DRILLING

TIMELINE

7 lease sales proposed in the pacific

DRILLING = SPILLING

California Spills:

- Santa Barbara 1969
- American Trader 1990
- Cosco Busan 2007
- Refugio 2015

What if the Deepwater Horizon spill happened off Southern California?

The footprint of BP's
2010 oil disaster
illustrates the scale of a major
oil spill compared with California's
coastline, which helped generate
13 million jobs and **\$2.24 trillion**
in economic output in 2016.
