6. (20-0219) Recommendation to authorize City Manager, or designee, to increase interim Munis Contract No. 32000533 with SiteOne Landscape Supply Holding, LLC, of Torrance, CA, for furnishing and delivering irrigation supplies, by \$100,000 for a revised total amount not to exceed \$200,000, for the current term expiring July 31, 2020. (Citywide)	Anne Proffit	anne@highpowermedia.com						You're not listening - you just doubled the contract? We should not be spending one cent on nonessentials because otherwise we'll be bankrupt in a year. The city's income is going down and you're spending like it's the Niagara. Cut down like the rest of us.	3/16/2020
7. (20-0220) Recommendation to authorize City Manager, or designee, to execute an amendment to Agreement No. 34467 with AECOM Technical Services, Inc., of Long Beach, CA, to prepare a detailed design plan to control Davenport Park landfill gas emissions, increasing the contract amount by \$160,000, for a new contract amount not to exceed \$1,782,380. (Citywide)	Anne Proffit	anne@highpowermedia.com						This is a perfect time to renegotiate contracts because our economy is crashing. I'd be willing to bet you can get a better deal with the world in chaos... why not get a better deal instead of always caving? Oh, are AECOM donating to all of your slush funds?	3/16/2020
12. (20-0225) Recommendation to authorize City Manager, or designee, to execute an agreement, and any subsequent amendments, with the Los Angeles Dodgers Foundation, to accept and expend grant funding in an amount not to exceed \$8,615, for the 2020 Dodgers Reviving Baseball in Inner Cities Program (RBI Program), including the acceptance of funding for park field maintenance and umpire fees, along with in-kind contributions, for youth baseball and softball for the 2020 summer season; and...	Robin jack	robinjack529@gmail.com						fapturbo review Nice post. I understand something more challenging on diverse blogs everyday. Most commonly it is stimulating to read content from other writers and rehearse something from their site. I'd want to apply certain while using the content in my weblog no matter whether you don't mind. Natually I'll provide link on the internet blog. Many thanks for sharing.Computer monitoring software	3/15/2020
14. (20-0227) Recommendation to adopt resolution authorizing City Manager, or designee, to execute a contract, and any necessary amendments, with MobilityCloud, Inc., of New York, NY, for the one-time purchase of 500 BikeShare pedal bicycles, in a total amount not to exceed \$225,000. (Citywide)	Michelle Baker	michellebaker199@gmail.com						We do not need anymore bikes right now... We need to use any money to help the restaurant industry and workers. All unnecessary purchases need to be put on hold.	3/17/2020

16. (20-0229) Recommendation to adopt Specifications No. ITB TI20-013 and award a contract to Bunnell Enterprises, Inc., dba Total Network Solutions, of Long Beach, CA, for as-needed miscellaneous personal computer software, in an annual amount not to exceed \$400,000, with a 10 percent contingency in the amount of \$40,000, for a total annual contract amount not to exceed \$440,000 for a period of one year, with the option to renew for four additional one-year periods, at the discretion of the City Manager; and authorize City Manager, or designee, to execute all documents necessary to enter into the contract, including any necessary amendments. (Citywide)	Anne Proffit	anne@highpowermedia.com						Shouldn't we be renegotiating contracts since our income is about to take a nosedive - if it hasn't on Tuesday when you get this? Nobody's working in entertainment and service, many others, too, don't have a way to legitimately work. The world is in chaos and it's time to think about that and not just the companies that support you. Please!	3/16/2020
PUBLIC COMMENT:	Carlos Ovalle	csovalle@gmail.com						<p>Survival of the smart, part 1: We must help each other putting the most needy, not the most greedy, at the head of the line. Massive public education campaign via all available media. Voluntary rationing program for grocery stores and pharmacies. Create a coordinated effort for basic staples for seniors & the disabled. Use LBUSD's fully equipped kitchens to provide free take out lunches for seniors & disabled. Give restaurants a promissory note so they do the same if necessary. This will help the restaurant workers & the hungry at the same time. Work with Meals On Wheels & Neighborhood Associations to assist with delivery of meals. Train these volunteers to alert authorities of people that are ill & in distress. The above can also assist in the delivery of basic groceries to seniors. Work with small employers to protect low income workers & independent contractors who don't normally get benefits. Cut wasteful spending, starting with the \$1.5 million for the El Dorado Park soccer field.</p>	3/17/2020

