

**CONDITIONAL USE
PERMIT CONDITIONS OF
APPROVAL
3245 E. 59th Street
Application Nos. 1906-13 (CUP19-027)
December 5, 2019**

1. The uses permitted on the subject site, in addition to the other uses permitted in the Light Industrial (IL) District, shall be an adult-use cannabis distribution facility within 4,470 square feet of an existing 20,266-square-foot building located at 3245 E. 59th Street. Any site development shall commence in accordance with plans submitted and filed under Application Nos. 1906-13 included as Exhibit B of the related Planning Commission staff report for December 5, 2019.
2. This permit and all development rights hereunder shall terminate two years from the effective date of this permit unless construction is commenced, or a time extension is granted, based on a written and approved request submitted prior to the expiration of the two-year period as provided in Section 21.21.406 of the Long Beach Municipal Code.
3. This permit shall be invalid if the owner(s) and/or applicant(s) have failed to return written acknowledgment of their acceptance of the conditions of approval on the Conditions of Approval Acknowledgement Form supplied by the Planning Bureau. This acknowledgment must be submitted within 30 days from the effective date of approval (final action date or, if in the appealable area of the Coastal Zone, 21 days after the local final action date).

Special Conditions:

4. Prior to the issuance of any Certificates of Occupancy to operate the proposed business, the applicant shall be required to remove all existing unpermitted accessory structures located to the east of the principal building. At the time of plan check for tenant improvements, plans shall explicitly indicate demolition of the existing accessory structures.
5. Prior to the issuance of any Certificates of Occupancy to operate the proposed business, the applicant shall be required to re-pave and stripe the new parking area located to the south of the principal building. Additionally, any proposed parking spaces and truck loading shall comply with any applicable parking standards required in Long Beach Municipal Code (LBMC) Title 21, including landscaping, ADA accessibility, and buffering requirements. At the time of plan check for tenant improvements, plans shall note van loading spaces and ensure the required turn radius does not conflict with any proposed parking spaces.
6. Prior to issuance of a building permit, the applicant must submit landscape plans. The landscape plan shall be in full compliance with Section 21.42 of the Municipal Code.
7. Prior to issuance of a building permit, the applicant must properly screen any exterior equipment to the height of the equipment from the public right-of-way. All equipment and activities not conducted fully within the existing building structure must be done in a manner as to not impact air quality, health and safety, noise, or

other concerns for any adjacent properties.

8. Prior to the issuance of any Certificates of Occupancy to operate the proposed business, the applicant shall be required to provide a trash enclosure onsite that is properly secured.
9. Prior to the issuance of any Certificates of Occupancy to operate the proposed business, the applicant shall be required to remove all chain link fencing/barbed wire and replace it with block wall fencing, matching the color of the building and to the maximum permitted height. Alternative quality fencing materials may be approved subject to the review and approval the Development Services director or designee. At the time of plan check for tenant improvements, plans shall explicitly indicate removal and replacement of all fencing.
10. Prior to issuance of a building permit the landscape planter area along the north property line shall be improved with plant hedging to the satisfaction of the Director of Development Services along the entire length of the site that is adjacent to residential uses. The plant hedging shall be required to be a minimum height of 8 feet; examples of acceptable plant types are Indian Laurel Fig, Yellow Oleander, Sweet Viburnum, and Brush Cherry. The applicant shall maintain all landscaping; should the required hedge material die off, they shall be replaced promptly and maintained.
11. Prior to the issuance of any Certificates of Occupancy to operate the proposed business, the applicant shall be required to remove all exterior bars on windows and doors on the property and relocate them to the interior of the building. At the time of plan check for tenant improvements, plans shall explicitly indicate removal and relocation of all exterior bars.
12. This project shall comply with all applicable regulations of Title 5 of the Long Beach Municipal Code.
13. Individuals under twenty-one (21) years of age shall not be allowed on the premises at any time.
14. No direct sales of any cannabis goods to the public may occur upon the premises at any time.
15. Advertisements and marketing may not be designed to appeal to children or encourage children to consume cannabis goods, contain any false or misleading statements, or make any misrepresentations.
16. Loitering shall be prohibited on or around the premises or any area under control of the adult-use cannabis business. The applicant shall be required to prevent individuals from remaining on the premises or site of the adult-use cannabis business if they are not engaging in an activity directly related to the permitted operations of the adult-use cannabis business.
17. Commercial cannabis activity shall not adversely affect the health or safety of the nearby residents by creating dust, glare, heat, noise, smoke, vibration, or other negative impacts, and shall not be hazardous due to use or storage of materials, processes, products, chemicals, or wastes.

