11. Please describe why you wish to serve on the Independent Redistricting Commission and share any additional experience, community activities, or other qualifications that make you a strong candidate for the Commission, including, but not limited to, analytical skills, familiarity with the City's neighborhoods and communities, ability to be impartial, and ability to work cooperatively with other potential commissioners. (Max. 1800 Characters, approximately 250-300 words)

As a community leader and citizen and of Long Beach, It is my responsibility and interest to ensure that all residents and communities are thriving. I have seen many parts of our city go through positive and negative outcomes, some due to population equality sections, inadvertently areas base of a race that has diluted the minority vote. I believe change reflects the diversity and common principals that allow us to thrive as a city. As my participation, I would like to address change in collective mindfulness, age, gender, differences provided certain criteria with which to draw the lines to the districts. These criteria are intended to make the districts easy to identify and understand, and to ensure fairness and consistency within our city. The geographic integrity of any city, county, city, and county, local neighborhood, or local community of interest shall be respected in a manner that minimizes their division to the extent possible without violating the requirements of any of the preceding subdivisions. A community of interest is a contiguous population which shares common social and economic interests that should be included within a single district for purposes of its effective and fair representation. I believe my experience and voice make me a suitable and potential candidate.

(Max. 1800 Characters, approximately 250-300 words)

In my nearly eleven years in Long Beach (4 as a renter and 6 as a homeowner), I have served on the DLBA Public Safety Committee (3 yrs), Willmore City Heritage Association (Secretary, 2 yrs), spcaLA kitten foster (8 yrs), and student representative to the Board of Directors (Yo San University, 2 yrs). I have familiarized myself with many facets of the Long Beach community, including its City Council. I want our representation to strongly reflect the will of the members of this community; this is more important to me than my own beliefs and perspectives. I have a strongly analytical mind and currently work part time in medical research on the east side (VA) while maintaining a small private practice and living downtown. As a cyclist I have gotten to know many of Long Beach's wonderfully diverse communities and I believe our community will be strongest when all voices are considered in shaping policy. I majored in political science for my BA and have a deep interest in all electoral matters. Thank you in advance for considering me for this position.

(Max. 1800 Characters, approximately 250-300 words)

I am familiar with the history of Long Beach and its landmark buildings and historic districts. As a volunteer guide for Long Beach Heritage, I lead walking tours of the Downtown and East Village and give invited presentations on Long Beach's history and architecture. I serve on the board of Long Beach Heritage and Walk Long Beach and edit the semi-monthly e-newsletter of the Downtown Residential Council.

I am a retired professor of technical communication (Texas Tech University, 1989-2016) and served as chair of the Department of English at TTU for 10 years (2002-2012), managing its annual budget of \$4 million and its faculty of 50 professors, 25 part-time and full-time instructors, and 75 graduate part-time instructors.

I am also the editor-in-chief of Technical Communication, the quarterly research journal of the Society for Technical Communication as well as co-author of Essentials of Technical Communication (Oxford University Press, 2010, 2012, 2015, 2018), A Writer's Repertoire 1, 2, and 3 (Cengage Learning, 2010), Reporting Technical Information (Oxford University Press, 2006, 2002), and Editing: The Design of Rhetoric (Baywood, 1989). I served as series editor of the Allyn & Bacon Series in Technical Communication (19 titles) and I have authored or co-authored a score of journal articles on topics including professional ethics, intercultural communication, and information design. I am a Fellow of the Association of Teachers of Technical Writing, a recipient of the Society for Technical Communication's Award for Excellence in Teaching Technical Communication, and a Fulbright Specialist.

I believe I have the analytical and communication skills that would serve the mission of the redistricting commission.

11. Please describe why you wish to serve on the Independent Redistricting Commission and share any additional experience, community activities, or other qualifications that make you a strong candidate for the Commission, including, but not limited to, analytical skills, familiarity with the City's neighborhoods and communities, ability to be impartial, and ability to work cooperatively with other potential commissioners. (Max. 1800 Characters, approximately 250-300 words)

I would like to help the process of electing officials to the City Council to be as fair and equitable as is possible. Redistricting would allow for better representation by City Council members if they were elected by persons who truly resided, lived, and understood their district. I have served on several Long Beach City Commissions (CDAC and PGWIN), along with the Youth Council. This service has apprised me of many City of Long Beach strengths and weaknesses. I am also a graduate of Leadership Long Beach, served as Chairman of UAW Community Services, and Vice Chairman of the Employees Community Fund of Boeing. These experiences gave me even more insight into the needs of the City and the skills to make a difference in accomplishing fixes for those lacking areas. I also have training and skills in Mediation and Arbitration.

