11. Please describe why you wish to serve on the Independent Redistricting Commission and share any additional experience, community activities, or other qualifications that make you a strong candidate for the Commission, including, but not limited to, analytical skills, familiarity with the City's neighborhoods and communities, ability to be impartial, and ability to work cooperatively with other potential commissioners. (Max. 1800 Characters, approximately 250-300 words)

I have lived in Long Beach between Bixby Knolls and North Long Beach for 30 years. In addition to raising my children in this community, I have been an entrepreneur all across Long Beach for more than 25 years--what started as a business selling hot dogs on a cart on First and Promenade, expanded to six carts across the city, and a barbecue restaurant across from Poly High School. My business has supported various events such as being a long standing partner with Long Beach Pride, and even the Long Beach Farmers Market. I have been an active member of the Long Beach Masonic Lodge for over 30 years and in My neighborhood, I serve as a leader in our neighborhood watch, and orchestrate all of our events for Collins Neighborhood Watch Association. I have been an active member not only in my community, but in this entire city that I love dearly. I wish to serve on the Independent Redistricting Commission because I have lived here long enough to see the change all across this city, and my experiences will greatly benefit the perspectives and decisions of redistricting. More importantly, I want the city that I love to prosper and be a city everyone continues to love and contribute to.

(Max. 1800 Characters, approximately 250-300 words)

I would like to work on the commission to help ensure the districts accurately represent people of all ethnicities and persuasions and that city resources are fairly distributed. I strongly believe in racial justice and economic fairness for minority communities.

I have lived and worked in Long Beach for over 35 years and have rented in many of its neighborhoods. I have owned a home for 18 years in North LB and recently retired from a long career at a company located in Bixby Knolls.

Having worked as an environmental consultant for over 20 years, I am familiar with data analysis, understanding and interpreting government regulations, and working with municipal governments and agencies. I believe I would be an asset to the commission.

It is important that the redistricting commission has an inclusive voice. As a resident of North Long Beach, I offer a voice with the perspective of my neighborhood. I care about my community and value the opportunity to serve. I'm a graduate student of organizational leadership and change and this knowledge and my experience are a good fit for the redistricting commission. My twenty plus years of professional experience offer analytical skills and the ability to collaborate within diverse environments. I've been a resident of Long Beach since 2009 and I'm familiar with the various neighborhoods.

(Max. 1800 Characters, approximately 250-300 words)

I wish to serve on the Independent Redistricting Commission because I love the city of Long Beach, especially North Long Beach where I have been a proud homeowner for over 25 years. I have a deep and earnest desire to give something back and be involved in my community. I have worked in the customer service field in the printing industry for three decades and I believe that my professional skills can be useful as a team player on this Commission. I hold a bachelor of science in Printing Management and a California Teaching Credential in Adult School Education. I have a reputation for integrity and community service in my neighborhood. I am genuinely interested in making Long Beach one of the best cities in America. I raised my children here in Long Beach and now they are launching out into productive careers of their own. I want other families to be attractive to the city and wish to raise their children here also. My job is flexible enough to allow me sufficient time to attend the required meetings in the evenings and on weekends. I believe in courteousness, cooperation, and consensus in order to come to an agreement for what is best for our community. A large part of my motivation is knowing that I am a part of something that is vital to our city. I have gained so much by living and working in the city of Long Beach that I am committed to "paying it forward."

(Max. 1800 Characters, approximately 250-300 words)

I care about the future of Long Beach. I volunteer and serve (over 5 years) on the Board of the DeForest Park Neighborhood Association, which spans both the 9th & 8th Districts. In addition, I serve as the Junior Warden for the Vestry (Board of Directors) at St. Luke's Episcopal Church in the 1st District. I am invested in at least 3 Long Beach Council Districts. I understand the importance of what redistricting really means. Also, as a member of the LGBT+ community, I can make sure the vision of equity is carried through in this new redistricting phase.