PUBLIC COMMENT:	Greg Jenkins	brvprod@aol.com						<p>While I understand the need to make decisions to protect the citizens of California due to the COVID-19 outbreak, I'm at an extreme loss and have yet to hear a plan to help those businesses and workers impacted by the cancellation of events over 250 attendees. As a self-employed event planner who has staged large-scale events for more than 30 years, within 72-hours all finances and livelihood have been cut off for the foreseeable future (next three months). The word 'cancellation' was received in emails and phone calls from clients of every industry sector.</p> <p>What is the plan to address these issues? Where does one get immediate assistance? How can I afford to pay my electricity and gas bills, -- and put food on the table without an income?</p> <p>A response by the city of Long Beach, state of California and our federal leaders is immediately needed, one that is a viable plan and void of red tape!</p> <p>Best,</p> <p>Greg Jenkins Bravo Productions Long Beach</p>	3/15/2020
PUBLIC COMMENT:	Michelle Baker	michellebaker199@gmail.com						<p>We need to place a curfew on bars and restaurants for the next two weeks. We also need to start a renters fund to help people who can't pay their rent. We need to set up an action plan for the homeless living in their cars who have no access to hot water or soap. Lets use parking lots to help people living in their cars and get their portable showers and bathrooms. This is a serious problem especially at Bixby Park and on Ocean.</p>	3/15/2020

REGULAR AGENDA:	Carlos Ovalle	csovalle@gmail.com						Survival of the smart, part 2: Cut inflated public officials salaries on a sliding scale. Cut all overtime except for essential health services. Many of us do our civic duty with no pay, now join us! Work with LBUSD to provide child care for qualified low income families that don't get PTO and essential personnel that need to be at work. Schools have plenty of space to maintain social distance. Already thousands of children are there taking advantage of free meals. Suspend tax cuts for developers, the trickle down theory doesn't work, but our system guarantees that the inverse works all the time. We've got a budget that's bigger than 40 state capitals, we can do this! Be leaders, it's your duty.	3/17/2020
21. (20-0235) Recommendation to authorize City Manager, or designee, to execute all documents and any needed subsequent amendments, with various Pacific Gateway Workforce Innovation Network service and product providers for training and employment services to residents, to increase the total amount by \$1,900,000, for a revised total aggregate amount not to exceed \$5,105,712, and to extend for one additional one-year period, with an option to renew for two additional one-year periods. (Citywide)	Anne Proffit	anne@highpowermedia.com						We should not be spending one cent on nonessentials because otherwise we'll be bankrupt in a year. The city's income is going down and you're spending like it's the Niagara. Cut down like the rest of us.	3/16/2020

22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Pat Lynch	p.a.lynch@earthlink.net						<p>Please do NOT vote to spend \$1.5M of taxpayers'™ money on artificial turf for a soccer field: there are much higher priorities. The mayor and 2 council members were quoted as saying that artificial turf is "popular." Is having artificial turf a higher priority than:</p> <ul style="list-style-type: none"> - having a fully funded police academy? - ensuring that firefighters/EMTs/paramedics can show up in a timely manner? - the speedy replacement of Station 9? - fixing the craters in our streets? <p>Over the past 2 budget cycles, the mayor and council have boasted about how many police & fire personnel they have NOT fired, thus treating public safety as expendable. Yet you chose to spend taxpayer funds on unnecessary items like a \$1M TV screen inside city hall. Now you want to spend surplus Measure A funds on "popular" yet unnecessary items like artificial turf - whose use is controversial.</p> <p>PLEASE re-think the city's priorities - public safety vs. artificial turf for a soccer field - and vote accordingly. Thank you.</p>	3/17/2020
22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Janet West	jayjay76511@verizon.net						<p>I request all non essential expenditures be put on hold due to the current unknown financial implications of the current coronavirus outbreak which will decrease revenues from the harbor, cruise ships, and hospitality industries to a yet unknown amount. Non essential expenditures include the Measure A funds slated to be used for the El Dorado Field Turf conversion project (Staff Memo Page 24 Item #134).</p>	3/17/2020
22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Michelle Baker	michellebaker199@gmail.com						<p>We do not need to be spending \$1.5 million on artificial turf in El Dorado Park. We are in the midst of a crisis with many people losing their jobs. This money should be allocated or held to help the residents of Long Beach. There is also more injuries with artificial turf. This is not something we should be spending precious money on right now.</p>	3/17/2020
22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Carlos Ovalle	csovalle@gmail.com						<p>We are in a state of crisis from which not just Long Beach, but the entire world will take a while to recover. I urge you to not spend a dime on the artificial turf or on any other unnecessary projects.</p>	3/17/2020

