Applications are available online beginning June 12, 2020 through 4:30 p.m., June 26, 2020.

EXAMPLES OF DUTIES:

Under direction, may be assigned to supervise transportation planning, traffic engineering design or operations; investigates traffic sign placement, traffic volume, flow, control, safety, roadway characteristics, and parking usage; plans, organizes, and reviews studies and surveys, such as, current and future traffic flow, volume, parking requirements, speed limits, channelization, inventories and reports, and cost estimates for proposed projects to improve traffic flow, safety and parking; interacts with community groups and consultants to develop traffic improvements plans; prepares documents to program federal and state funded transportation projects; may design traffic signal systems, geometric patterns, and intelligent transportation systems; may supervise or act in a higher capacity; and performs other related duties as required.

REQUIREMENTS TO FILE: All candidates must meet the following qualifications:

Registration as a Professional Civil or Traffic Engineer in the State of California **(proof required)***.

AND

Equivalent to four (4) or more years full-time paid professional experience in traffic or transportation engineering involving primary responsibility for the improvement of street traffic flow and safety, which must have been gained after graduation from an accredited four-year college or university with a degree in Civil Engineering or a closely related field or after passing Engineer in Training (E.I.T) Certificate recognized by the California State Board of Registration for Professional Engineers, Land Surveyors, and Geologists **(proof required)***.

A Master's Degree in Traffic or Transportation Engineering may be substituted for one year of the required experience (proof required)*.

Ability to communicate effectively both orally and in writing.

FINAL

A current DMV driving record must be submitted to the hiring department at time of selection interview.

***Required documents, such as transcripts, degrees and/or certification, must be uploaded to the online application at time of filing. Any proofs submitted must contain either the applicant's name or other identifying characteristic on the documentation. Degrees must indicate the field of study and conferred date on diploma or transcript. Candidates who possess degrees from college or university from outside the United States must attach proof of educational equivalency at the time of filing.**

DESIRABLE QUALIFICATIONS:

Experience using travel demand modeling software, graduate work in Traffic or Transportation engineering, and membership in the Institute of Transportation Engineers is desirable for some positions.

SELECTION PROCEDURES

Application PacketQualifying

This selection procedure will be conducted using a non-competitive process, which means applications are evaluated based on training, experience, education, or certification derived from the applications and the supplemental applications. All applicants meeting minimum qualification will be placed on a list. Applicants receiving Veteran's Credit will be placed on the eligible list first and then in the order in which applications were filed. The resulting list will expire in one year from the established eligible list for this recruitment. Based upon the number of applications received, the selection procedure may be changed. In the event a revision is necessary; all affected persons will be notified.

In support of the City's Language Access Policy, bilingual skills (Spanish, Khmer, or Tagalog) are desirable for some position interacting with the public.

If you have not received notification of the status of your application within two (2) weeks of the application filing period closing, please contact the Civil Service Department at (570) 570-6202.

This information is available in an alternative format by request at (562) 570-6202. If special accommodation is desired, please contact the Civil

FINAL

Service Department two (2) business days prior to the test at (562) 570-6202. For hearing impaired, call (562) 570-6638.

An Equal Opportunity Employer.