(Max. 1800 Characters, approximately 250-300 words)

I wish to serve on the Independent redistricting comission because I feel everyone's voice should be heard, along with knowing the needs of a city. Coming from a very diverse background from me being homeless to now a Program Manager at my own facility I have gained a broad perspective on the needs of the people. I was raised in Minneapolis,MN during a time where it was thriving. I noticed how where I grew up the crime rate was low because MNPLS was abundant with youth activities. It was a point where the programs were completely cut and the crime rate rose along with drug activity. Sadly around that time I was associated with the wrong crowd, but my father did not want me to be a product of my environment so he sent me off to school because he knew my potentially. While in college stepped away from my environment, and went to a great HBCU in Missouri where I grew wings of confidence. While in School I served as a representative for my organization (Colored Women's Club)in the Student Government Association. I had the experience of writing speech in as well as asking for funds for specific activities. Then fast forward to me graduating, I then moved to the Bay Are where I did alot of community work feeding the homeless while even not having a home of my own, and yes I was a homeless single mother at one point. That point of homelessness helped me to see the bigger need in our cities, being at the lowest of the low. As far as work History i have worked on Skid Row as a Case Manager for the Downtown Women's center and SRO. When coming into full recovery from different experiences I have had it has taught me that this has all built up to me being an agent for change. Long Beach is thriving but what I dont want to witness is Gentrification especially without the youth having the opportunity to get into free programs that would align them with a great future.

Right now I work as a qualified Intellectual Disability Professional and of course I play a key role in supervising staff creating and facilitating activities, and pretty much running all programming, which concludes that yes I may not have years of experience working in this sector however with the broad experience that I have I know the needs, I know Long Beach, and I have gained analytical thinking just through surviving and being in the position I'm in now. I love working with others as a team to coordinate and make things happen. Hope this serves to whom it may concern well.

I have lived in Long Beach since 1999, first in the 2nd district, then buying our first home in the 9th district. I feel I can bring impartiality to the commission as well as a deep ability to see all sides of an argument through empathy and active listening. I live in the Starr-King neighborhood which is a very diverse neighborhood, and my particular street has El Salvadorians, White Europeans, Filipinos, Koreans, and African Americans. We are all very friendly with each other, and look after each other. I feel I can represent the diversity that makes Long Beach such an amazing city to live in. I feel every Long Beach citizen deserves to be represented equally and I would be honored to see that vision come to life.

I have been a recent and home owner in Long Beach for 5 years now, and have grown to love my community. I have seen the city make great strides in fighting homelessness and initiating growth in environmental and water conservation, as well as in small business. I am always looking to give back, as I am currently an active volunteer at Interfaith Food Center in Santa Fe Springs and have been philanthropic with my time since I was in college at CSUF and participant the Gamma Phi Beta sorority and it's alumnae chapters. I think I could give a great prescriptive as a somewhat young homeowner in the Northside and would be happy to see Long Beach continue to shine. Thank you and I wish you all success in this initiative.

(Max. 1800 Characters, approximately 250-300 words)

I would like to be a commissioner because I want to be a part of the solution and not the problem. I have resided in the City since 2010, when I purchased my first home. This is a great way for me to get involved in being a public servant for my community. I am a team player and get along well with others. I am goal protect

I live in North Long Beach which seems to be one of the neglected districts in the City of Long Beach. I understand the importance of redistricting and the affect it can have on a community and I would like to be a part of the change that is occurring. Many of the resources that the community receives or does not receive depends on how this redistricting turns out. Professionally I work in data analytics and education and feel that I can be an asset to the process.

The main reason for applying is that I want to be more involved in my community. For this position, I offer the analytical skills I have gained while working in the not for profit sector for over 20 years. Working for a not for profit exposes you to a wide array of complex problems that not only require analytical thinking but collaboration with other social service agencies and members of the community.

(Max. 1800 Characters, approximately 250-300 words)

My husband and I purchased our home in North Long Beach in April 2009. I was skeptical of living in Long Beach but was reassured by my spouse (who was raised in Long Beach) that it will be fine. I agreed and pulled the trigger to purchase our home. I stand by "it takes a family to create a home". I work in a law office in Irvine, Ca. and my husband works at the California State University of Long Beach. It pains me to see how the area in Irvine, Ca. is so immaculate. It's not just the City of Irvine but the people. I believe that the City of Long Beach can create a better living environment by educating its people. You can create and build beautiful buildings but it takes the people in its City to maintain it. They need to be educated to love their city.

I am very involved with Grant Neighborhood Association as a board member for 4 years. Involved providing a neighborhood cleanup for the our Grant neighbors by sponsoring a dumpster.

Also was a volunteer for LBPD as a Senior Police Partner.

