Board of Water Commissioners

April 2, 2020 Board Meeting

CHRISTOPHER J. GARNER, General Manager

Subject:

Authorization to attend and sponsor the Rancho Los Alamitos Foundation 9th Annual Cottonwood Awards Luncheon, honoring Bonnie Lowenthal, President of the Port of Long Beach and honoring John Hancock with the Special Recognition Award at the Rancho Los Alamitos in Long Beach, California, May 28, 2020.

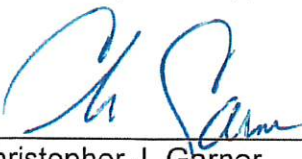

Executive Summary:

The stated mission of Rancho Los Alamitos is to use the site, its artifacts and cultural resources as well as its grounds and buildings, for public education. The story of Rancho Los Alamitos, just like the story of Southern California, is about the careful use of water to enhance and increase the bounty of the land. The Rancho incorporates into each of its visitor tours and site visits by school children studying California history the story of how water made ranching and farming a success of the site possible. Part of this story also includes the message that water is a precious resource that must be valued and protected.

Rancho Los Alamitos Foundation is seeking a sponsorship in the amount of \$5,000 (Gold Sponsor) for the Cottonwood Award Luncheon to support educational programs at Rancho Los Alamitos. (In 2018 and 2019, the Board authorized a sponsorship in the amount of \$1,800 for each of these events).

Staff Recommendation:

Determine that an invitation to attend and sponsor the Rancho Los Alamitos Foundation 9th Annual Cottonwood Award Program on May 28, 2020, at Rancho Los Alamitos complies with Board Policy Statement 1998-31, Expenditure of Water Department Funds for Board Approved Long Beach Related Community and Civic Activities, at a sponsorship level approved by the Board of Water Commissioners.

Christopher J. Garner
General Manager

LOS ALAMITOS | a place for all time

Mr. Chris Garner
General Manager
Long Beach Water Department
1800 East Wardlow
Long Beach, California 90807

Dear Chris:

Thank you to the Long Beach Water Department for your past support of Rancho Los Alamitos. We value our partnership with you and our shared commitment to public education on sustainable practices. Educating our visitors, especially school children on tours, about the need to respect and safeguard this land and its precious natural resources is part of our educational purpose.

I am writing now to request a sponsorship from the Long Beach Water Department for Rancho Los Alamitos' 9th *Annual Cottonwood Awards Luncheon* on Thursday, May 28, 2020. An event sponsorship would allow you to reserve a table and ad space in the Tribute Program.

This year's *Cottonwood Award for Leadership* will be presented to **Bonnie Lowenthal**, President of the Port of Long Beach Harbor Commission, who will be recognized for her significant leadership in enhancing, promoting and supporting the cultural communities of Long Beach and the broader Southern California region. Also being honored with a *Special Recognition Award*, is **John Hancock**, former President of the Port of Long Beach Harbor Commission and Principal and Founder of the Bancap Investment Group. Each year this premiere business networking opportunity is attended by leaders in local and county government, the business community, the local nonprofit community, and by other community visionaries. More than 400 people attend and the event sells out each year. We want to make sure the Water Department doesn't miss out.

Proceeds from this event support the educational mission of Rancho Los Alamitos and enable us, in part, to remain open and accessible to the public free-of-charge.

Thank you in advance for your consideration.

Sincerely,

Pamela Young Lee

LONG BEACH WATER DEPARTMENT

Program Sponsorship Application

Rancho Los Alamitos

PROGRAM INFORMATION

1. Target market for the program/event?

The Cottonwood Award Luncheon is a premiere business networking event in Long Beach and is attended by more than 400 people. Attendees include City and County administrators, corporate leaders, higher education leaders, small business owners, nonprofit and arts and cultural leaders and many other visionaries and supporters.

2. Purpose of program/event?

Now in its 9th year, the Cottonwood Award Luncheon is a celebration of service, highlighting the contributions of key people or organizations in the community. Two awards are given: 1. *The Cottonwood Award for Leadership*, which recognizes a person who has shown significant leadership in enhancing, promoting and supporting the cultural communities of the Southern California Region, and 2. *Special Recognition for Service and Commitment*, which recognizes the outstanding achievement of a person or organization who has had a significant impact on the cultural development of Rancho Los Alamitos and the City of Long Beach.

This year the *Cottonwood Award for Leadership* will be presented to Bonnie Lowenthal President of the Port of Long Beach Harbor Commission. The presentation will be made by last year's honoree, Steve Goodling, President & CEO of the Long Beach Area Convention & Visitors Bureau. The *Special Recognition Award* will be presented to John Hanock, Former President of the Port of Long Beach Harbor Commission and Principal & Founder of Bancap Investment Group by Walt Florie, Former President & CEO of the Earl B. and Loraine H. Miller Foundation.

The Honorary Chairman of the 2020 *Cottonwood Award Luncheon* is Mayor Robert Garcia. Honorary Co-Chairs include: Theresa Bixby, Jane Close Conoley, Mario Cordero, Steve Goodling, Doug Otto, John Perez, Suzie Price, Jean Bixby-Smith, and Henry Walker.

