Subject: Public comment for tonight's meeting

-EXTERNAL-

Good evening,

My name is Aleksandra Fridman and I live in zip code 90815.

I'm emailing to request the following during the human relations committee meeting:

- 1) The city of Long Beach and LBPB must fully adhere to state law transparency bill SB 1421. The people of Long Beach must be able to access police records involving misconduct and serious use of force - both as a measure of transparency and accountability, and to be able to make informed demands regarding how taxpayer funds should be spent.
- 2) LBPB and the POA cannot be allowed to prevent access to violent officers' records. These actions go against the letter and the spirit of the law.

Thank you,
Aleksandra Fridman