I would love the opportunity to serve on a commission to help give back to the 9th District. I am also wanting to improve my ability to be a better volunteer for the City of Long Beach.

I have lived in this area since 2008 . At times we have faced challenges in my particular neighborhood. I was one of the individuals that was instrumental in getting temporary permit parking in my College Square district when Compton College was under construction and their students were crowding our streets. My experience is not impressive but what is impressive is my tenacity and desire to be a part of this change. It is easy to sit by and complain about issues in our city. It is much harder to commit to being a part of the solution. I see this as my opportunity to serve the community that I call home.

I wish to serve on the Long Beach Redistricting Commission (IRC) to ensure the most equitable access to, and distribution of resources supporting the residents of Long Beach.

I have lived in the city of Long Beach for over 10 years and have worked, volunteered, shopped and dined in many locales all around the city including district nine where I currently reside.

My skills as a project manager will help analyze the demographic information the commission will review to support our recommendations and I am well equipped to work in a collaborative and impartial environment with other like-minded residents.

Let's keep Long Beach a world class city!

My name is [REDACTED] and I am a first generation Samoan-American, born and raised in Long Beach, California. I grew up in the McKinley and Star King neighborhoods of the 9th district, so I am familiar with the neighborhoods and districts of Long Beach. I am proud of my Samoan heritage through my Long Beach roots and I am sure that we will make up 1% of the Long Beach population after the 2020 census (0.8% from 2010 census). Through my Samoan heritage, one of the many important beliefs my parents have taught me is that the pathway to leadership is through service. I help coach youth rugby for the Belmont shore youth rugby club. I protested against police brutality and cleaned up the city after the looting. It was an unfortunate event, but to see many people of different backgrounds, lifestyles and beliefs come together to protest against injustice and to come together again to rebuild Long Beach made me proud to call this city my home. To be apart of this committee would be another way of service to becoming a voice for the Samoan community of Long Beach.

I believe it is the responsibility to serve the community at large and bring diverse perspectives that may foster to all concerned. Civic engagement at the local level brings knowledge to shed light on conditions or situations that may have been overlooked in the past. I feel that open mindedness is essential to growth of communities and the city as well. I would be honored to serve my community in this capacity.

I wish to serve on the Independent Redistricting Commission because I view this as an opportunity to be directly involved in the community in which I live. I have been dissatisfied with politics on a local and national level and would like to be more involved with decision making that directly affects my community. Four generations of my family have lived here in Long Beach. I work in the nonprofit sector securing housing for the unhoused community.

(Max. 1800 Characters, approximately 250-300 words)

I was raised in central Long Beach area by Franklin Jr High and grew there for over 20 years. I am a retired Army NCO and did 2 tours overseas in charge of numerous Soldiers. I bought a house in North Long Beach and have lived there for almost 20 years now. I am an active observer on reporting anything illegal or unsafe to the proper departments via phone and app. I attended meetings when the redevelopment department tore down blocks of houses to build the current new North Long Beach Library. My technical skills are in IT Networking. I was trained in the Army how to troubleshoot, isolate and devise a plan on how to repair issues found. I planned Convoys and kept track of military and non-military assets on dangerous routes in the middle of the night. I attended Long Beach City College and received an AA in Administration of Justice. My children currently attend Riley elementary and Bancroft middle school. I am an active member of the PTA and am currently a member of the executive board as VP of Fundraising. I was also a member of a jury where I was selected as foreman and assisted on getting the whole jury come to an agreed decision in a timely manner. I would love to help Long Beach with this upcoming mission. I also completed Long Beach Police Academy over 20 years ago and resigned after 10 months working on the streets.

(Max. 1800 Characters, approximately 250-300 words)

My 13 years of professional experience in higher education, specifically working with international and undocumented students in the realm of immigration, gives me a particular insight into understanding the needs of a specific population. To me, this closely translates to understanding how a neighborhood can benefit or be severely hindered by an outside entity that may, or may not have its best interests at heart. I wish to serve on this commission to ensure that all Long Beach citizens are made to feel that their voices are heard, are given adequate resources and are not purposefully marginalized for anyone's personal or political gain.

I've had to work within the strictest of federal regulations while ensuring that my university is able to create its own policies and procedures. This has taught me how to successfully work across multiple work groups to get critical projects completed in a timely fashion. I am a people person and think my personality is perfectly suited for a role on the Redistricting Commission.

