at \$700,000 annually. Annual rate increases are necessary to ensure the continued solvency of the Marina Fund, as well as to generate revenues required for the repayment of the Marina Revenue Bonds, Series 2015 needed to finance the Alamitos Bay Marina improvements and prepay existing loans to the State Department of Parks and Recreation, Division of Boating and Waterways.

Dry Boat Storage Wait-List Fee

The Parks, Recreation, and Marine Department currently offers dry boat storage at Marine Stadium and maintains a wait-list for potential renters. A new, one-time \$30 fee is proposed to cover administrative costs associated with managing the wait-list. In addition, the proposed new fee may deter individuals who have not yet purchased a boat from placing themselves on the wait-list for storage space. By reducing the amount of these instances, the department will expedite the waitlist and focus staff attention to boat owners. The department estimates that this new fee will generate \$1,500 in new revenue. The proposed fee aligns with the department's current one-time, wait-list fee for shore mooring for smaller vessels at the Peninsula sand stakes and Bayshore storage racks.

Launch Ramp Card Replacement Fee

The Parks, Recreation, Marine Department is proposing new, one-time \$50 fee to replace lost or stolen monthly launch ramp entrance cards. This fee is estimated to generate \$500 in annual revenues, and will be used to offset the cost of the card and staff time required to issue a new launch ramp card. The department currently charges a similar fee to replace parking decals in the marina parking lots.

Lien Process Fee

The Parks, Recreation, Marine Department is proposing a new lien processing fee ranging from \$100 to \$300 for impounded vessels. Currently, all vessels impounded by the Marine Bureau and forfeited by the owner must go through a lien process to transfer the name and title of the vessel from the previous owner to the City. Following the process, the City will be able to sell the vessel at auction or destroy the vessel if it is deemed unseaworthy. The new fee will be charged to the impounded boat's owner and will cover the cost of a contracted lien processor. The fee is estimated to generate \$3,000. The actual fee charged will vary depending on where the vessel is registered, as well as the vessel's size, year, and condition.

EXHIBIT B

Impound Fee for Vessels Impounded from Dry Boat Storage Areas

The current fee to release smaller vessels e.g. kayaks, dinghies, and sabots impounded from a dry boat storage area is \$130, and is the same amount charged for a larger vessel, boats between 15 to 120 feet. To align the fee to the amount of work involved to release a smaller vessel, a new fee of \$25 is proposed for this specific category of smaller vessels. The fee is estimated to generate \$625 in annual revenues.

Police

Board-Up Fees

The City currently charges owners for the cost to board-up their facilities/buildings when deemed necessary for safety reasons by the Police and/or Fire Departments. The Public Works Department previously responded to these requests and managed the vendor contracted to provide board-up services. However, these duties will be transferred from the Public Works Department to the Police Department. As a result, this request will transfer the two board-up fees from the Public Works Department to the Police Department. There are no additional changes and the fees will continue to be charged at actual cost. There is no additional revenue anticipated because of the proposed transfer.

Electronic Extraction Fee

The Police Department is proposing a new electronic extraction fee to charge the actual cost associated with extracting exempt material from police video recordings and other audio or video files in response to California Public Record Act requests. These recordings can include, but are not limited to body worn camera video and video from department investigations. Pursuant to California Government Code § 6253.9(b), the City may charge a requester the direct cost to produce an electronic record if the request requires data compilation, extraction, or programming to produce a record.

The proposed fee charged to requestors will be at actual costs for staff and, if needed, outside vendors associated with producing a record. The fee will also require that the requestor submit a 50 percent deposit of estimated costs prior to the department moving forward with completing the request. The estimated revenue impact is unknown at this time, and will depend on the type, complexity, and volume of the public records act requests.

Public Works

Independent Hearing Fee for Small Cellular Application Appeals

The Public Works Department is proposing two new Wireless Telecommunications Facilities Permit appeal fees to be assessed to the applicant or a third party. On April 17, 2018, the City Council approved to establish regulations for micro wireless telecommunications facilities in the Right-of-Way (ROW). The department currently charges fees for new applications permitting these facilities in the ROW. The municipal code currently allows the applicant or a third party to file an appeal for an approved or denied application. Under Municipal Code 15.34.030, if one or more appeal hearings are required, each appellant must pay a nonrefundable fee per appeal. The department is not currently charging these fees.

EXHIBIT B

Additional revenues resulting from this new fee are estimated at \$15,900 annually and will cover the administrative costs required to support the appeal and hearing process.

Wheel Clamp Release Fee

On April 21, 2009, the City Council approved the Wheel Clamp Release Fee as part of a pilot wheel-clamping program to determine if this service could effectively be used to support the existing towing/impound operation. The City currently tows vehicles and does not apply wheel clamps. As a result, the Public Works Department has not charged this fee over the last several years and proposes to eliminate this fee from the Master Fees and Charges Schedule. No revenue change will occur because of this deletion.