22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Anne Proffit	anne@highpowermedia.com						Hidden deep in those adjustments is the scurrilous idea of putting a plastic soccer field with lighting in at El Dorado Park. Hello!!! We're entering a recession that could equal 1929. We should not be spending one cent on nonessentials because otherwise we'll be bankrupt in a year. The city's income is going down and you're spending like it's the Niagara. Cut down like the rest of us. Real turf is less expensive and easy to maintain (sorry, I know you hate maintenance). It's also better for the environment because it doesn't need chemical washes, just water and maybe fertilizer. Please execute some iota of responsibility and think before you spend so foolishly. If you don't, well, it'll be another black mark on all of your resumes, even Dr Mayor Garcia's.	3/16/2020
22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Renee Belville	renee.belville2@gmail.com						I am a retired teacher who lives in the El Dorado Park neighborhood. I love soccer and love seeing AYSO kids playing on Saturday mornings. I would love to see an improved soccer field in El Dorado Park. I support an upgraded natural grass field, with improved drainage, sprinkler system, sod, protective rocks, and new goals but strongly object to the installation of artificial turf and lights. Synthetic turf has well documented health and safety risks. The proposed lighting setbacks are too close to single family homes. Parking is already hard to find on weekends. The increased use will negate the bike lane corridor and negatively impact the immediate neighborhood. There is a better location within the Park, just south of the baseball fields which better meets all stakeholder needs than the current proposal.	3/16/2020

22. (20-0236) Recommendation to approve the Fiscal Year 2020 first departmental and fund budget appropriation adjustments in accordance with existing City Council policy. (Citywide)	Gregory Shea	gshea50@gmail.com						I am a former AYSO Soccer Coach (10 years) who would love to see an improved, lighted soccer field in El Dorado Park. I applaud our City Council for their initiative in managing and executing the use of Measure A funds to date. I fully support the use of Measure A funds to install an upgraded natural grass field within El Dorado Park, with improved drainage, sprinkler system, sod, protective rocks, and new goals but strongly object to the installation of artificial turf and lights at the currently proposed location. This deserves further public discussion. Synthetic turf looks nice but has health and safety risks which deserve more discussion. The proposed lighting setbacks if implemented, will be the shortest in the city. In addition, the current location has inadequate parking to support increased use and will adversely impact the bike lane corridor and the immediate neighborhood. There is a better location within the park that meets all stakeholder needs.	3/16/2020