Our organization, Tranquility Counseling Services, has been serving citizens in need in the city of Long Beach for almost a decade. We have done this, unfortunately, with no assistance from the city. We provide bi-weekly food distributions in the 6th District, annual backpack, turkey and toy giveaways. We also provide hygiene and meal packages to our homeless community. I would love to serve on the commission. I believe I have plenty to offer 😊

(Max. 1800 Characters, approximately 250-300 words)

Hello, I am a published writer for my poetry, I've recently finished a children's book and I'm working on my first novel. I'm a salesman by trade, and owned a retirement hotel in Santa Monica for 18 years, as well as other businesses, I was married for 25 years and had four beautiful children. We lost one child to a congenital heart defect and somehow managed to survive that period of my life.

I believe in justice, and pray for the day all Americans stand as one, I believe on that day America will fulfill the ideals it was formed upon. I'm ready to do my part to ensure fair and honest elections to find the leaders to help us achieve these ideals. Long Beach is a fine place to live, it's a very diverse city and has issues equally as diverse, being a part of helping my city of the last 6 years achieve fair and independent redistricting would be a great honor for me.

An honor I'm ready, willing and able to undertake.

We find ourselves in troubling times, voting rights for people of color especially have been under attack for much too long, so as a citizen and proud resident of Long Beach I'm ready to stand and do my part to ensure all of our elections are fair, impartial and not curtailed in anyway for all of our fine Long Beach residents.

I have lived in Long Beach for 6 years and have grown to love this city and its residents. I have worked with unions on organizing and elections. I believe that a strong community not only holds governments accountable but also creates a space for the community to participate. Given the current social climate, I feel it is my duty to get involved and participate in making Long Beach even better than it is.

(Max. 1800 Characters, approximately 250-300 words)

I wish to be a part of the redistricting because this is my home, and everyone counts. I have lived and worked in Long Beach for 6 years. I have fallen in love with this city. I love the diversity it holds from the multilayer of languages and cultures. I have fallen head over heels for Long Beach as it seems there is always something to do. You will never know what you are going to see or experience at any one event or day just walking down the street.

I am finishing my master's in Linguistics at Long Beach State. As part of my studies, I analyze languages and cultures. Additionally, I have been an ASL interpreter for more than 30 years. In the role of interpreter, I must remain neutral and impartial. I understand getting to the task of the situation that may have an emotional charge for those around. My role as an interpreter has allowed me to see and experience behind the scenes setups, processes, and flow of meetings and events. As an interpreter, it is vital that I work with a team of people to have a successful communication experience for all involved. I value the ability to be professional and communicate clearly to accomplish common goals.

I would appreciate you considering allowing me to serve this city. I, a mother of one adult Millennial and two Gen Z men, understand that the future of this city is determined years in advance. Keeping up with the latest technology and growing influences is vital to allow for the healthiest and best growth of all of Long Beach. I would very much like to be a part of the future of this city as part of the Independent Redistricting Commission.

I believe redistricting is a sensitive and necessary issue to ensure fair representation and effective government for all citizens. Honest and more accurate representation empowers all citizens. An effective government provides excellent government services and resources for all citizens. In my career in government compliance, I have gained an understanding and application of complex government regulations. As an industry leader, I developed leadership skills and cross-functional capabilities by working closely with city and government officials, skills to work with all stakeholders to accomplish common goals. I have reached a point in my career where giving back and helping to improve local communities by working close with government agencies to help improve long-term city goals.

I have an undergraduate degree in Business and English, have a long career in IT Education focused on data analytics, am currently working on a Masters in Architecture, am an active historic docent for Long Beach Heritage, and care deeply about fair representation in Long Beach's communities.

I moved to Long Beach in the summer of 2018 and want to make a lasting contribution to empowering every citizen and encourage participation, discouraging partisan politics and looking for methods of identifying and solving problems in an efficient manner.

