

### eComments Report for Public Safety Meeting Agenda of October 15, 2020

Item	Name	E-mail	Street	Neighborhood	City	State	Zip	Comment	Received
6. (20-1023) Recommendation to receive report from the Fire Department on the recently passed AB 2147 on the California inmate firefighter program.	Robert Wasson	rbrucewasson@yahoo.com						I spent several years incarcerated for drug and alcohol related offenses. The time I spent as an inmate firefighter, on the county and state level, was the only positive contribution I made to society during that time. The hard work, development of teamwork principles and a sense of service to the community served me well in later years. Obviously, my choices and record severely limited my job opportunities. I wish I had the opportunity to pursue a career in wildland fire that this bill will now allow. Respectfully yours, Robert Wasson	10/15/2020
PUBLIC COMMENT	Gretchen Swanson	gretchen.swanson3@gmail.com						Please consider a recommendation for nondeputized city employees e.g. fire, parking or other non-weapon trained personnel to help in the encouragement and enforcement of the mask order. We need wide spread and continuous use of masks for the foreseeable future. We don't need weaponized personnel to be involved in this action; however we do need a plan for this critical community safety regulation.	10/15/2020
