

Luke[®] II

MULTI-SPACE PAY STATION FOR ON-AND OFF-STREET PARKING ENVIRONMENTS

Public and private operators are realizing the benefits of multi-space pay stations: increased revenue, reduced operational costs, and superior customer service, to name just a few. Consumers also enjoy the added convenience, diverse-payment options, and ease of use provided by pay stations. The Luke[®] II pay station is highly secure, flexible, and suitable for both on-and off-street deployments. Luke II fulfills customer service expectations and delivers superior performance and significant contributions to operators' top and bottom line.

Luke II Features For Parkers

- Range of convenient payment options such as coins, bills, credit cards, smart cards, passcards (value cards, campus cards), coupons, and Pay-by-Phone services
- Contactless payments for rapid parking transactions
- Extend-by-Phone service provides expiry reminders and the ability to add time via mobile phone
- Large color screen that is easy to read
- Prompts in multiple languages
- Ability to pay for parking or add time using any pay station in the system
- Coin escrow refunds consumers' money upon a cancelled transaction
- 38-key full alphanumeric keypad for easy license plate entry
- Easily recognizable design identifies machine as a parking pay station

Luke II Features For Parking Operators

- Separate maintenance and collections compartment for enhanced security
- Theft-resistant design to protect coin, bills, and internal components
- Enhanced locking mechanism and electronic lock support for added security
- PCI compliant and PA-DSS validated system ensures credit card data security
- Pay-and-Display, Pay-by-Space, and Pay-by-License Plate on the same pay station
- Remote configuration of rates and policies saves time and money
- Integration with leading parking technology partners for a complete solution
- Flexible rate structures and diverse payment options can increase revenue
- Reduced maintenance and collections costs
- Real-time credit card processing to reduce processing fees and eliminate bad debt
- Real-time reporting and alarming
- Complete audit trail and rich analytics

ABOUT T2 SYSTEMS

T2 Systems is the largest parking technology provider in North America, with more than 24 years in the parking industry and currently serving thousands of parking professionals. T2 integrates the best people, processes, and technology for powerful, high performance, and secure parking solutions. Its open technology and processes are used to manage more than 200 million parking transactions for over 2 billion dollars annually across all 50 states and ten provinces in Canada. Customers rely on T2 for multi-space pay stations, permit management, enforcement, LPR, PARCS, business intelligence, vehicle counting, citation services, and event parking.