Katherine Conchada	kjconchada@gmail.com						Workers, and especially workers in the hotel industry, are most directly impacted by this crisis and are in need of protections such as the right of recall if they are laid off because of cancellations or closures due to COVID-19. PUBLIC COMMENT:	Ryan Giffen	hrgiff@gmail.com						Just a simple shout out and THANK YOU for the swift actions and leadership of our leaders including Mayor Garcia, Council, First Responders, and Medical practitioners during this difficult time for all Long Beach citizens. Although your positions may feel lonely at times, your efforts and servant leadership don't go unrecognized.	3/17/2020
27. (20-0245) Recommendation to request City Attorney to draft an urgency ordinance and minute order for consideration at the next City Council meeting, to establish a moratorium on all evictions on commercial and residential units for a minimum of 30 days, or as long as the City of Long Beach, Los Angeles County, or the State of California have active emergency proclamations related to COVID-19. The ordinance should also include a prohibition on late fees and a prohibition on Section 8 terminations by the Housing Authority of Long Beach (HACLB) for the duration of this period; ...	Leah Horgan	horganl@uci.edu						We need a moratorium on evictions as baseline. We need a moratorium on rent and mortgages as well. If this pandemic is demonstrating anything, it is that we are only as health and safe as our neighbor. I am demanding that we institute a rent freeze as people are losing their jobs and facing the potential for prolonged illnesses for themselves and their families, and this will only exacerbate if the city goes with a lockdown like SF. With a halt of mortgage payments, it makes no sense that landlords would still be collecting rent during this emergency if they're not making mortgage payments. Please use your power to support and save the working class people of long beach, this is not a time to increase displacement.	3/17/2020
27. (20-0245) Recommendation to request City Attorney to draft an urgency ordinance and minute order for consideration at the next City Council meeting, to establish a moratorium on all evictions on commercial and residential units for a minimum of 30 days, or as long as the City of Long Beach, Los Angeles County, or the State of California have active emergency proclamations related to COVID-19. The ordinance should also include a prohibition on late fees and a prohibition on Section 8 terminations by the Housing Authority of Long Beach (HACLB) for the duration of this period; ...	Jordan Riley	arceus2010@gmail.com						My name is Jordan Wynne, and I am a resident of District 2. Amid the COVID-19 global health crisis, I demand that Long Beach City Council puts the needs of LB residents first. We need an eviction moratorium for ALL evictions, no matter the circumstance. A moratorium on ALL evictions, retroactive to March 4, 2020, is the appropriate response given the urgency and scale of the COVID-19 outbreak. Families cannot practice social distancing if they don't have a home, and putting families on the street will jeopardize their own health and the health of others. Eviction moratorium proposals that are limited to nonpayment-related evictions or that require a demonstrated loss of income are simply unrealistic and fall short of protecting our residents and communities. That's why I signed this petition, which includes more than 300 signatures from residents across Long Beach, especially from Downtown, Central, and North Long Beach: http://chnge.it/VznwPvwFB2 .	3/17/2020

Anna Evans-Goldstein	agoldstein@unitehere11.org						On behalf of UNITE HERE Local 11, please do the following for hotel workers: Protect workers with fair layoff and recall by seniority rights, a "just cause" provision to prevent unscrupulous layoffs, and worker retention protections. Make sure workers can maintain their health by giving hotel employees extra 15 minutes of break time every 4 hours for washing hands and sanitizing, and suspend room quotas for hotel housekeepers until further notice, a break after each room to wash their hands and disinfect. To protect public health, adopt training by a single non-profit authority not controlled by employers such as in the City of Santa Monica. Make passing a strong short-term rental law a priority. Public safety measures in the hospitality industry are not meaningful if a significant part of Long Beach's overnight accommodations is being run through illegal, unregulated short-term rental operators. As such, all non-primary short-term rentals must be banned for public health purposes.	3/17/2020

Benyamin Chao	bmohdyusof@gmail.com						<p>Hi,</p> <p>My name is Benyamin Chao and I am a renter and constituent in the 1st District. My wife and I recently signed a lease on an apartment in Long Beach with the expectation that our incomes would be stable. However, with the unexpected outcomes of the coronavirus public health crisis, our economic wellbeing is uncertain. I work in a non-profit in LA, so my income is heavily determined by the well-being of foundation funding tied to the stock market. I fear that soon I will no longer be able to keep up with my rent payments should this crisis worsen and the Quarantine heightens.</p> <p>Please vote yes ok this agenda item to put the people of Long Beach over profit. You can act now to prevent even more bleeding as we navigate this time together as a community.</p> <p>Thank you.</p>	3/17/2020
27. (20-0245) Recommendation to request City Attorney to draft an urgency ordinance and minute order for consideration at the next City Council meeting, to establish a moratorium on all evictions on commercial and residential units for a minimum of 30 days, or as long as the City of Long Beach, Los Angeles County, or the State of California have active emergency proclamations related to COVID-19. The ordinance should also include a prohibition on late fees and a prohibition on Section 8 terminations by the Housing Authority of Long Beach (HACLB) for the duration of this period; ...	Victor Sanchez	vgsanche@gmail.com						<p>On behalf of the Long Beach Coalition, I urge you to vote in favor of the proposed motion and to consider 2 changes:</p> <ol style="list-style-type: none"> 1. All provisions apply retroactively to March 4th, when the City first declared a state of emergency 2. Ensure a moratorium on ALL evictions <p>Further, we emphasize:</p> <p>• 30m hand washing breaks are critical to preventing the spread of COVID-19.</p> <p>• Layoff & Recall: these provisions protects workers from being laid off and subsequently not given preference when re-hiring commences. Santa Monica (Chapter 4.66) has strong language we ask that you reference.</p> <p>• Worker Retention: The impact on the hospitality industry (and others) is expected to be large. Potential bankruptcies and/or subcontracting could undermine hotel workers amidst those changes. Santa Monica (Chapter 4.67.050) has strong language we ask that you reference.</p> <p>• Just-Cause Termination: The City must ensure unscrupulous managers are not using the pandemic or other insignificant reasons to terminate employment.</p>	3/17/2020