(Max. 1800 Characters, approximately 250-300 words)

Good afternoon,

To Whom It May Concern:

I like to be considered for the position of Independent Redistricting Commission for the following reason(s):

1. My community needs representatives/advocates that represents all citizens.
2. Historically ,The City of Long Beach has grown tremendously in population and diversity based on U.S. Census Bureau. As a resident of the City of Long Beach I wish to become part of the solution. To see the number of representatives increase in our city to help with the representation of our citizens. But more important individuals that with the passion/ethics and willingness to represents our most vulnerable people inclusive of the homeless individuals and the immigrant population treating everyone with dignity and respect. I believe that everyone deserves a good decent place to live and be treated as a 1st class citizen. For this reasons I believe redistricting it's the first step in the right direction. Redistricting is an important tool to serve every individual in our city.
3. I learned that redistricting has an affect on our public education and public safety. We need resources in our community.

I am very familiar with our city population our underserve community. My experience includes working with low to moderate families in the non-profit sector. As a Latin American immigrant I know first hand the importance of having equal opportunities. But most important having Hope.

I am bilingual (fluent Spanish speak and write. I have over 15 yers of non-profit work. Working with families and the community. I have conducted outreach, provided case management support to individuals and families.

My passion goes beyond my place of work. In my free time, I instill my children to volunteer our family time by feeding the homeless in our community in the 1st District, West of Long Beach. The West of Long Beach has of the greatest concentration of homeless individuals in our city and they deserve to be treated with dignity and respect. But more import we all need equal representation. We are in need of representation because our city is growing and is growing fast.

I am a team oriented individual. In my most current role we work as a collaborate team. Our team brings ideas and solutions to the table and we make decisions together as a team. I believe this is something to consider in my application.

Before my closing remarks, I like to share about me. I am a marry man for over 26 years. I am a father of three outstanding individuals. My wife whom I love is my inspiration and soul mate. I believe that God bless me when I meet my wife. My life change for the better.

In closing, I wish to thanked everyone for the opportunity to participate in this process and I look forward to become your next Independent Redistricting Commissioner. This is my passion and I will work in accordance and follow policies and procedures that must be adhered.

Thank you kindly,

(Max. 1800 Characters, approximately 250-300 words)

I moved to Long Beach in 2012 to take my first job as an attorney, the job I still have, with the California Labor Commissioner.

Outside of and separate from my professional role, I have been active in the local Long Beach community since 2016. In 2019 I joined the Advisory Board of Long Beach Residents Empowered a grassroots housing justice non-profit and am currently serving as their co-chair. In that capacity I have become familiar with Long Beach and its tenant residents, and I myself am a tenant. I hope to bring a progressive labor minded perspective of a tenant to this Independent Redistricting Commission to make sure that representation in Long Beach is meaningful for all.

LEGAL EXPERIENCE:

DIVISION OF LABOR STANDARDS ENFORCEMENT – DEPARTMENT OF INDUSTRIAL RELATIONS, Long Beach, CA
Staff Counsel, December 31, 2012 to Present

I proudly represent the Labor Commissioner in her mission to ensure a just day's pay makes it into the pockets of workers in every workplace in the State of California. Representing workers and the Labor Commissioner in *de novo* appeals of Order, Decision or Awards in Superior Court ("Bermans"), assuring that workers' claims sustained by the Labor Commissioner are vindicated when appealed into the court system. These "Berman" bench trials often involve various complex wage and hour issues. Handle Writs of Administrative Mandamus challenging various administrative decisions of the Labor Commissioner. Sit as a Hearing Officer in Talent Agency Controversies. Handle appellate work arising from various underlying matters.

Keep DLSE enforcement staff apprised of significant Legislative and case law updates pertaining to the ever shifting landscape of labor law enforcement. Design, implement and execute training programs for District Office staff. Drafting memorandum explaining changes in the Division's enforcement procedures. Train both legal and enforcement staff in wage and hour enforcement procedures, including advice and counsel of senior enforcement staff, training new legal staff in prosecutorial duties, advising and instructing on new policies based upon changes in legislation or case law, as well as working to make daily tasks learning moments for those I work with.