(Max. 1800 Characters, approximately 250-300 words)

I was raised to always help others in need. As a retired service member I have always felt it my duty to do all I can to help my community and my fellow citizens. It is for that reason that I have taken CERT classes through the fire department and wish to work on the Redistricting Commission. In 2011 I retired from teaching after 27 years. I have been the legislation representative for the Los Angeles Women for Agriculture for five years and am now the presiding officer in Eastern Star, a social and Masonic organization. The skills I have received in all these different areas have given me an eye for detail, an ability to work with people and, to be impartial in my work. This is my city and I have lived here for over thirty years it would be my pleasure to work to make it better.

(Max. 1800 Characters, approximately 250-300 words)

I would like to serve on the Independent Redistricting Commission because Long Beach is at a turning point and in need for change. We need everyone's voices heard.

I am an active member in my city neighborhood association and I participate in many of the UPLAN workshops. I would make a strong candidate because I do my best to gather as much information possible before making decisions. I listen to others and do my best to take everyone's perspective into consideration. I am constantly learning more about Long Beach history and hope that this will help provide me with guidance if I serve.

(Max. 1800 Characters, approximately 250-300 words)

I wish to serve in the Independent Redistricting Commission because as a relatively new member of the community, I think it behooves me to be a part of this process. As a relatively new member of the community, I think it is important that new residents are part of these decisions because that is how communities grow and transform. I know that as a new member, I hope that previous committees also had contributions from younger and relatively new Long Beach members that expressed the same interest in growth and equality in the City as I do now. Since moving to Long Beach, I have been active in my neighborhood association, and have been attending and contributing to the UPLAN development. I think what makes me a strong candidate is because of my analytical skills, which I have developed as a Civil Engineer. As an engineer, I work with multidisciplinary teams and understand the dynamics and cooperation needed for a successful project.

The importance of engaging in our local government has never been greater. I have been a resident of Long Beach for many years, attended CSULB and graduated from CSUDH with a degree in Small Business Administration. I have my own business transcribing minutes for Council and Commission meetings for various municipalities and am eager to work and make a difference for my City. I belong to a non-profit organization, Long Beach Community Table, and as a volunteer, have helped distribute food, clothing and sanitary supplies directly, to those in need in our community and continue to do so. It would be an honor to serve the City I love so much. Thank you.

(Max. 1800 Characters, approximately 250-300 words)

The independent redistricting commission provides local leaders the opportunity to ensure all communities—whether Black Latinx, white, or Asian--are represented by our city council. I was born and raised in Long Beach, California where I lived in Eastside Long beach among my Cambodian Community most of my life. I eventually moved to Northside Long Beach where I graduated from Jordan High School and attended UC Berkeley as 1 of 5 Gates Millennial Scholars from Long Beach Unified School District (LBUSD). I am currently a resident of North Long Beach.

As a public health and community research expert, I have co-lead and designed community health needs assessment focus groups in Long Beach, CA to ensure that at-risk populations have their health needs uplifted. Thus, I have knowledge of our City's neighborhoods and have an awareness of our hard-to-reach populations. I carry a Master of Public Health from Johns Hopkins University specifically in epidemiology and biostatistics where I've used census data to elucidate socioeconomic disparities by census-tract. Therefore, I have technical training to quantify and build statistical inferences using census 2020 data that can help determine what district lines would accurately represent our communities.

I have been organizing communities since I was 17 and continue to be an advocate for equity with an emphasis on uplifting historically excluded populations. I recognize the impact of the redistricting commission and want to ensure that everyone has a fair chance at representation by their local governments. I am able to work cooperatively with potential commissioners and have the ability to hear the perspective of multiple parties, while also supplying empirical evidence to support my argument. I was appointed to the LBUSD condom availability on high school campuses ad-hoc committee where I was able to collaborate and come to consensus with multiple stakeholders.

I bought my home in the city of Long Beach in 2004. Since I bought my home I have come to embrace the culture and diversity that our city celebrates. Being a resident was not just enough to see the effect of change take place so I became a board member in my neighborhood association assuming every role from Treasurer all the way to president and I serve each roll at least a couple of years. I am also alumni from Long Beach's Nighborhood Leadership Program. I love being part of the progressive changes that are taking place in our city and look forward to serving the city and moving forward in a positive direction. I sincerely thank you for your consideration and look forward to serving my neighbors and the City.