Cesar Armendariz	cesar.a.armendariz@biola.edu						My name is Cesar Armendariz and I live in the 3rd district (90804). I am writing in support of Agenda Item #27. Our efforts to save lives must expand beyond social distancing. We are headed for a recession. What will happen to the tens of thousands of Long Beach families who won't be able to afford the rent? To combat the spike in poverty and homelessness, I ask you to support: - Establishing a moratorium on all evictions - A prohibition on Section 8 terminations. - Halting mortgage payments. - Creating emergency loan assistance programs for our small businesses. - Expanding benefits such as sick and disability leave for all city employees. - An immediate rent freeze. For many working class residents, the outcome of a rent increase will be the same as giving an eviction notice. A failure to protect renters today will lead to more people living on the streets tomorrow. I hope you have the courage and conviction to take strong steps to protect Long Beach families. Thank you.	3/17/2020

Sarah Chevallier	sarah.m.chevallier@gmail.com						<p>I am writing to you to express my support for Agenda Item #27, the Coronavirus Economic Relief Package for Long Beach Families and Small Businesses. I especially support the eviction moratorium and items 1, 4, 6, 8 as they look to support the working class people of Long Beach as they deal with the potentially disastrous effects of this virus. Item number 3, which currently calls for partnerships with financial institutions to prohibit foreclosures and halt mortgage payments, needs to be stronger. It should be codified into law by a temporary city ordinance or emergency order. Renters also need similar protections during this time, and we need to institute a rent freeze as people are losing their jobs and facing the potential for prolonged illnesses for themselves and their families. This bill calls for a halt of mortgage payments, so it makes no sense that landlords would still be collecting rent during this emergency if they're not making mortgage payments.</p>	3/17/2020

George O'Hara	goh1598@gmail.com						This Recommendation UNFAIRLY puts the financial burden squarely on the backs of landlords. We are being asked to forgive rents, which I am perfectly willing to do, IF two things can be included in this Ordinance - 1) Include some verification process whereby tenants whose Evictions are stayed have indeed lost jobs/income due to the Coronavirus. A blanket Moratorium is BAD governance - 2) Provide some assurance banks will not foreclose on my property if I am not able to pay the mortgage. Since I fear this is not within the City Council's power, this issue will be yet another dumped on property owners. Document NB-27 page 2 Item 5 recommends exploring loan assistance for small businesses "who have suffered significant loss, as a result of COVID-19". This may help, but will likely involve limited assistance, documentation and qualification, and even if successful, repayment - none of which tenants are being asked to endure. Please consider these issues!	3/17/2020

Steve Askin	askinsteve@gmail.com						As a small landord in Long Beach, I benefit every month of the year when my tenants pay their rent. My family has owned property in Long Beach for 23 years and our tenants have made it possible for us to comfortably own a home that we couldn't otherwise afford. No decent landlord would evict a tenant in this time of crisis, but we have to face the sad reality that some properties are owned by investors who care only for their profits. To protect all our neighbors in this time of crisis, the city must act to establish a temporary moratorium on evictions, late fees and Section 8 terminations. - Steve Askin, Rose Park	3/16/2020