Street Improvement Permits

Tree Trimming Fee

The Public Works Department currently charges a fee for tree trimming requested and performed outside of the City's planned grid trimming schedule. A contractor currently performs this service. The fee has remained unchanged since it was established in 2014, however, the contractor's costs have since increased. To cover the actual costs incurred for these requests, the department is requesting to increase this tree trimming fee from \$105 to \$213 per tree. The number of requests vary annually. The annual revenue estimated from this increase is \$1,080.

Facilities

Board-Up Fees

The City currently charges owners for the cost to board-up their facilities/buildings when deemed necessary for safety reasons by the Police and/or Fire Departments. The Public Works Department previously responded to these requests and managed the vendor contracted to provide board-up services. However, these duties will be transferred from the Public Works Department to the Police Department. As a result, this request will transfer the two board-up fees from the Public Works Department to the Police Department. There are no additional changes and the fees will continue to be charged at actual cost. There is no additional revenue anticipated because of the proposed transfer.

Various Fees for Guard Rail, Facility Damage Repairs or Special Events Facility Usage

The Public Works Department currently charges fees for City staff presence at special events and to repair damages across all City facilities and property including Civic Center facilities, non-Civic Center facilities, guard rails, fencing and barriers. The current rate charges those responsible for the actual cost for any required materials and contractor time, plus hourly billable rates to cover staff costs. The current billable rates have remained unchanged since FY 13. As a result, the department is proposing changes across these fees to align the billable rates to actual City staff costs. Due to the relative infrequency of these type of occurrences, no additional revenue is anticipated because of the proposed changes.

TABLE OF CONTENTS

Introduction 1

Personnel Adjustment Factor..... 1

Non-Personnel Adjustment Factor 4

INTRODUCTION

The City of Long Beach (the City) utilizes user fees to recover the full cost of services rendered to individuals upon their request. Fee programs ensure that the City-provided services requested by individuals, primarily provided by twelve departments within the City, are not subsidized through public funds. The last comprehensive review of user fee costs took place in 2005. In order to maintain equivalent cost recovery levels, the City adjusts these fees annually to combat the rise of costs over time. While the Consumer Price Index (the CPI) gives a general indication of the changes in the cost of living, it is not always the primary cost driver for services related to user fees. Since the fees are associated with the provision of a service, the City previously calibrated fees using the average employee salary increase.

In 2009, the City retained Willdan Financial Services (WFS) to create an adjustment factor for the user fee program that more accurately accounts for the annual change in both personnel and non-personnel departmental expenses. WFS developed a methodology that balances both personnel factors (average salary increases) and non-personnel factors (CPI).

The most recent update to the methodology was performed for FY 2019 when Workers' Compensation Insurance costs were added to Personnel Costs for budgeting purposes. In previous reports, Workers' Compensation Insurance costs were included in Total Budget columns. Beginning in the FY 2019 adopted budget, Workers' Compensation is included as part of employee personnel costs. For comparative purposes in this report, the FY 2018 (adopted) budget was adjusted to include Workers' Compensation Insurance costs in the Personnel Costs column.

PERSONNEL ADJUSTMENT FACTOR

Table 1, shown on the following page, presents the adjusted budget information primarily for departments for which a fee is charged, number of full time employees and total departmental budgets adopted for FY 2018 and FY 2019. The Police and Fire have a significant difference in departmental costs increases compared to that of the other City Departments. Therefore, for the purposes of calculating a more accurate index, the Departments have been separated into two groups: Public Safety Departments (Police and Fire) and Non-Safety Departments (remaining Departments). This analysis utilizes the FY 2018 and FY 2019 adopted budget figures to provide a reasonable "catch up" adjustment to be applied to FY 2020 user fees.

Table 1

Table 1 - Departmental Budgets with User Fees

Department	Personnel Costs		Full Time Employees		Total Budget	
	FY 2018 (adopted) (1)	FY 2019 (adopted)	FY 2018 (adopted)	FY 2019 (adopted)	FY 2018 (adopted)	FY 2019 (adopted)
Public Safety Departments						
Fire Department	\$ 90,911,842	\$ 95,987,069	529	531	\$ 116,774,063	\$ 125,809,176
Police Department	193,483,263	207,224,028	1,214	1,242	235,638,594	252,996,589

(1) FY 2018 (adopted) adjusted for Workers Compensation Insurance costs to reflect a change in budget reporting and provide consistency with Personnel Costs, FY19 (adopted).

Table 1 budgeted data is used to calculate the percentage increase in budgeted payroll (Personnel Adjustment Factor) over the time periods represented. By taking total budgeted salary and benefits costs and dividing by the number of full time employees, salary costs per employee is established. The difference between salary costs per employee in the FY 2018 and FY 2019 adopted budgets can be used as an appropriate gauge of the “catch up” adjustment for personnel cost fluctuations. Personnel Costs do not include unanticipated salary savings or furlough savings, as that does not affect the hourly rate, which is used in fee calculations. **Table 2**, shown on the following page, presents budgeted salary costs per full time employee for each department for FY 2018 and FY 2019 and the percent difference between the two budgets.