The event also includes a *Cottonwood Scholars* component. Each year two deserving students from California State University, Long Beach are each awarded a paid, year-long internship at the Rancho.

Funds raised through this event support the Rancho's educational mission, particularly our commitment to offering free-of-charge admission to our site for the general public and school children. These funds allow the Rancho to share its story – including the story of water in Long Beach -- through a variety of engaging educational programs, tours, and events to a wide audience from adults to children at no or minimal cost to visitors.

Rancho Los Alamitos is open to the public free-of-charge Wednesday through Sunday afternoons, 1-5:00 pm; free school tours and children's workshops are presented weekday mornings. In addition to symposia, the site offers a wide range of public programs and activities. The Rancho serves the Long Beach community as well as visitors from throughout Southern California and beyond.

3. Sponsorship request?

Rancho Los Alamitos respectfully requests a Long Beach Water Department Gold Sponsorship in the amount of \$5,000. As a Gold Sponsor, the LBWD will receive:

- Company or individual name on select print and online materials as *Gold Sponsor*
- Half-page congratulatory ad in the Tribute Program
- Sponsorship announced in customized email blasts and in social media posts
- One select table for 10

ELIGIBILITY

Please explain how the program promotes one of the LBWD goals.

1. Raising public awareness on issues related to the LBWD's mission and core business of the department?

The story of Rancho Los Alamitos, just like the story of Southern California, is about the careful use of resources to enhance and increase the bounty of the land. Incorporated into each of the visitor tours and site visits by school children studying California history is the story of how water made settlement of the region possible, not to mention the development of Long Beach from ranching and farming to the present urban metropolis. Incorporated into this story is the message that water is a precious resource that must be valued and protected.

2. Contributing to a sustainable Long Beach by promoting conservation?

Rancho Los Alamitos regards its delicate gardens, expansive lawns and barnyard area as prime educational opportunities for exploring the critical role that water played in the development of the Southern California region. In fact, the site itself is sacred Native American ground once prized for its natural springs. When oil was discovered and the land was mined to extract it, the springs were destroyed. A common thread in our school tours is the critical need to embrace sustainable practices in order to safeguard our fragile Southern California resources. The decisions made in the past impact us now, just as the decisions we make now will impact future generations. Rancho Los Alamitos is a protected living history site with 12 historic gardens on the National Register of Historic Places.

3. Promoting collaboration with regional partners as part of fulfilling the LBWD's vision?

Rancho Los Alamitos is owned by the people and City of Long Beach and operated as a public/private partnership by the Rancho Los Alamitos Foundation. The history of the Rancho is the history of the entire region, from the original Spanish land grant of 300,000 acres to the current 7.5-acre site. The Rancho has developed unique partnerships with the City of Long Beach, LA County, the Long Beach Convention and Visitor's Bureau, the Long Beach Unified School District, CSULB, the Historical Society of Long Beach, the Metropolitan Water District and with our sister Rancho – Rancho Los Cerritos– to share our programs and educational tools. Perhaps most significantly, Rancho Los Alamitos is a partner with the Long Beach Water Department and is sharing the story of water with our visitors, both onsite and online. The story of water in Long Beach examines its history in the settlement and the development of the region, how water has been used in the past and today, and how choices about water affect our lives now and the futures of our children and grandchildren. The site's continuous occupation and long history make it a perfect metaphor for the Southern California experience. The Rancho is the ideal location to explore the significance of water and educate the public through engaging, inquiry-based exploration.

BOARD OF WATER COMMISSIONERS

Policy Statement 1998-31

RE: EXPENDITURE OF WATER DEPARTMENT FUNDS FOR BOARD APPROVED LONG BEACH RELATED COMMUNITY AND CIVIC ACTIVITIES

The source of the Water Department's revenues come predominantly from our customers' monthly payments for water and sewer services. The Board of Water Commissioners has a fiduciary responsibility to see that this money is spent to support the primary mission of the Department — providing the highest quality of water and sewer services to Long Beach residents and businesses.

Consistent with that mission, it is important for the Water Department to be an integral part of our Long Beach community. This includes educating and engaging Long Beach residents by supporting and participating in various activities and events of civic and non-profit organizations within our community and region.

Consistent with these goals, the Board of Water Commissioners has instituted the following guidelines for sponsoring and participating in community events:

- A. For events or activities that provide a clear educational component focused largely on water or sewer services, including water conservation, or provides the Water Department with an observable presence within the water or sewer industry, or involve a broad-based civic involvement, the Board will consider financial sponsorships of \$1,000 or more, as deemed appropriate.
- B. For events that do not have a primary focus on water/sewer issues but do provide the Water Department with an observable presence within the community, a financial contribution of \$1,000 or less will be considered by the Board. This contribution can include the purchase of individual event tickets and/or table participation and/or visible branding opportunities such as program advertisements. Consideration of more significant financial support will be given in those cases in which the Water Department partners with another City department(s).
- C. Beyond the level of focus the activity may or may not have on water/sewer services, the Board will also take into consideration other factors such as: a) past financial contributions from the Water Department, b) other financial support that may already be provided from the City of Long Beach, c) the make-up of the audience participating in the event in terms of size and free public access as compared with a limited, paying audience, and d) non-profit designation as compared with for-profit entity.