27. (20-0245) Recommendation to request City Attorney to draft an urgency ordinance and minute order for consideration at the next City Council meeting, to establish a moratorium on all evictions on commercial and residential units for a minimum of 30 days, or as long as the City of Long Beach, Los Angeles County, or the State of California have active emergency proclamations related to COVID-19. The ordinance should also include a prohibition on late fees and a prohibition on Section 8 terminations by the Housing Authority of Long Beach (HACLB) for the duration of this period; ...	Tam Romero	tamkrom@yahoo.com						I am writing to you to express my support for Agenda Item #27, I especially support the eviction moratorium and items 1, 4, 6, 8 as they look to support the working class people of Long Beach as they deal with the potentially disastrous effects of this virus. Item number 3, which currently calls for partnerships with financial institutions to prohibit foreclosures and halt mortgage payments, needs to be stronger. It should be codified into law by a temporary city ordinance or emergency order. You have this power, you need to use it to protect the working people of Long Beach. Renters also need similar protections during this time, and I am demanding that we institute a rent freeze as people are losing their jobs and facing the potential for prolonged illnesses for themselves and their families. This bill calls for a halt of mortgage payments, so it makes no sense that landlords would still be collecting rent during this emergency if they're not making mortgage payments.	3/16/2020

Natalie Hernandez	hernandez.natalie.marie@gmail.com						Hi, This item should also consider working with banks on delaying mortgage payments. If homeowners cannot collect rent from the tenants, then they are at risk for defaulting on a loan. How will the people that are depending on the rent pay the mortgage? We are a small Long Beach family that owns a duplex off of PCH and Junipero. We rely on that income to meet our mortgage payment as well as income for those family members without a retirement fund. Thank you, Natalie Hernandez 7th District Hernandez.Natalie.Marie@gmail.com	3/15/2020

The ordinance should also include a prohibition on late fees and a prohibition on Section 8 terminations by the Housing Authority of Long Beach (HACLB) for the duration of this period; ...	Michelle Baker	michellebaker199@gmail.com						I agree with this proposal. I would ask that you take the \$1.5 million for the astro turf project and set it aside for an emergency rent fund. We have many people in our city that will not be able to pay their rent and we should help subsidize. In addition, all overtime needs to be frozen so we can save some money for what is ahead of us. We also need a plan for the homeless living in the parks. Many do not have access to water, soap or hand sanitizer, especially in Bixby Park. This is a serious issue that needs to be addressed now.	3/15/2020

The ordinance should also include a prohibition on late fees and a prohibition on Section 8 terminations by the Housing Authority of Long Beach (HACLB) for the duration of this period; Request City Manager to work with the Department of Energy Resources, the Water Department and investor-owned utilities (IOUs) to suspend utility shutoffs for a minimum of 30 days or until emergency proclamations are no longer in effect, whichever is longer...	Robin jack	robinjack529@gmail.com						fapturbo review Nice post. I understand something more challenging on diverse blogs everyday. Most commonly it is stimulating to read content from other writers and rehearse something from their site. I'd want to apply certain while using the content in my weblog no matter whether you don't mind. Naturally I'll provide link on the internet blog. Many thanks for sharing.Computer monitoring software	3/15/2020

Gretchen Swanson	gretchen.swanson3@gmail.com						Yes! AND Health Department In-home care givers: Protections and support for in-home care givers utilized widely for older adults and those with disabilities. Temporary workers in healthcare: Sick leave and job protections, and income relief for temp. and relief workers in the healthcare industry. Health/prevention for our homeless communities Emergency Preparedness Food/Meals/Pharmacy and Supply Chain: Incentives for food/meal and pharmacy delivery given to homebound households. Council needs guidance on this. Along with a food supply chain analysis. LBP D LBUSD closure results in increased numbers of youth in public spaces. PRM and LBP D can approach this as a positive opportunity with protective safeguards. Parking ticket relief - More will be at home, out of work. A \$69 ticket is an unnecessary psychological blow. SPP: Also need a temporary work around for loss of SPP volunteers LB Public Library - Public restrooms and a chance to be out of the weather are necessary.	3/14/2020