Table 2

Table 2 - Personnel Adjustment Factor

Department	Personnel Costs		% Change	
	Salary per FTE FY 2018	Salary per FTE FY 2019		
	(adopted) (1)	(adopted)		
Public Safety Departments				
Fire Department	\$ 171,885	\$ 180,797	5.18%	
Police Department	159,332	166,859	4.72%	
Average	\$ 331,217	\$ 347,656	4.96%	
Non-Safety Departments				
Long Beach Airport Department	\$ 103,576	\$ 106,313	2.64%	
City Clerk	128,085	131,291	2.50%	
City Manager's Office	133,809	136,295	1.86%	
Development Services	115,921	120,586	4.02%	
Financial Management	108,362	112,094	3.44%	
Health And Human Services Department	98,666	99,668	1.02%	
Library Services Department	84,324	86,121	2.13%	
Long Beach Gas and Oil Department	114,093	117,225	2.75%	
Parks, Recreation And Marine Department	70,306	72,195	2.69%	
Public Works Department	99,507	103,321	3.83%	
Average	\$ 1,056,649	\$ 1,085,109	2.69%	
Average (All Depts Combined)	\$ 1,387,867	\$ 1,432,765	3.24%	

(1) FY 2018 (adopted) adjusted for Workers Compensation insurance costs to reflect a change in budget reporting and provide consistency with Personnel Costs, FY19 (adopted).

NON-PERSONNEL ADJUSTMENT FACTOR

In addition to the Personnel Adjustment Factor, the annual CPI for the Los Angeles / Long Beach region is incorporated to account for escalation of general non-personnel expenses, such as materials, supplies and services. The resulting adjustment factors are weighted based on the proportion of personnel expenses to the total departmental budget. **Table 3**, shown on the following page, presents each department's total budget, exclusive of specific one time appropriations, and the amounts related to personnel costs and non-personnel costs. The resulting percentages (columns F and G) are multiplied by the Personnel Adjustment Factor and the CPI (columns H and I), respectively. By adding the two new percentages, a weighted adjustment factor is created (column J).

In order to provide a cost index that reflects the causes of cost changes for the Public Safety Departments, the average Unweighted Adjustment Factor (% Change) - Salary computed in Table 2 (4.96%) is multiplied by the average percentage (80.04%) that personnel costs are to the total Public Safety Budget then added to the product of the Unweighted Adjustment Factor - CPI (4.10%) for the determination period multiplied by the average percentage (19.96%) non-personnel costs are relative to the Public Safety Department budget. The result is a Public Safety Department Weighted Cost Adjustment Factor (Index) equal to 4.79% for 2019. In a similar manner, a Weighted Cost Adjustment Factor (Index) is computed for the Non-Safety Departments for which there are existing user fees. The result is a Non-Safety Department Weighted Cost Adjustment Factor (Index) equal to 3.73% for 2019. However, in order to determine a single Weighted Adjustment Factor (inflater) for all Public Safety and Non-Public Safety departments, the formula described above is used resulting in a FY 2019 weighted rate of **3.74%**.

By factoring both personnel and non-personnel costs, the City is capable to more accurately identify the true increases to the costs to provide services to the public. This allows the City to recover more of the associated increase in costs of service over time. To ensure a more accurate inflater, Willdan Financial Services recommends that the index continues to be reviewed and updated annually and that a full user fee study by department and cost allocation plan be conducted in the near future to solidify the City's user fee methodology.

Table 3

Table 3 - City of Long Beach Department Adjustment Factors

Department	FY 2019 Adopted Budget			Percent of Total Budget		Unweighted Adjustment Factor		Weighted Adjustment Factor
	Personnel Costs	Non-Personnel Costs	Total Budget (C+D)	Personnel Costs (C/E)	Non-Personnel Costs (1-F)	Salary	CPI	Adjustment Factor (F*H)+(G*I)
A	C	D	E	F	G	H	I	J
Public Safety Departments								
Fire Department	\$ 95,987,069	\$ 29,822,106	\$ 125,809,176	76.30%	23.70%	5.18%	4.10%	4.93%
Police Department	207,224,028	45,772,561	252,996,589	81.91%	18.09%	4.72%	4.10%	4.61%
Public Safety Department Index	\$ 303,211,098	\$ 75,594,667	\$ 378,805,765	80.04%	19.96%	4.96%	4.10%	4.79%
Non-Safety Departments								
Long Beach Airport Department	\$ 12,017,598	\$ 36,877,140	\$ 48,894,737	24.58%	75.42%	2.64%	4.10%	3.74%