18. All employees of the proposed business shall display or wear plastic-coated identification badges at all time while engaging in commercial cannabis activity, including during transport and delivery of cannabis goods. At a minimum, the identification badge shall include the following:
 - a. The adult-use cannabis business's "doing business as" name, City permit number, and State license number;
 - b. The first name of the individual;
 - c. Any employee number exclusively assigned to that individual for identification purposes; and
 - d. A color photograph of the individual that clearly shows the full front of the individual that clearly shows the full front of the individual's face that is at least one inch (1") in width and one and a half inches (1.5") in height.
19. The applicant shall be required to implement an operational digital video surveillance system at the site, in accordance to criteria set forth in Section 5.92.730 of the Municipal Code, including the following criteria:
 - a. The digital video surveillance system with a minimum video camera resolution of 1280 × 1024 pixels.
 - b. Each video surveillance camera shall record continuously twenty-four (24) hours per day, seven (7) days a week, and at a minimum of fifteen (15) frames per second (FPS).
 - c. The location and position of each camera shall be capable of recording images of the area under surveillance, in any light condition, to allow facial feature identification of persons in the following locations on the premises:
 1. In interior and exterior areas where cannabis goods or currency are present at any given time.
 2. In the immediate interior and exterior areas of doors, windows, or other avenues of potential access.
 3. Areas open to the public, including a full view of public right-of-way and any parking lot under the control of the Adult-Use Cannabis Business.
 4. Point-of-sale locations and areas where cannabis goods are displayed for sale at a Dispensary, including but not limited to, a retail area.
 5. Any other areas as required by this Chapter, State law, or any regulations implemented and enforced by the State or any of its divisions or departments.
20. Odor control – the applicant shall implement an environmental control system that is adequately compatible with any odor control prevention and ventilation systems at the

cultivation site. For purposes of this condition, "adequately compatible" means that any environmental control systems and odor control systems operating at the cultivation site operate concurrently to prevent crop cultivation odors from being detected outside the cultivation site, while still allowing for the permittee to successfully cultivate to the satisfaction of applicable construction codes and the Director of Development Services.

21. Prior to the issuance of a building permit, the applicant shall contact Long Beach Energy Resources to coordinate natural gas load requirements and impacts.

Standard Conditions – Plans, Permits, and Construction:

22. Prior to the issuance of a building permit, the applicant shall submit a revised set of plans reflecting all of the design changes, if any, impacting these conditions of approval, to the satisfaction of the Director of Development Services.
23. All conditions of approval must be printed verbatim on a page or pages within all sets of plans submitted for plan review to the Department of Development Services. These conditions must be printed on the site plan or a subsequent reference page.
24. Prior to the issuance of a building permit, the applicant must depict all utility apparatus, such as, but not limited to, backflow devices and Edison transformers, on both the site plan and the landscape plan. These devices shall not be located in prominent locations within any front, side, or rear yard area that is adjacent to a public street. Furthermore, these devices shall be screened by landscaping or another screening method approved by the Director of Development Services.
25. The Director of Development Services is authorized to approve minor modifications to the approved design plans or to any of the conditions of approval if such modifications shall not significantly change or alter the approved project. Any major modifications shall be reviewed by the Zoning Administrator, Site Plan Review Committee, or Planning Commission, respectively.
26. Upon plan approval and building permit issuance, the applicant shall submit a reduced-size set of final construction plans for the project file.
27. Any off-site improvements found to be damaged as a result of construction activities related to this project shall be replaced to the satisfaction of the Director of Public Works.
28. Separate building permits are required for signs, fences, retaining walls, flagpoles, and pole-mounted yard lighting foundations.
29. The applicant shall file a separate plan check submittal to the Long Beach Fire Department for review and approval prior to the issuance of a building permit.
30. All structures shall conform to the Long Beach Building Code requirements. Notwithstanding this subject permit, all other required permits from the Building Bureau must be secured.
31. Site development, including landscaping, shall conform to the approved plans on file with the Department of Development Services. At least one set of approved plans containing Planning, Building, Fire, and, if applicable, Health Department stamps shall be maintained at the job site, at all times for reference purposes during construction and

final inspection.

32. All landscaping irrigation systems shall use high efficiency sprinkler nozzles. The models used and flow rates shall be specified on the landscaping plan. For residential-type or small-scale sprinkler systems, sprinkler head flow rates shall not exceed 1.00 GPM and shall be of the rotating type. Where feasible, drip irrigation shall be used instead. If an in-ground irrigation system is to be installed, such system shall be controlled by an automatic self-adjusting weather-based irrigation controller.
33. Permeable pavement shall be utilized where feasible, to the satisfaction of the Director of Development Services. Public right-of-way improvements shall be exempt from this requirement. If the feasibility of using permeable pavement is uncertain, it shall be the developer's responsibility to demonstrate that a given application of permeable pavement is not feasible, to the satisfaction of the Director of Development Services.
34. Demolition, site preparation, and construction activities are limited to the following (except for the pouring of concrete which may occur as needed) unless a modification is granted by the City's Noise Control Officer:
 - a. Weekdays and federal holidays: 7:00 a.m. to 7:00 p.m.;
 - b. Saturday: 9:00 a.m. - 6:00 p.m.; and
 - c. Sundays: not allowed