As with all litigation, a large amount of my time is spent on investigations, discovery, meditations, settlement conferences, as well as drafting and negotiating settlement agreements, while fighting to preserve the regulatory and enforcement goals of the Division.

On occasion I sit as a Hearing Officer in complex matters and advise a group of hearing officers. I have also handled hundreds of cases prosecuting Public Works contractors for various statutory violations of the Labor Code requiring the payment of prevailing wages on Public Works projects.

Assist in drafting memorandum explaining changes in the Division's enforcement procedures. Presenting internal memos released by the Labor Commissioner to District Office staff in the Division's ongoing effort to keep enforcement efforts in line with the most recent updates to the Labor Code and decisions of the judiciary. Advise the Labor Commissioner and DLSE enforcement staff on Legislative updates, including the "Domestic Workers Bill of Rights," AB1897 (Client Employer Liability) and Labor Code 218.7 as examples.

SIEGEL LEWITTER & MALKANI, Oakland, CA

Law Clerk / Attorney, October 2012 to December 2012

Assisted in various litigation tasks in preparation for two FEHA Discrimination trials including drafting Motions in Limine, trial brief, jury instructions and jury verdict forms. Drafted two successful oppositions to motions for summary judgment in a complex FEHA age-discrimination case involving an indirect employer, a training program and a failure to prevent age discrimination claim. Made an ex parte court appearance, my first as an attorney.

LEGAL AID SOCIETY - EMPLOYMENT LAW CENTER, San Francisco, CA

Law Clerk and Legal Advocate, August 2011 to May 2012

Represented clients in administrative proceedings at the California Labor Commissioner and the California Unemployment Insurance Appeal Board. Handled a full range of hearing preparation and presentation responsibilities, including witness preparation, document submission, direct and cross examination, and closing statements. Settled or won every hearing. Secured over \$25,000 for a client through a Division of Labor Standards Enforcement administrative hearing; second-chaired the de novo Superior Court trial to oppose the appeal of that decision at the request of the Division of Labor Standards Enforcement attorney handling the appeal. Updated and revised the "Workers' Rights Clinic Employment Law Manual" to reflect current Federal and California employment law.

Hastings Workers Rights Clinic - Legal Counselor, January 2011 to May 2011

Interviewed clients and identified work-related legal issues, providing direction and information on employment related topics.

LAW OFFICES OF BROOK MEAKINS, PLAINTIFF ATTORNEY, Oakland, CA

Law Clerk, August 2010 to May 2012

Working remotely to draft pleadings, discovery and demand letters in employment-related and other plaintiff-side civil cases.

(Max. 1800 Characters, approximately 250-300 words)

In the eight years in which I have been a resident across multiple districts in Long Beach, I have developed a love for this city and the communities within. As a student at CSULB, I was involved in leadership positions in multiple on-campus organizations: an academic honor society focused on the career development of students within my field of study, a philanthropic organization involved with the local community, and the Long Beach State rowing team. These positions prepared me for the difficult and rewarding discussions involved with building consensus among groups of highly motivated people with diverse interests. In the years since graduation, I have continued to grow these skills by working in a fast-paced office environment as a member and leader of teams involved with the corporate tax needs of a mid-sized healthcare company. In this career, I have relied significantly on building the analytical skills necessary to more efficiently and effectively understand large sets of data while using these insights to assist the company in making business decisions. I am looking for the opportunity to leverage these skills in ways that benefit my local community and work towards creating a more representative government for the citizens of the city that has grown to become a part of my identity.

Recent Supreme Court decisions in "Rucho v. Common Cause" and "Chatfield v. League of Women Voters" have made it clear that the judiciary will not directly bring more equitable districts to citizens, whether it is at the federal, state, or local level. Independent redistricting commissions have proved to be one of the most effective tools in fighting the historical injustices and corruption associated with gerrymandering. Therefore, I believe that it is of the utmost importance that our city serves as one of many models across the country demonstrating the efficacy of independent redistricting commissions. In 2018, I was excited to see Measure DDD pass as a crucial step towards this goal. By applying for this position, I hope to play a small role in bringing necessary change to this aspect of our democracy.

