## Board of Water Commissioners

May 14, 2020 Board Meeting

CHRISTOPHER J. GARNER, General Manager

### Subject:

Authorize the General Manager to execute the first-year renewal option and issue a Purchase Order with TLG Marketing for an amount not to exceed \$50,000, for digital platforms maintenance and support services for one year with the option to renew two additional one (1) year periods at the same annual rate.

### Executive Summary:

The Long Beach Water Department desires to issue a Purchase Order agreement to TLG Marketing as a result of being chosen under a Request for Qualifications (RFQ) for communications and graphic design services.

TLG Marketing assists the department with its digital communications needs, including website maintenance for Long Beach Water's main website and two additional microsites (Lawn-to-Garden and Certified Blue Restaurant) and digital marketing.

In 2019, staff issued a Request for Qualifications (RFQ) soliciting Statements of Qualifications (SOQ) for five predominant categories, including graphic design services, marketing campaigns, social media creative content, strategic communications planning and digital platforms maintenance and support, whereby five vendors have been selected to provide public affairs services for various on-call projects based upon their specialty and expertise.

This RFQ was issued with a goal to engage multiple vendors in Purchase Order agreements who can assist with the department's many communications projects and strategies. The total contract term, including renewals, would not exceed 48 months.

### Staff Recommendation:

Authorize the General Manager to execute the first-year renewal option and issue a Purchase Order with TLG Marketing for an amount not to exceed \$50,000, for digital platforms maintenance and support services for one year with the option to renew two additional one (1) year periods at the same annual rate.

**Fiscal Impact:** Expenditures for this contract will occur during FY 20 and FY 21. FY 20 expenditures are subject to fiscal availability and will be issued on a task-order basis. Funds are available in FY 21 Budget for these services.