Standard Conditions – General:

35. If, for any reason, there is a violation of any of the conditions of this permit or if the uses/operations are found to be detrimental to the surrounding community, including public health, safety or general welfare, environmental quality or quality of life, such shall cause the City to initiate revocation and termination procedures of all rights granted herewith.
36. This approval is required to comply with these conditions of approval as long as the uses are on the subject site. As such, the site shall allow periodic re-inspections, at the discretion of City officials, to verify compliance. The property owner shall reimburse the City for inspection costs.
37. In the event of transfer of ownership of the property involved in this application, the new owner shall be fully informed of the permitted use and development of said property as set forth by this permit together with all conditions that are a part thereof. These development conditions must be recorded with all title conveyance documents at time of closing escrow.
38. Approval of this development project is expressly conditioned upon payment (prior to building permit issuance or prior to Certificate of Occupancy, as specified in the applicable Ordinance or Resolution for the specific fee) of impact fees, connection fees and other similar fees based upon additional facilities needed to accommodate new development at established City service level standards, including, but not limited to, sewer capacity charges, Park Fees and Transportation Impact Fees.
39. The property shall be developed and maintained in a neat, quiet, and orderly condition and operated in a manner so as not to be detrimental to adjacent properties and

occupants.

40. Exterior security bars and roll-up doors applied to windows and pedestrian building entrances shall be prohibited.
41. Any graffiti found on site must be removed within 24 hours of its appearance.
42. All required utility easements shall be provided to the satisfaction of the concerned department, agency, or utility company.
43. All trash and refuse containers shall be fully screened from public view to the satisfaction of the Director of Development Services.
44. As a condition of any City approval, the applicant shall defend, indemnify, and hold harmless City and its agents, officers, and employees from any claim, action, or proceeding against City or its agents, officers, and employees to attack, set aside, void, or annul the approval of City, concerning the processing of the proposal/entitlement or any action relating to, or arising out of, such approval. At the discretion of the City and with the approval of the City Attorney, a deposit of funds by the applicant may be required in an amount sufficient to cover the anticipated litigation costs.
45. The Department of Public Works submits the following requirements for the proposed development. For additional information regarding off-site improvements, contact the Plan Check Coordinator, Jorge Magana, at (562) 570-6678:

GENERAL REQUIREMENTS

46. Prior to the start of any demolition, excavation, or construction, the applicant shall submit all applicable plans and drawings for review and approval by the Department of Public Works (e.g. plans for pedestrian protection, grading, street lane closures, construction staging, traffic control, utilities, shoring, excavations, etc.). This is in addition to any plan check required by the Department of Development Services. Work, including hauling soils or other debris, is not allowed within the right-of-way without a valid Public Works permit.
47. The applicant shall comply with all requirements outlined within the latest version of the Public Works Development Guideline and all referenced standards at the time of application submittal.
48. The applicant shall comply with all standards and guidelines in effect at the time of application submittal. The City's Public Works Engineering Standard Plans are available online at www.longbeach.gov/pw/resources/engineering/standard-plans.
49. The applicant shall construct all off-site improvements needed to provide full Americans with Disabilities Act (ADA) accessibility compliance within the public right-of-way adjacent to the project site. At this stage in the entitlement process the plans are conceptual in nature, and Public Works plan check is required for in-depth review of ADA compliancy. As determined during the plan check process, the applicant shall dedicate and improve additional right-of-way necessary to satisfy unfulfilled ADA requirements.

50. All conditions of approval, including cover letter signed by the Planning Officer and Case Planner, must be printed verbatim on all plans submitted for plan review.

CIVIL IMPROVEMENTS

51. The applicant shall be responsible for the maintenance, repair and replacement of off-site improvements abutting the project boundary during construction of the on-site improvements, until final inspection of the on-site improvements by the City. All off-site improvements found damaged as a result of construction activities shall be reconstructed or replaced.

TRAFFIC AND TRANSPORTATION

52. The applicant shall protect or replace/repaint all traffic signage, markings, and colored curb within the public right-of-way adjacent to the project site.
53. All traffic control device installations, including pavement markings within the private parking lot, shall be installed in accordance with the current edition of the California Manual on Uniform Traffic Control Devices (CA MUTCD).
 - a. All traffic control device installations, including pavement markings within the private parking lot, shall be installed in accordance with the current edition of the California Manual on Uniform Traffic Control Devices (CA MUTCD).