(Max. 1800 Characters, approximately 250-300 words)

Hello, I have been a resident of Long Beach since 1979. I am a product of the Long Beach Unified School District and Long Beach City College. Through the years I have seen this city grow, blossom, and I would like to be apart of the positive change and help it move forward. I have benefited from the city programs including anti-graffiti projects, and leadership programs. Also, I have enjoyed taking classes from our Park and Recreation Program.

I graduated from college with a degree in Art with an Emphasis in Graphic design, and have worked mostly in consumer goods which requires me to look at a subject/matter through another person's eyes for over 25 years. I believe that experience has taught me to be impartial, and remember that is about the City Of Long Beach and not just me.

[REDACTED]

I have over 25 years of experience as a graphic designer with the emphasis of mostly print and packaging.. The majority of my career has been with the consumer goods/manufacturing industry focusing on marketing and branding a broad range of products, from computer accessories, home decor, and bath & body to the international and domestic markets.

Photoshop • Illustrator • InDesign • Acrobat • Microsoft Office

November 2010- current

Design and production work for a variety of clients and agencies including **Cambro, Victory International, United Exchange Corp., Kéch Café, The Ivy Heritage Foundation, Inc.**, Alpha Gamma Omega chapter of **Alpha Kappa Sorority, Inc.**, local non-profit/community organizations, and small businesses. Services include creative solutions for brochures, advertisements, signage, in-house operational materials, interactive directories, packaging and retail display units.

Freelance/Temporary Graphic Designer

August 2006-August 2009

At **ICA Home Decor (formerly known as Intercontinental Art)** I worked with the Design Director of Product Engineering to create marketable packaging design that is appealing to the customer, and secures the product it holds. Along with packaging design tasks I also assisted with marketing materials POP, PDQ and CDUs displays. Before transferring from the Marketing Department I managed and trained a small team of production artists to work on the customer catalog/spec sheets. I also worked closely with ICA China team, and set guidelines, and style guides for the China factories to follow, and the newly acquired Art In Motion Division located in Canada.

Freelance/Temporary Graphic Designer

Employed through various talent agencies to assist various companies with their variety of graphic design needs. Services to clients included packaging, production, publications, manuals and more.

December 2003- April 2006

Product Development Senior Graphic Designer

At **Shonfeld's USA** a graphic designer for the Product Development Department (PDD) creates packaging in the form of original boxes, hangtags, labels, and cardboard product display units for the gourmet food, bar, beverage, bath and home fragrance categories. The deadlines were tight and most of the products were fragile because they are placed in or on glass. Shonfeld's has a wide range of customers consisting of deep discounters, drug and grocery, warehouse, and department stores. Some of the most prominent accounts include, but are not limited to, Bed Bath and Beyond, Linens N Things, Target, Federated Stores, Costco, and Wal-Mart. Many of the products are decorative and are displayed and secured in PVC/acetate boxes to promote their beauty. Duties also include copywriting, some product line design, and creating production samples. This job required teamwork skills due to multiple elements of the PDD team and the necessity to work in conjunction with other departments.

June 2001-December 2003

Marketing/Packaging and Freelance Graphic Designer

Employed as a graphic designer for various companies including: **Arbonne International**, a consultant based Swiss cosmetics and skin care company. **Edwards Lifescience**, a medical supply manufacturer also producing live tissue and artificial heart valves, and **Western Outdoor News**, a local hunting and fishing publication. These jobs/contracts included knowledge of packaging and publication design. Light copywriting, editing, and art direction. Also completed, layout and production work on product manuals for the domestic and international consumer

December 1997-June 2001

Marketing Graphic Designer

The **Belkin Components** graphic design experience includes full range of advertising; packaging, retail and trade show design and layout from conception to finish at a rapidly moving pace. Within this in-house design group both modern and traditional techniques are used hand and hand to produce materials to keep Belkin competitive in the Domestic, Latin American, Canadian and European retail markets. This job also asked for a designer to be detail oriented enough to handle their own print and film purchasing as-well-as billing and shipping. My most dominate role in this position was to train the interns, and oversee the new international designers.

(Max. 1800 Characters, approximately 250-300 words)

I believe that I could make unbiased districts for the City of Long Beach. For 2010's redistricting, I did submit a plan for how to evenly divide the five supervisorial districts of LA County (which was not a final plan, but part of the appendix -- Source: <https://redistricting.lacounty.gov/wp-content/uploads/2011/05/C1-Plan.pdf> and <http://file.lacounty.gov/SDSInter/bos/supdocs/61387.pdf>). I have lived across Long Beach over the past ten years, including Belmont Shore, the Peninsula, and Willmore. I actually was the person who posted the official map for Long Beach neighborhoods on Wikipedia (https://en.wikipedia.org/wiki/Neighborhoods_of_Long_Beach,California, my username is [REDACTED] on Wikipedia). In general, I will not bring any biases and will work with the other commissioners to create districts that best represent Long Beach.

(Max. 1800 Characters, approximately 250-300 words)

The main reason why I wish to serve in this commission is because I feel that the need to have a geographer in this commission is important. It's important to have someone who is able to understand the spatial, demographic and economic differences in communities in the city as well as understand maps and especially how to analyze them (and make them to a certain degree). I have a BA in geography (concentration in human geog.) from CSULB and I pursued it to understand better the city I lived in my entire life. Everyday I would go to CSULB on the bus and I would see the change from block to block of how diverse and varied our neighborhoods are. In terms of cooperating with other folks, I don't see or have any problems working with people as long as they are responsible and know our city well enough (and long enough).

(Max. 1800 Characters, approximately 250-300 words)

Ever since I was in junior high school I always knew that I wanted to work and participate in the government. The reasons why I wanted to be involved in government were because not only have I always had an appreciation for our American government system, but also because I have always had a passion to serve. Not only a passion to serve the people, but also to serve the government as well. I wish to serve on the Independent Redistricting Commission because here I can accomplish both. I can serve the people by helping to ensure that everyone is counted fairly and impartially. At the same time, I can serve the government by performing my duties on the commission accurately and effectively. I know that I would be a great asset to the Independent Redistricting Commission because I already have the necessary desire, experience and skills to serve effectively on the commission. In high school, I served in student government and was elected Commissioner of Public Relations my junior and senior years. My duties there included working directly with the student body as well as providing detailed school reports to the School Board Directors and to the general public at the weekly School Board meetings. In most aspects of my life I have been assigned a leadership position because of my ability to be impartial and my ability to get a team to work together effectively toward a common goal. I was team captain on my college rugby team at Cal State Fullerton and on my club team, the Orange County Bucks. At the workplace, I was the Team Supervisor for 15 years at a high paced call center and currently I'm an Apartment Manager for a multi residential complex. Lastly, I was born and raised in the city of Long Beach. Over 40 years, I have become very familiar and quite appreciative of the diversity in our city. Each neighborhood is different culturally, socially, and in many other ways. I love the diversity we have and I feel very comfortable anywhere I am in Long Beach. Thank you for your time and consideration.

(Max. 1800 Characters, approximately 250-300 words)

I want my involvement in the redistricting process to allow my community's voice to be represented when creating the boundaries that will determine our political involvement for years to come. My district has been growing rapidly for years, and the changing landscape of the community and its population should be reflected when determining where to draw the new district lines. As a young Latina woman, I want to ensure that the diversity of our city can be seen through the make-up of this committee. I know that Long Beach is working hard to create districts with equal and fair representation, and I want to support this endeavor in any way I can. Having grown up in Long Beach, I have had the privilege of watching each district create their own unique identity, working together to make it the wonderful city we see today; I would like to do my part in representing the ever-evolving District 1, to continue improving our great city.

As a special education teacher, I currently serve my community by advocating for the rights of children with disabilities and their families through collaborative work with teachers, students, administrators, and parents. I use quantitative and qualitative data analysis to create personalized learning plans for students, and partner with teachers and other stakeholders to ensure the best supports for students are being implemented. I am part of leadership teams that provide support and guidance to teachers and administrators to create equitable spaces at our school, and neighboring communities, for all of our students, especially those who are most vulnerable. I will bring the same drive, and dedication, to making our new districts work for their people; To make them truly representative of us.

Objectives

As a Special Education Teacher, my objective is to help student with diverse needs learn to embrace their differences, and work towards reaching their dreams. I believe all students should embrace life to its fullest extent, and that educators have a duty to help them find a path that pushes them to meet those expectations.

Experience

Alliance College Ready Public Schools, Alice M. Baxter High School

September 2017 - Present

Grades 9-12 Resource Specialist, handling a caseload of 20+ students; specializing in providing services in math subjects, from Integrated Math 1 through AP Calculus. All students have made progress towards their IEP math goals, with over 80% of students meeting their goals, based off data based progress monitoring. Collaboration with the math department to ensure that accommodations are being implemented in every level of a lesson, providing coaching on how to accommodate work and how to create Universally Designed Lessons. I work with the teachers to collect work samples from students, and analyze how to change a lesson when needed, or what worked in the lesson so it can be reproduced in future plans, in order to have students be able to access the material. Lead teacher during homeroom period, where students are taught to critically think about, and respectfully discuss, current national and international issues. Facilitation of IEP meeting between students with disabilities, their parents, teachers, and other stakeholders; presenting data on their educational progress, strengths, and needs, and creating an educational plan for the benefit of the student. Administration of academic testing to students to determine the need for special education services, and analysis of results.

Value Schools

August 2016 – September 2017

Grades 6-8 resource specialist, handling a caseload of 23 students in the subjects of ELA and Math. Created systems to keep a record of students' services, and to monitor progress using observations, student work samples, and online curriculum based measures. Collaborated with English and math teachers across three grade levels to build systems to monitor usage, and success of, accommodations in the classroom by teachers and students. Facilitated IEP meetings between students with disabilities, their parents, teachers, and other stakeholders; presenting data on their educational progress, strengths, and needs, and creating an educational plan for the benefit of the student.

Los Angeles Unified School District

September 2015 – June 2016

Eighth grade English Language Arts/US History/ELD Special Day Class teacher. Created and implemented accommodated, and modified, lesson plans, assignments, tests, and projects. Handled a caseload of 15 students, with mild to moderate disabilities, using the Welligent recording system. Facilitated IEP meetings between students with disabilities, their parents, teachers, and other stakeholders; presenting data on their educational progress, strengths, and needs, and creating an educational plan for the benefit of the student.

(Max. 1800 Characters, approximately 250-300 words)

I am thrilled to submit my candidacy for the Independent Redistricting Commission. As a resident of and business owner in District 1, I believe I would bring a fresh and diverse perspective to the Commission.

As a business owner and artist, I am acutely in touch with my community, building relationships with other local businesses and artists and participating in and attending local events. As a homeowner, I have become more familiar with the City's government structure, its public outreach to citizens, and its services offered through the Department of Public Works. I would be honored to marry the two on the Commission, combining public participation and input with governmental responsibilities.

My interests include local development, mobility, and community health. As someone who has both creative and analytical skills, I believe I would be a fantastic addition to the Commission drawing numbers from the Census, while still preserving neighborhood integrity and culture.

(Max. 1800 Characters, approximately 250-300 words)

My reason for applying is the love I have for my city. I have participated in a number of grass roots organization and community movements. I have ability to network thru our beautiful community. By completing NLP, I obtained great leadership skills and the resources to serve our city in a greater magnitude. I've lived in Long Beach all my life and it would be an honor to be apart of the redistricting commission and to make part of history.

I have history with California. I came to Long Beach during the Boeing C-17 GlobeMaster Program. I have views and ideas that need to be addressed, and after the events of the last couple of months, we need to make some adjustments on how we rethink the American Dream/Myth.

I have lived in Long Beach for 20 years, renting the same apartment and watching the surrounding LB neighborhoods around me change and grow for both the good and the bad. I am not involved in the community politics due to a busy work schedule, and am self employed. I am a senior citizen but youthful and active. I feel I am fairly familiar with many but not all of LB neighborhoods. I have a wide range of interests and am computer literate using a PC desk top daily for business, I have a simple cell phone but rarely use it but am willing to do so. I shop all around LB and try to patronize local business for all of my needs. My friends range in all age groups and are mostly younger than I. I am well spoken, have good writing skills, and can communicate my thoughts easily and clearly. I have many years experience in human resources, finance, advertising and outside sales. I read the LB business journal and local small newspapers regularly. I always vote even for small elections. Right now I am curious how I might be of assistance to my community. Thank you
